Lauren Rosewarne,2017-12-06 Film plays a vital role in the celebration of Christmas For decades it has taught audiences about what the celebration of the season looks like from the decorations to the costumes and to the expected snowy weather as well as mirrors our own festivities back to us Films like It s a Wonderful Life and Home Alone have come to play key roles in real life domestic celebrations watching such titles has become for many families every bit as important as tree trimming and leaving cookies out for Santa These films have exported the American take on the holiday far and wide and helped us conjure an image of the perfect holiday Rather than settling the what is a Christmas film debate indeed Die Hard and Lethal Weapon are discussed within Analyzing Christmas in Film Santa to the Supernatural focuses on the how Christmas is presented on the deluge of occasions when it appears While most Christmas films are secular religion makes many cameos appearing through Nativity references storylines involving spiritual rebirth the framing of Santa as a Christ like figure and the all importance of family be it the Holy family or just those gathered around the dining table Also explored are popular narratives involving battles with stress and melancholy single parents and Christmas martyrs visits from ghosts and angels big cities and small towns break ups and make ups and the ticking clock of mortality Nearly 1000 films are analyzed in this volume to determine what the portrayal of Christmas reveals about culture society and faith as well as sex roles consumerism aesthetics and aspiration **The Adventures of Miss Gregory** Perceval Gibbon,1925 **Enter the King** Gordon

cultural mindsets Traditionally humans seem to follow the edicts of current and historic thought even though many cultural ideas prove to be unreliable across history Do things change or were we wrong about a number of ideas from the beginning We can change attitudes and consequently influence our personal future We can cultivate our intuition and create new possibilities for ourselves Some people create misfortune without even knowing it Success for them becomes a fantasy that never seems to materialize because certain choices were made without accurate perceptions or reflection This accounts for many people becoming compliant and disappointed Even overwhelmed Some decisions are made out of habit and the same routines abet certain people in overlooking the possibilities that could begin a new and exciting future This book details information on the individual aspects of success and is a unique approach to understanding how history and our environment can help us or hinder us This work outlines a system of success that has proved effective for Americans competing in the workforce or struggling with life s personal challenges The book also contains historical facts regarding humanity and the previous thinking of our ancestors that brought us to the present Not all of their thinking was healthy or productive In this current season of human existence many people have become swayed by misinformation and so I have chosen politics and religion as examples of how age old thinking can bring about unintended but large scale consequences Even our chosen official s minds loiter in outdated and inefficient thinking which fatigues their brains thus not assisting them in assisting us Everyone seems to embrace their own version of the truth however this habit can be costly when that truth turns out to be inaccurate As separate assemblies of peoples we have gone against nature in creating many differing even conflicting truths that have caused divisiveness among people that does not have to influence our interactions in destructive ways Perhaps its time for us as a species to embrace the wisdom that has been our inheritance since the time of our own invention I hope my words will do their part in bringing us back together as was the original intention of our creation      **Pearls from Heaven**
