Evangelism Priscilla Pope-Levison, 2020-10-27 Many sincere Christians dismiss evangelism due to enduring evangelistic caricatures This book helps readers move beyond those caricatures to consider thoughtfully and practically how they can engage in evangelism whether it s through one on one conversations social media social justice or the liturgy of worship services At once biblical theological historical and practical this book by a seasoned scholar offers an engaging well researched and well organized presentation and analysis of eight models of evangelism Covering a breadth of approaches from personal evangelism to media evangelism and everything in between Priscilla Pope Levison encourages readers to take a deeper look at evangelism and discover a model that captures their attention Each chapter introduces and assesses a model biblically theologically historically and practically allowing for easy comparison across the board The book also includes end of chapter study questions to further help readers interact with each model **Sensory Worlds in Early America** Peter

Charles Hoffer, 2005-12-12 Over the past half century historians have greatly enriched our understanding of America s past broadening their fields of inquiry from such traditional topics as politics and war to include the agency of class race ethnicity and gender and to focus on the lives of ordinary men and women We now know that homes and workplaces form a part of our history as important as battlefields and the corridors of power Only recently however have historians begun to examine the fundamentals of lived experience and how people perceive the world through the five senses In this ambitious work Peter Charles Hoffer presents a sensory history of early North America offering a bold new understanding of the role that sight sound smell taste and touch played in shaping the lives of Europeans Indians and Africans in the New World Reconstructing the most ephemeral aspects of America s colonial past the choking stench of black powder the cacophony of unfamiliar

languages the taste of fresh water and new foods the first sight of strange peoples and foreign landscapes the rough texture of homespun the clumsy weight of a hoe Hoffer explores the impact of sensuous experiences on human thought and action He traces the effect sensation and perception had on the cause and course of events conventionally attributed to deeper cultural and material circumstances Hoffer revisits select key events encounters and writings from America's colonial past to uncover the sensory elements in each and decipher the ways in which sensual data were mediated by prevailing and often conflicting cultural norms Among the episodes he reexamines are the first meetings of Europeans and Native Americans belief in and encounters with the supernatural the experience of slavery and slave revolts the physical and emotional fervor of the Great Awakening and the feelings that prompted the Revolution Imaginatively conceived deeply informed and elegantly written *Sensory Worlds of Early America* convincingly establishes sensory experience as a legitimate object of historical inquiry and vividly brings America's colonial era to life Richard Godbeer author of *Sexual Revolution in Early America*

An Evaluative Template for Peer-to-peer Models of Evangelism Applied to the "3Story" Model John James Eitel , 2009 This ministry focus paper examines the 3Story evangelism model through an evaluative template to establish if the model considers the theological historical developmental and environmental factors of the task of peer to peer evangelism While the language and methodology of evangelism seem to have remained unaltered within Christendom the surrounding culture continues to change Expectations and techniques that existed in the past now are being placed on an adolescent culture that neither understands nor connects with them The

result of this evaluation will be a greater awareness of the issues facing both models and practitioners when approaching the task of adolescent peer to peer evangelism This study will be divided into four sections The first section will examine the historical approaches to evangelism in North America and the efforts made to adapt these strategies for the task of adolescent peer to peer evangelism This information will create evaluation markers for the evaluative template The second section will explore the theology of peer to peer evangelism along with the dynamic of human relationships in both the Old and New Testament the dynamics of how Jesus His disciples and the early Church shared the Good News in an interpersonal context and the role of the Church This information will create evaluation markers for the theological measure of the evaluative template The third section will explore the psychosocial development spiritual development and environmental issues of peer relationships and their implication to the task of peer to peer evangelism in a North American context This information will create additional markers for the evaluative template Finally the last section will examine the 3Story model through the template presented It will discuss if the model is a viable strategy for adolescent peer to peer evangelism

Andrew Fuller's Theology of Revival Ryan Rindels, 2021-01-21 Revival is the arguable heartbeat of evangelical Christianity Though a theologically diverse and globally diffused phenomenon evangelicalism originated in a distinctly Calvinistic milieu Many Puritans in the seventeenth century evangelicals before the revivals emphasized the work of the Holy Spirit including the importance of personal conversion Unlike theologically Arminian proponents of revival such as Charles G Finney many Puritans and early evangelicals believed and taught that the absolute sovereignty of God was compatible with human responsibility Calvinistic Baptists in the early eighteenth century who rejected this tension declined numerically yet a new generation of pastors led their denomination through this impasse Andrew Fuller 1754 1815 defended Reformed doctrine in the Particular Baptist tradition while emphasizing the importance of human response in his preaching writing and fundraising for the Baptist Missionary Society The fruit of Fuller s ministry included growth of churches in England conversions among people groups in the Global South and the preservation of Reformed theology in a challenging Enlightenment context

Race and Redemption in Puritan New England Richard A. Bailey, 2011-05-26 As colonists made their way to New England in the early seventeenth century they hoped their efforts would stand as a city upon a hill Living the godly life preached by John Winthrop would have proved difficult even had these puritans inhabited the colonies alone but this was not the case this new landscape included colonists from Europe indigenous Americans and enslaved Africans In Race and Redemption in Puritan New England Richard A Bailey investigates the ways that colonial New Englanders used constructed and re constructed their puritanism to make sense of their new realities As they did so they created more than a tenuous existence together They also constructed race out of the spiritual freedom of puritanism

