Season Of Stones Living In A Palestinian Village:

A Season of Stones Helen Winternitz,1991 An eye witness account of the Intifada by a journalist who lived in the West Bank for a full year learning the ways of the Palestinians and experiencing the harsh realities of Israeli occupation **The Palestinian Uprising** F. Robert Hunter,1993-01-01 The best sustained analysis of the Intifada Charles Smith author of *Palestine and the Arab Israeli Conflict* *Speaking Stones* Shaul Mishal,Reuben Aharoni,1993-09-01 The Intifada inspired a new kind of Palestinian radicalism a radicalism borne on young shoulders a radicalism that conducts its dialogue with Israel and the local population via the stone the slingshot the petro bomb and the leaflet The leaflets bring the people into the streets and instruct them what to do and when and how They determine the boundaries of the permissible If one wants to know why the Intifada erupted what the Palestinians think and what they are fighting for how they operate and how they perceive Israel and whether there is anything to talk about one should read the Palestinian leaflets They are the documents from which the Palestinians go forth and to which they return Mishal and Aharoni first provide some historical background to the Intifada and deal with the question of how it came about and what prevented its outbreak during the first twenty years of Israeli rule in the territories They then turn to the leaflets and examine in detail their contents and motivations *Speaking Stones* concludes with a selection of over fifty translated leaflets of the two leading bodies in the Intifada the United National Command and the Islamic Resistance Movement known as Hamas **The Cambridge Companion to American Travel Writing** Alfred Bendixen,Judith Hamera,2009-01-29 Travel writing has always been intimately linked with the construction of American identity Occupying the space between fact and fiction it exposes cultural fault lines and reveals the changing desires and anxieties of both the traveller and the reading public These specially commissioned essays trace the journeys taken by writers from the pre revolutionary period right up to the present They examine a wide range of responses to the problems posed by landscapes found both at home and abroad from the Mississippi and the Southwest to Europe and the Holy Land Throughout the contributors focus on the role played by travel writing in the definition and formulation of national identity and consider the experiences of minority writers as well as canonical authors This Companion forms an invaluable guide for students approaching this new important and exciting subject for the first time **Women and Politics in the Third World** Haleh Afshar,2005-07-26 *Women and Politics in the Third World* is the first comprehensive textbook on women's political activities in the third world It provides a feminist analytical perspective on the specific forms of resistance organisation and negotiation by women in third world states Using case studies the book focuses on difference as a theoretical basis for investigating feminine political activism Though Western analysts have attributed weakness to terms such as motherhood marriage and domesticity as choices made by non Western women the contributors show that such strategies are used by women to pursue particular goals such as seeking resources welfare or freedom from oppression for their children These strategies the book suggests should not be classified as unimportant or temporary and can be highly

This book tells a different story about water Against the backdrop of the end of the Ottoman Empire to the Palestinian uprisings old Palestinian women recount life before and after piped water While talking about fetching and managing household water women also talked about being women Women Water and Memory speaks of many different lives We hear stories about women's own strength and beauty and about the woman who married a man whose ugly face made her sick While one woman married the man she cared for another was relieved that her husband died when she was too old to be forced to remarry We learn about the joy they feel each time they dance at a wedding the sheer satisfaction of lighting a cigarette the loyalty and shared despair towards families with members in prison and about the tears of sorrow at each death and the delight at each birth □□□□□□ Hala Kaleb, Simonetta Calderini, 1993 **Journal of Palestine Studies**, 1998
