Seacoast And Upland A New England Anthology:

Seacoast and Upland Perry D. Westbrook, 1972 Free Will and Determinism in American Literature Perry D. Westbrook, 2020-08-27 The problem of the freedom or the bondage of the will was brought to this country by the Puritans and it has been one of the unanswerable questions ever since Whereas many other books have been written on Puritanism and on naturalism in their philosophic and theological manifestations this book traces these ideas through our national literature Chapter 1 begins with a brief account of St Augustine's views concerning the will continues with a full discussion of John Calvin's modifications of Augustine's views and ends with a consideration of Puritan concepts of the will as found in the writings of Michael Wigglesworth and Jonathan Edwards The second chapter looks at the subject of the predestinated will in the fiction of Nathaniel Hawthorne Herman Melville and Mary Wilkins Freeman and in the poetry of Emily Dickinson In the succeeding chapter attention is turned to nineteenth century authors actively hostile to the Calvinistic concept of predestination Charles Brockden Brown Harriet Beecher Stowe Oliver Wendell Holmes and Mark Twain The next two chapters then trace the rise of naturalistic determinism and compare and contrast it with the Calvinistic doctrines of predestination and election Focus is later directed on the blossoming of literary naturalism in America in the works of Stephen Crane Frank Norris Jack London and Theodore Dreiser The combining of naturalism with vestigial Calvinism in the novels of Ellen Glasgow and William Faulkner is the next subject of extended discussion In the concluding two chapters attention is turned to libertarian philosophies opposed to predestination and naturalistic determinism including deism transcendentalism pragmatism and humanism The influence of the great Russian novelists is presented and William Dean Howells Henry James Edith Wharton and Willa Cather are discussed as humanistic writers Finally the continuing tension between humanism and scientific determinism is noted in the writings of Ernest Hemingway The themes of the book are illustrated with many examples from the prose and verse of American writers **The New England Town in Fact and Fiction** Perry D. Westbrook, 1982 The author examines the institution and mystique of the New England town as it has impinged upon and molded the American imagination for two hundred years through the works of such writers as Thoreau Dickinson Cheever and Updike **One Woman's Work** Sharon Paiva Stephan, Celia Thaxter, 2001 Discover an unexplored dimension of the life of a popular 19th century gardener poet and personality **Catalog of Copyright Entries.
