Moving on Susan S. Kissel,1996 A background synthesis freshly discussing the work of Chopin McCullers O Connor Mitchell and Welty leads to extended treatment of the novels of Shirley Ann Grau whose protagonists keepers of the house remain their fathers daughters of Anne Tyler whose characters are fatherless and homeless at home and Gail Godwin whose daughter heroines learn the necessity of autonomy **The Temporal Horizon** Karin Linton,1989 This dissertation studies the theme of time in Anne Tyler s fiction and centres specifically on how Jeremy Pauling in *Celestial Navigation* Justine Peck in *Searching for Caleb* Cody Tull in *Dinner at the Homesick Restaurant* and Macon Leary in *The Accidental Tourist* respond to the losses brought about by the passage of time The introduction establishes similarities between Tyler s emphasis on change the passage of time and reactions to change and Paul Fraisse s focus on temporally organized behaviour the three interrelated perspectives of the past the present and the future The temporal horizon is used in this dissertation as a key to interpreting the temporal awareness of Tyler s characters and their behaviour in adapting to change It is often memories of crises such as unexpected death or desertion which predominate the protagonist s temporal outlook at the expense of the present and the future protagonists is to free themselves from the past and discover a greater significance in the present and the future With the exception of Jeremy Pauling they finally succeed in altering the hold of the past and as a consequence of this shift of vision a better balance between their three temporal perspectives is achieved dissertation indicates that the majority of her protagonists in the end reach a moment of buoyancy when at least temporarily in control of time they apparently trust in the possibility of altering their situations Because of this anticipation they also modify their behaviour and take steps to give their futures a new direction While it may be an open question where the passage of time may lead them the thesis indicates that in many of Anne Tyler s novels the endings seem suggestive of affirmative change **Critical Essays on Anne Tyler** Alice Hall Petry,1992 This collection of critical writing on Anne Tyler consists chiefly of published interviews personal statements reviews and articles with three previously unpublished articles **Ritual Passages and Narrative Structures** Langdon Elsbree,1991 This book explores the homology between ritual passages and narrative structures The ways that rites of passage particularly their liminal stage correspond with narrative structures and the advantages of these correspondences for literary criticism and analysis are the central arguments of this study Drawing on a wide range of examples mainly from 19th and 20th Century English and American literature it concentrates on the middle stage of liminality where the identity themes the implications of choice and the values in conflict emerge most clearly Drawing on recent work in anthropology and the other social sciences it suggests new perspectives for understanding the relationships between rite and story and between art and life **Harlequin Heartwarming May 2016 Box Set** Rula
