Sean Scully Sean Scully, Tiffany Bell, 2009 Throughout his critically acclaimed 30 year career Irish American artist Sean Scully has invigorated abstract painting with an enduring investigation of its ability to convey universal truths about the human condition Both recalling and demystifying Modernist traditions Scully employs a deceptively reductive vocabulary horizontal and vertical bands of colour and the interplay of light and shadow draw in and envelop the viewer In the contrasts between colours whose boundaries meet with precision and restraint Scully communicates a duality of harmony and fracture mirroring the vulnerability of human relationships This superbly illustrated volume brings together a collection of 22 of Scully's recent oil paintings including works from the Wall of Light and Robe series alongside a number of watercolours and drawings subtle compositions that both complement and underscore the larger works **Artist File** Sean Scully, 1970
