Your Soular System Everard S. Polakow, 2001-07-11 This guide initially provides the reader with a set of thirteen tools with which to introspectively analyze their position in terms of their evolution as a unique spiritual being Utilizing a selection of Viktor Frankl's techniques and examples the reader is challenged to engage in a process of self analysis which culminates in the awareness that we are driven by and live with the forces of antipathy The reader is shown how to monitor the accumulation of this destructive force how to put in motion the process of choosing to refuse to generate such forces as well as the redemption of all existing internalized antipathy by a technique of visual imagery

Smothered and Covered Ty Matejowsky, 2022-12-13 A critical meditation of the iconic 24 7 roadside chain and its place in the southern imaginary Waffle House has long been touted as an icon of the American South The restaurant's consistent foregrounding as a resonant symbol of regional character proves relevant for understanding much about the people events and foodways shaping the sociopolitical contours of today's Bible Belt Whether approached as a comedic punchline on the Internet television and other popular media or elevated as a genuine touchstone of messy American modernity Waffle House its employees and everyday clientele do much to transcend such one dimensional characterizations earning distinction in ways that regularly go unsung Smothered and Covered Waffle House and the Southern Imaginary is the first book to socioculturally assess the chain within the field of contemporary food studies In this groundbreaking work Ty Matejowsky argues that Waffle House's often beleaguered public persona is informed by various complexities and contradictions Critically unpacking the iconic eatery from a less reductive perspective offers readers a more realistic and nuanced portrait of Waffle House shedding light on how it both reflects and influences a prevailing southern imaginary an amorphous and sometimes conflicting collection of images ideas attitudes practices linguistic accents histories and fantasies that frames understandings about a vibrant if also paradoxical geographic region Matejowsky discusses Waffle House's roots in established southern foodways and traces the chain's development from a lunch counter restaurant that emerged across the South He also considers Waffle House's place in American and southern popular culture highlighting its myriad depictions in music television film fiction stand up comedy and sports Altogether Matejowsky deftly and persuasively demonstrates how Waffle House serves as a microcosm of today's South with all the accolades and criticisms this distinction entails
