Searchlight The Camp That Didn't Fail:

Searchlight Harry Reid, 2007-11-05 Deep in the desolate Mojave Desert in Nevada's extreme southern tip lies a small mining town called Searchlight. This meticulously researched book by Searchlight's most distinguished native son recounts the colorful history of the town and the lives of the hardy people who built it and sustained a community in one of the least hospitable environments in the United States. Its story encompasses both Nevada's early twentieth century mining boom and the phenomenal growth of southern Nevada after World War II. Searchlight is a valuable contribution to the history of Nevada and a lively account of life in the forbidding depths of the Mojave Desert.

The National Road Tom Zoellner, 2021-11-30 This collection of eloquent essays that examine the relationship between the American landscape and the national character serves to remind us that despite our differences, we all belong to the same land. Publishers Weekly: How was it possible I wondered that all of this American land in every direction could be fastened together into a whole? What does it mean when a nation accustomed to moving begins to settle down when political discord threatens unity and when technology disrupts traditional ways of building communities? Is a shared soil enough to

reinvalidate a national spirit From the embattled newsrooms of small town newspapers to the pornography film sets of the Los Angeles basin from the check out lanes of Dollar General to the holy sites of Mormonism from the nation's highest peaks to the razed remains of a cherished home like a latter day Woody Guthrie Tom Zoellner takes to the highways and byways of a vast land in search of the soul of its people By turns nostalgic and probing incisive and enraged Zoellner's reflections reveal a nation divided by faith politics and shifting economies but more importantly one united by a shared sense of ownership in the common land

Saints, Sinners, and Sovereign Citizens John L. Smith, 2021-03-18 Listed as one of the Reno News Review s New Books from Nevada Authors December 29 2021 The grazing rights battle between Nevada rancher Cliven Bundy and the federal government resulting in a tense armed standoff between Bundy s supporters and federal law enforcement officers

garnered international media attention in 2014 *Saints Sinners and Sovereign Citizens* places the Bundy conflict into the larger context of the Sagebrush Rebellion and the long struggle over the use of federal public lands in the American West. Author John L. Smith skillfully captures the drama of the Bundy legal tangle amid the current political climate. Although no shots were fired during the standoff itself, just weeks later self-proclaimed Bundy supporters murdered two Las Vegas police officers and a civilian. In Eastern Oregon, other Bundy supporters occupied the federal offices of the Malheur National Wildlife Refuge, and one of them died in a hail of bullets. While examining the complex history of federal public land policies, Smith exposes both sides of this story. He shows that there are passionate true believers on opposite sides of the insurrection, along with government agents and politicians in Washington complicit in efforts to control public lands for their wealthy allies and campaign contributors. With the promise of billions of dollars in natural resource profits and vast tracts of environmentally sensitive lands hanging in the balance, the West's latest range war is the most important in the nation's history. This masterful exposé raises serious questions about the fate of America's public lands and the vehement arguments that are framing the debate from all sides.

World War II and Nevada Charles Weller, 2024-05-28 *World War II and Nevada* is an in-depth examination of the state's role in the war. Nevada's geographic location, land, sky, mineral resources, and the sacrifices of its people were crucial to victory and transformed the state. The war brought the first significant development of the gaming industry, the introduction of a huge permanent military presence, the diversification of its population, and a shift in political and economic power within the region. Nevada's previously unexamined role in the internment of Japanese Americans is explored, and so too is the role of women and minority groups in support of the war. The book concludes with a comprehensive list of those killed, wounded, or made prisoners of war during the conflict. Weller provides the most thorough analysis of Nevada's war effort to date, and historians will find the book a valuable addition to their World War II history collections.