Able and Faithful Ministry James M. Garretson, 2014-03-03 Samuel Miller 1769-1850 played an integral part in founding Princeton Theological Seminary which became one of the most influential training grounds for Presbyterian ministers in the nineteenth century. While Miller is most commonly remembered for his writings on church office, he also played a significant role instructing students and shaping their theology of preaching and pastoral ministry. In the present volume, Jim Garretson highlights the narrative of Miller's life and the major ministerial emphases found in his published writings, sermons, and unpublished lecture notes. As a result, readers will come to know the spiritual convictions of Miller's heart and understand the theology of ministry he imparted over the course of his lifetime. Cooperating with the Holy Spirit Rev. Dr. Suzanne Nicholson, 2025-02-11 God has a habit of showing up in unexpected places. On February 8, 2023, the Holy Spirit suddenly and powerfully poured forth on students lingering after chapel at Asbury University, located in the small town of Wilmore, Kentucky, population 6,000. For the next sixteen days, more than 50,000 pilgrims from around the world flocked to experience God's sweet, gentle presence in Hughes Auditorium. Many sought counsel, confessed patterns of addiction and sin, and sought to reorient their lives toward God in the context of vibrant 24-hour worship. As the Outpouring overflowed to other venues, the Asbury community, its faculty, staff, administrators, students, and community members worked together to steward this amazing movement of God. While other sustained revivals have happened throughout human history, despite its humble beginnings, this event grew exponentially because of social media and national and international news coverage. Cooperating with the Holy Spirit recounts the events of the Outpouring; section 1 offers biblical, historical, and theological reflections on revivals; section 2 provides practical insights for addressing the challenges that arise when God moves in powerful ways among his people; section 3 The Great Awakening Thomas S. Kidd, 2008-10-01 In the mid-eighteenth century, Americans experienced an outbreak of religious revivals that shook colonial society. This book provides a definitive view of these revivals, now known as the First Great Awakening, and their dramatic effects on American culture. Historian Thomas S. Kidd tells the absorbing story of early American evangelical Christianity through the lives of seminal figures like Jonathan Edwards and George Whitefield, as well as many previously unknown preachers, prophets, and penitents. The Great Awakening helped create the evangelical movement, which heavily emphasized the individual's experience of salvation and the Holy Spirit's work in revivals. By giving many evangelicals radical notions of the spiritual equality of all people, the revivals helped breed the democratic style that would come to characterize the American republic. Kidd carefully separates the positions of moderate supporters of the revivals from those of radical supporters and delineates the objections of those who completely deplored the revivals and their wildly egalitarian consequences. The battles among these three camps, the author shows, transformed colonial America and ultimately defined the nature of the evangelical movement. The Brave New World Peter Charles Hoffer, 2023-01-31 A history of early America that is continental in scope, inclusive in content, and intriguing in thematic argument, this course book describes the building of the nation and the daily lives of its people up to

1776 The author's main effort in revising the book for its third edition was to expand the geographical scope of the book Irish Presbyterians and the Shaping of Western Pennsylvania, 1770-1830 Peter E. Gilmore, 2018-10-30 Irish Presbyterians and the Shaping of Western Pennsylvania 1770-1830 is a historical study examining the religious culture of Irish immigrants in the early years of America. Despite fractious relations among competing sects, many immigrants shared a vision of a renewed Ireland in which their versions of Presbyterianism could flourish free from the domination of landlords and established church. In the process, they created the institutional foundations for western Pennsylvanian Presbyterian churches. Rural Presbyterian Irish church elders emphasized community and ethnoreligious group solidarity in supervising congregants' morality. Improved transportation and the greater reach of the market eliminated near subsistence local economies and hastened the demise of religious traditions brought from Ireland. Gilmore contends that ritual and daily religious practice as understood and carried out by migrant generations were abandoned or altered by American-born generations in the context of major economic change.

New Dictionary of Theology: Historical and Systematic (Second Edition), 2016-04-21 Since its first publication in 1988, the New Dictionary of Theology has been widely appreciated by students and readers as a trustworthy and informative guide. After almost thirty years, however, there are many new writers, issues, and themes on the agenda for theology; it does not stand still. Hence, this completely revised second edition includes over 400 new articles in the full set of over 800. Many of the original articles have been expanded and updated, and almost all have additional bibliographical references. Since material on biblical theology is now covered at length in IVP's New Dictionary of Biblical Theology, this volume is therefore more specifically a dictionary of historical and systematic theology. The New Dictionary of Theology: Historical and Systematic has an international team of contributors, and many are acknowledged experts in their fields. The Dictionary combines excellence in scholarship with a high standard of clarity and insight into current theological issues, yet it avoids being unduly technical. Students, teachers, and ministers, as well as scholars and everyone seeking a better understanding of theology, will value it as an indispensable reference work. The volume is enhanced by a spacious and clear design, an extensive and easy-to-use cross-reference system, and bibliographies which feature the best and most readily available works in English.
