to accomplish in the course of contributing to that campaign He considers IAF operations in the larger context of the numerous premises constraints and ultimate errors in both military and civilian leadership strategy choice that drove the Israeli government's decisionmaking throughout the counteroffensive He also examines the IDF's more successful operation against the terrorist organization Hamas in the Gaza Strip in December 2008 and January 2009 to provide points of comparison and contrast in the IDF's conduct of the latter campaign based on lessons learned and assimilated from its earlier combat experience in Lebanon Publisher description *Cumulative Paperback Index, 1939-1959* R.
