Seamus Heaney Eugene O'Brien, 2003-10-20 Thematically arranged and clearly structured this book explores the seminal themes in Heaney's writing aesthetics politics language identity and myth ethics and notions of Irishness A central strand of this study is an exploration of Heaney's ethical and political project with respect to issues of Irish identity as outlined in his writings This work suggests that there are analogies between Heaney's political and ethical thought and that of Jacques Derrida Maurice Blanchot and Emmanuel Levinas Each chapter concentrates on a single theme his sense of the aesthetic and its role in terms of politics and ethics his relationship with politics as a contemporary situation his notion of place both as a given and as something that could be reimagined his enunciation of a sense of visceral identity his concept of ethics in terms of a relationship between selfhood and alterity his notion of the many threads which combine to produce a sense of Irishness Finally the Nobel lectures of Yeats and Heaney are examined in order to trace the complex relationship between these two writers Seamus Heaney's Prose Eugene O'Brien, 2003 Seamus Heaney and the Adequacy of Poetry John

Dennison, 2015 Seamus Heaney's prose poetics return repeatedly to the adequacy of poetry its ameliorative restorative response to the violence of public historical life It is a curiously equivocal ideal and as such most clearly demonstrates the intellectual origins the humanist character and the inherent strains of these poetics the work of one of the world's leading poet critics of the last thirty years Seamus Heaney and the Adequacy of Poetry is the first study of the development of Heaney's thought and its central theme Eschewing the tendency of Heaney critics to endorse or expand on the poet's poetics in largely adulatory terms it draws on archival as well as print sources to trace the emerging dualistic shape redemptive logic and post-Christian nature of Heaney's thought from his undergraduate formation to the expansive affirmations of his late cultural poetics Through a meticulous and wholly new examination of Heaney's revisions to previously published prose it reveals the logical strain of his conceptual constructions so that it becomes acutely apparent just how appropriate that ambivalent ideal adequacy is This book takes seriously the post-Christian frequently religious tenor of Heaney's language explicating the character of his thought while exposing its limits Heaney's belief in poetry's adequacy ultimately constitutes an Arnoldian substitute for indeed an afterimage of Christian belief This is the deep significance of the idea of adequacy to Heaney's thought it allows us to identify precisely the late humanist character and the limits of his troubled trust in poetry

United States through newspapers magazines radio and television programmes and manuscript drafts of key writings now held in the National Library of Ireland Through asserting the significance of the cultural institutional and historical circumstances of Heaney's writing life it offers a re-examination of the writer in public the social lives of the work of art and the questions of obligations and responsibility which Heaney confronted throughout his career Throughout *Seamus Heaney and Society* addresses the nature and singularity of poetry and the ways in which these qualities are asserted challenged and sustained in Heaney's work It demonstrates that despite the cultural standing and the scholarship that already surrounds his writing there is still a great deal to learn about and to learn from Seamus Heaney

Seamus Heaney's Mythmaking Ian Hickey, Ellen Howley, 2023-04-28 *Seamus Heaney's Mythmaking* examines Seamus Heaney's poetic engagement with myth from his earliest work to the posthumous publication of *Aeneid* Book VI The essays explore the ways in which Heaney creates his own mythic outlook through multiple mythic lenses They reveal how Heaney adopts a demiurgic role throughout his career creating a poetic universe that draws on diverse mythic cycles from Greco-Roman to Irish and Norse to Native American In doing so this collection is in dialogue with recent work on Heaney's engagement with myth However it is unique in its wide-ranging perspective extending beyond Ancient and Classical influences In its focus on Heaney's personal metamorphosis of several mythic cycles this collection reveals more fully the poet's unique approach to mythmaking from his engagement with the act of translation to transnational influences on his work and from his poetic transformations to the poetry's boundary-crossing transitions Combining the work of established Heaney scholars with the perspectives of early career researchers this collection contains a wealth of original scholarship that reveals Heaney's expansive mythic mind *Mythmaking* an act for which Heaney has faced severe criticism is reconsidered by all contributors prompting multifaceted and nuanced readings of the poet's work

