Critical Essays on Seamus Heaney Robert F. Garratt, 1995 Aldous Huxley 1894-1963 was one of the most widely read philosophical novelists and essayists of the mid 20th century His works such as *Brave New World* *Antic Hay* and *Point Counter Point* became household names during a historical period hardly known for its celebration of intellectual prowess Huxley was one of the great comic writers of modern British letters although his dystopian novel *Brave New World* suggests his vision was often as dark as it was antic This study provides selections of many important essays published after 1977 in journals the world over

Seamus Heaney Blake Morrison, 1982 In recent years Seamus Heaney has earned the reputation of being the most important Irish poet since Yeats Blake Morrison in the first serious study of his career to date identifies the central characteristics of his achievement uncovering the sources of his poems placing his work within both Irish and Anglo American traditions and explaining his poetry's complex relation to the current political troubles in Northern Ireland A lively personal but carefully researched account by a writer who is himself a poet and critic this book forcefully challenges some of the myths surrounding Heaney's work and places it in proper perspective

Seamus Heaney Floyd Collins, 2003 This book traces Nobel laureate Seamus Heaney's development as a poet from his first book of poetry through his most recent *Electric Light* Each chapter examines a particular phase of Heaney's poetic career with close careful

readings of those poems that best dramatize his crisis of identity Seamus Heaney Richard Rankin Russell, 2016-09-13 The first detailed introduction to the entirety of Seamus Heaney's work. This study will enable readers to gain clearer understanding of the life and major works of Seamus Heaney. It considers literary influences on Heaney ranging from English poets such as Wordsworth, Hughes and Auden to Irish poets such as Kavanagh and Yeats to world poets such as Virgil and Dante. It shows how Heaney was closely attuned to poetry's impact on daily life and current events even as he articulated a convincing apologia for poetry's own life and integrity. Discussing Heaney's deep immersion in Irish Catholicism, this book demonstrates how faith influenced his belief system, poetry and politics. Finally, it also considers how deeply Heaney's artistic endeavours were intertwined with politics in Northern Ireland, especially through his embrace of constitutional nationalism but rejection of physical force republicanism.

Key Features: Includes sections on biography, historical, cultural and political contexts, poetry and other genres as well as a concluding section on primary works and secondary criticism. Pays special attention to the marriage of form and content in the poetry and how they work together to express subtle shades of meaning. Offers close readings of Heaney's canonical poems throughout his career, including the early seminal poems such as *Digging*, the abog poems and his many elegies such as *Casualty*, *Station Island* and *Clearances*. Draws on drafts of the poems and prose at the Heaney archives at Emory University and the National Library of Ireland.

"The Soul Exceeds Its Circumstances" Eugene O'Brien, 2016-11-15 The *Soul Exceeds its Circumstances* brings together sixteen of the most prominent scholars who have written on Seamus Heaney to examine the Nobel Prize winner's later poetry from a variety of critical and theoretical perspectives. While a great deal of attention has been devoted to Heaney's early and middle poems, the *Bog Poems* in particular, this book focuses on the poetry collected in Heaney's *Seeing Things* (1991), *The Spirit Level* (1996), *Electric Light* (2001), *District and Circle* (2006) and *Human Chain* (2010) as a thematically connected set of writings. The starting point of the essays in this collection is that these later poems can be grouped in terms of style, theme, approach and intertextuality. They develop themes that were apparent in Heaney's earlier work but they also break with these themes and address issues that are radically different from those of the earlier collections. The essays are divided into five sections focusing on ideas of death, the later style, translation and transnational poetics, luminous things and gifts, and usual and unusual spaces. A number of the contributors see Heaney as stressing the literary over the actual and as always looking at the interstices and positions of liminality and complexity. His use of literary references in his later poetry exemplifies his search for literary avatars against whom he can test his own ideas and with whom he can enter into an aesthetic and ethical dialogue. The essayists cover a great deal of Heaney's debts to classical and modern literature in the original languages and in translations and demonstrate the degree to which the streets on which Heaney walked and wrote were two-way: he was influenced by Virgil, Petrarch, Milosz, Wordsworth, Keats, Rilke and others and in turn had an impact on contemporary poets. This remarkable collection will appeal to scholars and literary critics, undergraduates as well as graduate students and to the

