Bartholomew, 2020-01-21 Did the decisive event in the history of Israel even happen The Bible presents a living God who speaks and acts and whose speaking and acting is fundamental to his revelation of himself God s action in history may seem obvious to many Christians but modern

philosophy has problematized the idea Today many theologians often use the Bible to speak of God while at best remaining agnostic about whether he has in fact acted in history Historical revelation is central to both Jewish and Christian theology Two major events in the Bible showcase divine agency the revelation at Sinai in Exodus and the incarnation of Jesus in the gospels Surprisingly there is a lack of serious theological reflection on Sinai by both Jewish and Christian scholars and those who do engage the subject often oscillate about the historicity of what occurred there Craig Bartholomew explores how the early church understood divine action looks at the philosophers who derided the idea and finally shows that the reasons for doubting the historicity of Sinai are not persuasive The God Who Acts in History provides compelling reasons for affirming that God has acted and continues to act in history [The Mysterious Gods of Egypt](#) Norah Romney,2021-02-12 At the beginning of time there was only Nun the primeval waters of chaos then in a great flood the Sun got interned rose from the water and willed himself into creation Atum then created Ayr a son he named shu and moisture a daughter he named Tefnut They were the first divine pair and soon had children of their own The earth named gab and the sky called nut the second divine pair then had four children Osiris Isis Seth and Neftis They were completing the group of nine primeval gods known as the Ennead Osiris then married his sister Isis and the two ruled over Egypt together in an unprecedented time of peace and prosperity however they re jealous brother Seth desired the throne for himself and murdered Osiris dismembering his body scattering the parts across the land Isis then searched for the pieces of her husband s body and with the help of her sister Nephthys was eventually able to collect them with the help of the scholar god Thoth and the funeral god Anubis Isis was able to reconstruct Osiris creating the first mummy Osiris impregnated Isis after his resurrection however he was too weak to remain in the world instead of traveling to the Duat the Land of the Dead where he became Lord Seth then took the throne for himself forcing Isis to flee and give birth to her son Horus in hiding She raised Horus until he was an adult and able to challenge his uncle Seth for the throne After a violent contest the case was settled in a divine legal trial hosted by the Ennead Acting as judge was Geb the God of the earth who ruled in favor of Horus who then took his rightful place as king of Egypt Future Pharaohs claimed descent from Horus with it being this divine ancestry that gave them the right to rule Amun the hidden one was the foremost God of Egypt thought to be the invisible force behind all things even creation itself unlike other gods linked to only one aspect of the world the sky the earth or the Sun Amun was a universal God who had links to all parts of the cosmos his prominence also increased as he absorbed other gods throughout Egyptian history taking on their roles and powers The most important of these was his merger with the Sun God Ra combining to become Amon Ra In this role he became linked with the Sun an essential part of the Egyptian world In this combined state Amon Ra rose to prominence becoming Egypt s chief deity and the king of the Gods Amon became so widely worshipped that he came close to becoming the sole deity of Egypt The other gods merely being aspects of his great power Osiris judge of the Dead and King of the underworld was one of the most respected ancient Egyptian gods His death and resurrection story inspired the Egyptians

to follow in his footsteps and seek immortality for themselves The elaborate tombs and burial rituals found in ancient Egypt were all built in search of this goal with the funerary practices being done to aid the spirit in its journey through the underworld Pharaohs and wealthy Nobles could afford more elaborate burials with trinkets and spells to help them in their journey but the average Egyptian could survive the underworld as well

Prophets, Gods and Kings in Sirat Sayf ibn Dhī Yazan Helen Blatherwick,2016-05-09 This book is a literary intertextual study of an Egyptian popular epic In this innovative study Helen Blatherwick investigates how various sources including Islamic qī al anbiy tales of the prophets Pharaonic Graeco Roman and Coptic Egyptian myths and narratives and recensions of the Alexander Romance function as intertexts within S rat Sayf Blatherwick argues that these intertexts are deployed as narrative devices which are readily recognisable to the story s audience and that they are significant carriers of meaning and theme Crucially these intertexts also interact within S rat Sayf to bring a conceptual continuity to its discussion of kingship and society that stretches from this late medieval epic back to ancient Egyptian narratives

Torah and Nondualism James H. Cumming,2019-12-15 Torah and Nondualism is a commentary on the Torah or Pentateuch meaning five books written in the form of five essays one for each book It reconciles modern biblical scholarship with the Jewish hermeneutical techniques recorded in the Zohar and shows that the meanings these interpretive techniques reveal are so consistent and illuminating throughout the Bible that they must have been intended by its redactors By combining these traditional methods with modern insights the book uncovers hidden themes in the Bible that other commentaries have overlooked Specifically Torah and Nondualism discovers a syncretistic subtext in the Pentateuch aimed at reconciling two religious cultures one rooted in Egyptian esoteric tradition and the other in Canaanite mythology and practice In later times these two religious cultures corresponded roughly to two rival kingdoms Judah and Israel The Torah ingeniously harmonizes this spiritual and political rift When this subtext is fully appreciated it is recognizable in all the Torah s most obscure rituals Even those priestly rites associated with temple worship are understandable The bitter rebellion against Moses and Aaron s leadership is presented in terms of the Torah s effort to harmonize conflict sometimes by demanding great personal sacrifice

Illustrated to make the complexities of scribal hermeneutics readily accessible to the nonexpert Torah and Nondualism requires no prior knowledge of Hebrew and introduces the reader to an esoteric level of Bible interpretation previously known only to a small group of trained Hebrew scribes Its intelligent and well supported analysis promises to change the way you think about the Bible