Cultural Memory in Seamus Heaney's Late Work Joanne Piavanini, 2020-06-17 *Cultural Memory in Seamus Heaney's Late Work* considers the ways that memory functions in Heaney's poetry Joanne Piavanini argues that the shaping of collective memory is one of Heaney's major contributions as a poet Locating Heaney in a transnational literary sphere this book argues that his late work is defined by a type of cosmopolitanism openness the work moves beyond national identity to explore multiple allegiances and identifications Moreover Piavanini demonstrates that memory is a helpful lens to look at Heaney's late work in particular because of the interplay of past present and future in these works in the construction of a collective memory of the Troubles in the use of the elegy to commemorate the passing of important contemporary poets in his writing on events with transnational significance such as 9/11 in the slippages between past and present in poems about his family and through the literary afterlives of texts specifically his appropriation of canonical classical texts Drawing on approaches and concepts from memory studies Piavanini considers Heaney's late work to develop an analysis of poetry as a vehicle of memory

This Strange Loneliness Peter Mackay, 2021-04-15 *This Strange Loneliness* is the first comprehensive account of the poetic relationship between Seamus

Heaney and William Wordsworth Peter Mackay explores how Heaney repeatedly turns to the Romantic poet's work for inspiration, corroboration and amplification and as a model for the fortifying power of poetry itself which offers the fundamental lesson that it is on this earth we find our happiness or not at all. Through an in-depth look at archival materials and at uncollected poems and prose by Heaney Mackay traces the evolution of Heaney's readings of Wordsworth throughout his career, revealing their shared interest in the connections between poetry and education, the possibility of a beneficial understanding of poetic influence, the complexities of place and displacement, ideas of transcendence and ultimately the importance of late style. Later poems by Wordsworth might prove a cautionary tale as well as example for any poet. Placing Heaney's readings within their political, historical and poetic contexts, the book also explores how he negotiated the complex relationship between Irish and British culture and identity to claim a persistent form of kinship and forge a strange community with the Romantic poet. With illuminating readings that reveal new contexts to and currents in Heaney's work, *This Strange Loneliness* is a powerful evocation of the Irish poet's sense of the uplift that poetry can provide.

A Singing Contest Meg Tyler, 2013-11-05 A formal analysis A Singing Contest comprises close readings of Seamus Heaney's poetry. Tyler argues that in an era of fractured poetry and politics, Seamus Heaney stands out; his impulse is towards unity and regeneration. Her book considers the interplay between different kinds of literary tradition and community in his poetry. For Heaney, poetry represents a structure allowing imaginative mediation of conflicts that appear irreconcilable in the social, political and historical realms. By detailed structural analysis of diction, meter, imagery and generic form, Tyler illustrates how Heaney's poems create concords from discords, unities from fracture. From the preface by Rosanna Warren, A Singing Contest is written with imaginative and emotional urgency and in some large sense, as it examines Heaney's spells, it seems itself to want to cast a spell against death. Hence Tyler's return in various ways to readings of elegy, whether the fictive elegies of classical pastoral poems or Heaney's personal elegies. She pores in detail over Clearances, the sonnet sequence composed in memory of the poet's mother in *The Haw Lantern*, and she concludes her book with a chapter on literary elegies. Heaney's farewells to his friends and admired contemporaries, Ted Hughes, Zbigniew Herbert and Joseph Brodsky. In these analyses, one sees the wholeness of Tyler's project, her argument that for Heaney, literary tradition itself, rightly received and transformed, reaches into the voids made by death and establishes connection across rupture. Her thesis is an ancient one and she gives it particular shape and force in asking us to contemplate it at work in Heaney, where it binds individual to collective experience and past to present.
