of the original *The Countess of Lowndes Square and Other Stories* by E F Benson      **Recovering the Canon** David Neal Miller, Isaac Bashevis Singer, 1986      **The Supernatural and Fantastic in Short Detective Fiction** Laird R.

Blackwell, 2020-10-30 Although fantasy and supernatural literature have long and celebrated histories many critics contend that the fantastic and the supernatural have no place in the logical rational world of the detective story This book is the first extensive study of the fantastic in detective fiction and it explores the highly debated question of whether detective fiction and the fantastic can comfortably coexist The locked room mystery which often uses the fantastic as a red herring to eventually be debunked by reason and logic has long been among the most popular subgenres of detective fiction This book also explores stories featuring almost supernaturally gifted detectives stories where the supernatural is truly encountered and stories with ambiguous endings Close to 500 detective stories from 1841 to 2000 in which the fantastic or supernatural plays a central role are discussed and analyzed Although not all the stories are judged to be successful as detective tales in the great majority the fantastic enlivens the tale and deepens the mystery without weakening the detective elements

its changing historical fortunes The dictionary includes cross referenced entries on more than 700 authors ranging across the entire historical spectrum while more than 200 other entries describe the fantasy subgenres key images in fantasy literature technical terms used in fantasy criticism and the intimately convoluted relationship between literary fantasies scholarly fantasies and lifestyle fantasies The book concludes with an extensive bibliography that ranges from general textbooks and specialized accounts of the history and scholarship of fantasy literature through bibliographies and accounts of the fantasy literature of different nations to individual author studies and useful websites

*Fear of Fiction* David Neal Miller, 2012-02-01 David Neal Miller s *Fear of Fiction* is the first book length study that begins with the understanding that Singer is truly a Yiddish writer in language and culture With the exception of a handful of articles American critical examination of Isaac Bashevis Singer s work has been devoted to Singer s work in English to those pieces he himself has selected for translation This American Nobel laureate is part of a long tradition of Yiddish literature and he still writes in that language Working exclusively with Singer s Yiddish texts many of the pieces discussed here are not available in English Miller examines Singer s narrative strategies his blurring of the distinctions between fiction and reportage *Fear of Fiction* captures an intriguing paradox of Singer s writing Singer fictionalizes the factual and historicizes the imaginative Miller demonstrates that Singer is no inspired innocent but that this blending of genres is the work of a craftsman who uses genre to mediate between the world and the imagination The book is enriched by Miller s careful and sensitive translations of many illustrative Yiddish passages *Fear of Fiction* is both erudite and entertaining Miller not only examines Singer s skillful

undermining of our expectations of different genres but also draws the reader into Singer's work as a whole. This book will fascinate both the scholar and the sophisticated reader of Singer.
