Seascape and the American Imagination Roger B. Stein,1975 *SEASCAPE AND THE AMERICAN IMAGINATION*. ,1975 **Seascape and the American Imagination by Roger B. Stein** Whitney Museum of American Art (N.Y.),1975

Writing North America in the Seventeenth Century Catherine Armstrong,2016-12-05 Since the first permanent English colony was established at Jamestown Virginia in 1607 and accounts of the new world started to arrive back on the English shores English men and women have had a fascination with their transatlantic neighbours and the landscape they inhabit In this excellent study Catherine Armstrong looks at the wealth of literature written by settlers of the new colonies adventurers and commentators back in England that presented this new world to early modern Englanders A vast amount of original literature is examined including travel narratives promotional literature sermons broadsides ballads plays and journals to investigate the intellectual links between mother country and colony Representations of the climate landscape flora and fauna of North America in the printed and manuscript sources are considered in detail as is the changing understanding of contemporaries in England of the colonial settlements being established in both Virginia and New England and how these interpretations affected colonial policy and life on the ground in America The book also recreates the context of the London book trade of the seventeenth century and the networks through which this literature would have been produced and transmitted to readers This book will be valuable to those with interests in colonial history the Atlantic world travel literature and historians of early modern England and North America in general **Seascapes and the American Imagination**

Whitney Museum of American Art,1975 *Seascape and the American Imagination* Roger B. Stein,1975 **The Sea in the Literary Imagination** Ekaterina V. Kobeleva,Ben P. Robertson,Shannon W. Thompson,2019-01-03 This collection explores nautical themes in a variety of literary contexts from multiple cultures Including contributors from five continents it emphasizes the universality of human experience with the sea while focusing on literature that spans a millennium stretching from medieval romance to the twenty first century reimagining of classic literary texts in film These fresh essays engage in discussions of literature from the UK the USA India Chile Turkey Spain Japan Colombia and the Caribbean Scholars of maritime literature will find the collection interesting for the unique insights it offers on individual literary texts while general readers will be intrigued by the interconnectedness that it reveals in human experience with the sea **Britain and the Sea** Glen O'Hara,2010-06-30 O Hara presents the first general history of Britons relationship with the surrounding oceans from 1600 to the present day This all encompassing account covers individual seafarers ship borne migration warfare and the maritime economy as well as the British people s maritime ideas and self perception throughout the centuries

Encyclopedia of American Literature of the Sea and Great Lakes Jill B. Gidmark,2000-11-30 The sea and Great Lakes have inspired American authors from colonial times to the present to produce enduring literary works This reference is a comprehensive survey of American sea literature The scope of the encyclopedia ranges from the earliest printed matter

produced in the colonies to contemporary experiments in published prose poetry and drama The book also acknowledges how literature gives rise to adaptations and resonances in music and film and includes coverage of nonliterary topics that have nonetheless shaped American literature of the sea and Great Lakes The alphabetical arrangement of the reference facilitates access to facts about major literary works characters authors themes vessels places and ideas that are central to American sea literature Each of the several hundred entries is written by an expert contributor and many provide bibliographical information While the encyclopedia includes entries for white male canonical writers such as Herman Melville and Jack London it also gives considerable attention to women at sea and to ethnically diverse authors works and themes The volume concludes with a chronology and a list of works for further reading

Early Visions and Representations of America M. Carmen Gomez-Galisteo, 2012-11-22 When the Europeans first arrived in America they had a number of preconceptions prejudices expectations and hopes about what life in the New World would be like This book examines the different visions and representations of America conveyed in the writings of Spanish conquistador lvar N ez Cabeza de Vaca and the Pilgrim leader William Bradford taking both writers within their respective literary and historical contexts Anthologies of American literature have consistently ignored Spanish language achievements on the grounds of a restrictive interpretation of American literature based on linguistic boundaries Consequently Spanish language texts such as Cabeza de Vaca s or the account by the Hidalgo de Elvas to name but two examples have been marginalized in the narrative of American literary history In seeking to redress this neglect Galisteo contributes to scholarship which seeks to analyze Early America as a whole including not only Anglo American perspectives but also the Spanish American aspect of the colonization process

Capitalism Takes Command Michael Zakim, Gary J. Kornblith, 2012-02 Most scholarship on nineteenth century America s transformation into a market society has focused on consumption romanticized visions of workers and analysis of firms and factories Building on but moving past these studies Capitalism Takes Command presents a history of family farming general incorporation laws mortgage payments inheritance practices office systems and risk management an inventory of the means by which capitalism became America s new revolutionary tradition This multidisciplinary collection of essays argues not only that capitalism reached far beyond the purview of the economy but also that the revolution was not confined to the destruction of an agrarian past As business ceaselessly revised its own practices a new demographic of private bankers insurance brokers investors in securities and start up manufacturers among many others assumed center stage displacing older elites and forms of property Explaining how capital became an ism and how business became a political philosophy Capitalism Takes Command brings the economy back into American social and cultural history