many general readers of Heaney's poetry **On Seamus Heaney** Robert Fitzroy Foster, 2020-08-25 Seamus Heaney was the leading Irish poet of the second half of the twentieth century and after W B Yeats arguably the most significant poet in the history of Irish literature. When he died in 2013 the public reaction in Ireland was extraordinary and the outpouring of feeling decisively demonstrated that he occupied an exceptional place in national life. The words of his last message to his wife *Noli timere* 'Don't be afraid' appeared over and over again on social media while key phrases from favourite poems became and have remained canonical. In this short book conceived for the Writers on Writers series historian Roy Foster offers an extended and largely chronological reflection upon Heaney's life work and historical context from the poet's origins in Northern Ireland and the publication of *Death of a Naturalist* in 1966 through the explosive impact of his 1975 collection *North* and then into his years as a world poet and an Irish writer with a powerful influence on English literature generally. Foster considers virtually all of Heaney's major output including later volumes such as *The Spirit Level* and *Human Chain* as well as Heaney's translation of *Beowulf* and his renderings from Virgil. Throughout the book Foster conveys something of Heaney's charismatic expansive and subtle personality as well as the impact of his work in both the USA and in Europe. Certain themes emerge throughout such as the way Heaney maintained a deceptive simplicity throughout his writing career his relations with classical literature and the poetry of dissidence in Eastern Europe and the increasing presence of the unseen and even spiritual in his later work. Foster also highlights Heaney's importance as a critic and the largely unacknowledged ways in which his own trajectory echoed that of the life and work of Yeats. Though Heaney evaded direct comparisons with his Nobel prizewinning predecessor he personified the quality which he attributed to Yeats the gift of establishing authority within a culture. Both poets made a challenging and oblique use of autobiography and personal history in their work and both sustained a very particular and sometimes contested relation to the life of their country. Foster shows us that Heaney like Yeats came to personify and express the Ireland of his time with unique force and resonance **Seamus Heaney** Ronald Tamplin, 1989 **Seamus Heaney and the Place of Writing** Eugene O'Brien, 2002 An original and innovative study of Seamus Heaney's poetry and prose an overdue and welcome addition the first piece of groundbreaking scholarship that I have read on the subject in years. It should convince many that Heaney has been working toward an imaginative expression of Irishness that rivals that of James Joyce. Michael R Molino Southern Illinois University. Exceptional. With a mixture of insightful literary theory and first rate scholarship O'Brien breaks new ground. This is one of the best books I've read in a long time and deserves to be on the shelf of anyone who values Heaney Irish literature or contemporary poetry. Shawn O'Hare Carson Newman College. Eugene O'Brien's critical study examines the attitude toward place and home in the works of Seamus Heaney. He looks at the political role of Heaney's writing and argues that his complex engagement with these issues creates a pluralist and emancipatory sense of Irish identity predicated on the future rather than mired in the past. O'Brien's is the first book to trace an isolated theme in Heaney's work in this case its creation of a politics of place.

language and identity Unlike chronological studies of Heaney's poetry O'Brien explores important elements in his entire oeuvre from his poetry and prose to translations such as the recent best selling edition of Beowulf that relate to the issue of writing and identity strident nationalism tribal identification political ideology and postcolonial poetics in particular The first sustained engagement between literary theory and the work of Heaney the book connects the ethical projects of Heaney and Derrida in terms of their views on the relationship between self and other and between the present and the past O'Brien's close reading of Heaney's poems results in a wealth of original arguments for example his examination of the Irish poet's most famous book North views it as opening a dialogue with other traditions Another unique emphasis is on the Viking influence on his work Finally O'Brien examines the relationship between Heaney's texts and the violence in Northern Ireland that has been the environment of much of his writing The most contemporary study of Heaney's writings to date it extends to Electric Light and The Midnight Verdict this book weaves critical theory and criticism breaking with previous scholarship to present a reading of Heaney that extends far beyond moments of inspiration and symbolism to reach the very notion of identity and the individual's relationship to the past and present Eugene O'Brien is professor of English at Mary Immaculate College University of Limerick *The Place of Writing* Seamus Heaney, 1989
