Searching For Certainty:

Searching for Certainty Shelly Miller, 2020-10-13 We all long for certainty in life yet things often don't go as we expect. When facing illness, job loss, strained relationships and other struggles, our impulse is to question God and strive to fix things ourselves. In this book, Shelly Miller, a trusted ministry leader, explores how difficult times can actually be purposeful times of spiritual growth. Weaving the exodus story from the Bible with her own story, she shares how to focus on God rather than trying to overcome challenges in our own limited strength. Each chapter features a simple spiritual practice to help us enjoy the peace and security that is only possible through Christ. Uncertain seasons will soon be translated as an aha instead of an oh no.

Searching for Certainty Jerry Stafford, 2013-05 When we were children in the Oklahoma hills, one of our pastimes was to pick the petals from a sunflower bloom or a daisy while saying with each petal, "She loves me, she loves me not." Thankfully, we don't have to do those kinds of things to determine whether or not God loves us, because there is a way of knowing. That is through the knowledge gained by experiencing a personal relationship with Jesus Christ, His Son. How can we know? How can we confirm our experience in Christ? There are some ways we can know. Hopefully, some of these can be revealed in this attempt to describe a Christian Experience. During my more than fifty years in the ministry, I have heard many say they were not sure if they were saved, and I have seen others who claimed to be born again but denied it by their behavior. John makes it very clear in his writings in chapter five, verse twelve: "He just simply says if you have Christ, you're saved; if you don't, you aren't. Are you saved? Are you certain?"

Searching for Certainty John L. Casti, 1993-04-08 The Collected Works of J. Krishnamurti Jiddu Krishnamurti, 2007 **The Art of Listening** J. Krishnamurti, 2022-09-09

This comprehensive record of Krishnamurti's teachings is an excellent, wide-ranging introduction to the great philosopher's thought. With among others Jacob Needleman, Alain Naude, and Swami Venkatasanananda, Krishnamurti examines such issues as the role of the teacher and tradition, the need for awareness of cosmic consciousness, the problem of good and evil, and traditional Vedanta methods of help for different levels of seekers.

Smart Surveillance Ric Simmons, 2019-08-22 Over the last decade, law enforcement agencies have engaged in increasingly intrusive surveillance methods, from location tracking on cell phones to reading metadata off of e-mails. As a result, many believe we are heading towards an omniscient surveillance state and irrevocable damage to our privacy rights. In *Smart Surveillance*, Ric Simmons challenges this conventional wisdom by taking a broader look at the effect of new technologies and privacy, arguing that advances in technology can enhance our privacy and our security at the same time. Rather than focusing exclusively on the rise of invasive surveillance technologies, Simmons proposes a fundamentally new method of evaluating government searches based on quantification, transparency, and efficiency, resulting in a legal regime that can adapt as technology and society change.

A Search for Truth Ernest J. Honigmann, 2016-08-03 The genesis of this book was in 1957 when the author was rejected from a loving courtship because he did not believe in the existence of God. To quell the pain and to understand what had happened to him, he researched the

evidence as to why people believe that God exists The result was this book a predominance of evidence in favor of atheism Further the author found that truth should always be held provisionally not permanently pending discovery of new evidence and insights For example the author s atheism is provisional His search also brought a tough new world If God does not exist we need new concepts for the meaning of life the basis of morality and our unalienable Rights to Life Liberty and the pursuit of Happiness This book offers his solutions to those problems And one more thing The author s recommendation in his final chapter for a new way to search for religious truth forms the most exciting part of this book and possibly the most prophetic Now in 2016 50 years after it had been offered to the world and rejected by the publishers as a threat to their own interests our society has come of age And this book with its eye opening freshness still intact is finally yours to learn from and to enjoy