Catalog of Copyright Entries. Third Series Library of Congress. Copyright Office, 1977 **Coming Over** David Cressy, 1987-10-30 Coming Over discusses the English migration to New England in the seventeenth century and shows the importance of English connections in the lives of American colonists David Cressy reviews the information available to prospective migrants the decisions they

had to reach and the actions necessary before they could settle in America English men and women moved to New England with a variety of motives and in a multitude of circumstances Puritanism involving religious harassment in England and the desire to follow God's ordinances in America was only one of many factors impelling people to move Rather than developing in wilderness isolation the society and culture of seventeenth century New England were constantly shaped by their English roots A two way flow of correspondence messages and information linked colonists to their homeland Family duties political sympathies friendships business and legal obligations all led to a continuing attachment across the Atlantic In treating early America from a British perspective as a part of English history Professor Cressy provides us with many insights into the seventeenth century

The Chinese Atlantic Sean Metzger,2020-05-05 In *The Chinese Atlantic* Sean Metzger charts processes of global circulation across and beyond the Atlantic exploring how seascapes generate new understandings of Chinese migration financial networks and artistic production Moving across film painting performance and installation art Metzger traces flows of money culture and aesthetics to reveal the ways in which routes of commerce stretching back to the Dutch Golden Age have molded and continue to influence the social reproduction of Chineseness With a particular focus on the Caribbean Metzger investigates the expressive culture of Chinese migrants and the communities that received these waves of people He interrogates central issues in the study of similar case studies from South Africa and England to demonstrate how Chinese Atlantic seascapes frame globalization as we experience it today Frequently focusing on art that interacts directly with the sites in which it is located Metzger explores how Chinese migrant laborers and entrepreneurs did the same to shape both physically and culturally the new spaces in which they found themselves In this manner Metzger encourages us to see how artistic imagination and practice interact with migration to produce a new way of framing the global

Reinventing Cotton Mather in the American Renaissance Christopher D. Felker,1993 The author uses Thomas Robbins 1820 edition of Mather's work to show how a Puritanical political sentiment

prompted American Renaissance writers to address the implications of democracy Hawthorne Stoddard and Stowe used Mather's work to discover the importance of democratic concepts and categories Ravished by Beauty Belden C. Lane, 2011-04-21 In this novel exploration of Reformed spirituality Belden C Lane uncovers a green theology that celebrates a community of jubilant creatures of all languages and species Lane reveals an ecologically sensitive Calvin who spoke of himself as ravished by the earth's beauty He speaks of Puritans who fostered a lusty spirituality in which Christ figured as a lover who encouraged meditation on the wonders of creation He presents a Jonathan Edwards who urged a sensuous enjoyment of God's beauty as the only real way of knowing God Lane argues for the double irony of Reformed spirituality showing that Calvinists who often seem prudish and proper are in fact a people of passionate desire Similarly Reformed Christians who appear totally focused on divine transcendence turn out at times to be closet nature mystics exulting in God's glory everywhere Lane also demonstrates however that a spirituality of desire can be derailed ending in sexual excess and pantheism Ecologically holy longing can be redirected from a contemplation of God's splendor in the earth's beauty to a craving for land itself resulting in disastrous misuse of its resources Between the major chapters of the book are engaging personal essays drawn from the author's own love of nature as a Reformed Christian and providing a thoughtful discussion of contemporary issues of species diversity and the honoring of an earth community Shipwrecked Jamin Wells, 2020-10-07 Reframing the American story from the vantage point of the nation's watery edges Jamin Wells shows that disasters have not only bedeviled the American beach they created it Though the American beach is now one of the most commercialized contested and engineered places on the planet few people visited it or called it home at the beginning of the nineteenth century By the twentieth century the American beach had become the summer encampment of presidents a common destination for millions of citizens and the site of rapidly growing beachfront communities Shipwrecked tells the story of this epic transformation arguing that coastal shipwrecks themselves changed how Americans viewed used and inhabited the shoreline Drawing on a broad range of archival material including logbooks court cases personal papers government records and cultural ephemera Wells examines how shipwrecks laid the groundwork for the beach tourism industry that would transform the American beach from coastal frontier to oceanfront playspace spur substantial state and private investment alongshore reshape popular ideas about the coast and turn the beach into a touchstone of the American experience **The Sea and the American Imagination** Klaus Benesch, Jon-K. Adams, Kerstin Schmidt, 2004
