Echoes from Eternity Arvin S. Gibson, 1993 *Echoes from Eternity* extends the research work commenced with the best selling book *Glimpses of Eternity* into new areas More than twenty new firsthand accounts of persons who died entered the Spirit World and returned are reported Scientists call such events near death experiences NDEs Sixty eight case studies are documented and analyzed for unusual patterns and parallels with LDS scriptures the author s continuing research confirms previous findings and also reveals new and unexpected insights Several of those who experienced NDEs tell of having seen themselves

in a pre mortal environment making choices about their future life on earth Some children t experiences are recorded and their innocence and candor sheds additional light on the subject of death and the hereafter Some of the interviewed individuals went through extensive NDEs and their vivid recollections are described in detail the first part of the book documents recorded interviews of the persons who traveled beyond the veil of this life and returned Their accounts are recorded in full without editorial comment In the second part of the book those experiences are analyzed by the author based on his extensive previous research in this area and in the context of LDS scriptures and teachings These two approaches combine to make a powerful witness that life after death is not to be feared One lady whose account is typical of many of the responses said I don t think people should be afraid of dying I ve lost all fear of death since my experience This book makes a major contribution to the field of near death research and it answers many questions about this life and the life to come Questions about pre mortal choices the role of pain in mortal experience the effect improper choices made in this life have on one s post mortal existence the healing power of the Savior s love and the continuation of family life in the hereafter are thoughtfully examined What emerges with clarity is a strong message of love hope and eternal growth

The Intense Reality of Eternity John Carpenter,2020-09-16 Mankind has pondered the existence of life beyond death for centuries Religions propose a variety of interesting but differing beliefs So what does actually happen Initially science assumed it was some kind of neurological process sparking memory fragments at the moment of death Having studied thousands of firsthand experiences science now finds undeniable credibility and fascinating patterns of details that cannot be easily dismissed These witnesses are from various cultures and countries around the world yet they report the same types of visual auditory and sensory details People blind since birth are seeing and testifying to the same sights that sighted people are also reporting Preschool children are claiming the same experiences as mature educated worldly individuals Atheists are stunned into becoming devoted to God What is going on Author John Carpenter returns with his third book providing the reader with a breath taking and inspirational journey through three realms of the afterlife Instead of recounting hundreds of individual tales as in other books he constructs a unique experience by orchestrating one composite journey illustrated by hundreds of firsthand witnesses Crafting the fascinating pieces of their testimonies into a masterful flowing collection creates an unforgettable journey for the reader Masterminding this jigsaw puzzle of credible experiences takes the reader where no other book has gone before But it can be intense in its joy love and beauty or its nightmarish and dark terrors Be not afraid Learn the truth of what people are reporting so that you can navigate your own spiritual journey wisely toward your future place in eternity

Eternal Consciousness John S. Dunne,2012 In his new book John S Dunne asks So what is eternal consciousness It is I take it consciousness of the eternal in us If time is a changing image of eternity as Plato says the changing image of the human being is like The Voyage of Life four paintings by Thomas Cole showing childhood youth adulthood and age The eternal in us is the person going through these phases It is the vertical dimension of the life as in the

title scene of War and Peace where Prince Andre lay on the battlefield looking up into the peaceful sky perceiving peace in the midst of war If the horizontal dimension is time and the vertical dimension is eternity then eternal consciousness is awareness of the vertical dimension What is more the vertical dimension carries through the horizontal as the person walks through life upright instead of being dragged through in quiet desperation Willingness and hope accordingly is willingness to walk through upright with hope in the face of death and darkness from the book What can I know What should I do What may I hope Dunne explores these questions in his characteristic hermeneutic method finding the answer in the words of eternal life John 6 68 It is the life of the spirit that is the eternal in us the inner life of knowing and loving the life of hope and peace and friendship and intelligence If there were no eternal consciousness in a man Kierkegaard says what then would life be but despair John Dunne adds if there is eternal consciousness in us on the other hand there is hope To readers of John Dunne s books Eternal Consciousness will be the latest installment chronicling his spiritual journey to readers new to Dunne s oeuvre it will be a lively introduction to the distinctive voice and thought of an inspiring author As action grows more frantic and voices more shrill in this age of terror John Dunne s wisdom born of Eternal Consciousness shows us and leads us into our true selves never unloved never abandoned willing to walk on with God through life into the very gateway of death itself Jon Nilson Loyola University Chicago

Life After Death Deepak Chopra, M.D.,2008-09-16 What happens to the spirit after the body dies In Life After Death Deepak Chopra draws on cutting edge scientific discoveries and the great wisdom traditions to provide a map of the afterlife He tells us there is abundant evidence that the world beyond is not separated from this world by an impassable wall in fact a single reality embraces all worlds all times and places A must read for everyone who will die Candace B Pert Ph D author of Molecules of Emotion A penetrating and insightful investigation into the greatest mystery of existence This is an important book because only by facing death will we come to a deeper realization of who we are Eckhart Tolle author of A New Earth and The Power of Now If I had any doubts about the afterlife I don t have them anymore Deepak Chopra has cast his inimitable light on the darkened corners of death I think this is his greatest contribution yet Marianne Williamson author of The Age of Miracles and The Gift of Change
