Martin,2001-01-19 This book examines drinking and attitudes to alcohol consumption in late medieval and early modern England France and Italy especially as they related to sexual and violent behavior and to gender relations According to widespread beliefs the consumption of alcohol led to increased sexual activity among both men and women and it also led to disorderly conduct among women and violent conduct among men Dr Lynn shows how alcohol was a fundamental part of the diets of most people including women resulting in daily drinking of large amounts of ale beer or wine This study offers an intimate insight into both the altered states induced by alcohol and by opposition into normal relations in family community and society The Year's Work in Modern , **New Perspectives on Marc-Antoine Charpentier** Shirley Thompson,2017-07-05 The tercentenary of Marc Antoine Charpentier s death in 2004 stimulated a surge of activity on the part of performers and scholars confirming the modern assessment of Charpentier 1643 1704 as one of the most important and inventive composers of the French Baroque The present book provides a snapshot of Charpentier scholarship in the early years of the new century Its 13 chapters illustrate not only the sheer variety of strands currently pursued but also the way in which these strands frequently intertwine and generate the potential for future research Between them they examine facets of the composer s compositional language and process aspects of his performance practice and notation the contexts within which he worked and the nature of his legacy The appendix contains a transcription of the inventory of Charpentier s manuscripts prepared when their sale to the Royal Library was negotiated in 1726 an invaluable research tool as numerous chapters in the book demonstrate The wide variety of topics covered here will appeal both to readers interested in Charpentier s music and to those with a broader interest in the music and culture of the French Baroque including aspects of patronage church and theatre Far from treating his output in isolation this book places it in the wider context alongside such composers as Lully Lalande Marais Fran s Couperin and Rameau it also views the composer in relation to his Italian training In the process the under examined question of influence who influenced Charpentier whom did he influence repeatedly comes to the fore The book s Foreword was written by H Wiley Hitchcock shortly before he died Hitchcock s own part in raising the profile of Charpentier and his music to the level of recognition which it now enjoys cannot be emphasized enough Appropriately the volume is dedicated to his memory History Has Many Voices Lee Palmer Wandel,2003-04-01 This volume presents essays from eight scholars who trained with Robert Kingdon a vanguard of early modern studies He required students to go to primary sources yet they were free to pursue their own curiosity No matter what their approach to the sources students were held to a high standard of thoroughness precision and attention to detail This festschrift displays

**Italian Literature in the Nuclear Age** Maria Anna Mariani, 2022-09-29 Italian Literature in the Nuclear Age A Poetics of the Bystander explores the overlooked position of the bystander in the Nuclear Age by focusing on the Italian situation as a paradigmatic case Host to hundreds of American atomic weapons while lacking a

nuclear arsenal of its own Italy's status was an ambiguous one that of an unwilling and in many ways passive accomplice. Inspired by Seamus Heaney's dictum that there is no such thing as innocent by standing, the book frames Italy's fraught mix of implication and powerlessness not only as a geopolitical question but as a way to rethink the role of the sidelined intellectual in the face of mass extinction. Italian Literature in the Nuclear Age includes discrete chapters on the major Italian intellectuals of the time: Italo Calvino, Alberto Moravia, Elsa Morante, Pier Paolo Pasolini, and Leonardo Sciascia. Conscious of their own political marginalization, these authors address the atomic question through a wide range of experimental forms, approaching the nearly unthinkable theme in allusive and oblique ways. Often dismissed as disengaged, inconsistent, or merely playful, these works demand instead a political reading capable of recognizing their confrontation with the paradoxes of the nuclear age.

**Prisoners of War** Bob Moore, 2022. The Second World War between the Axis and Allied powers saw over 20 million soldiers taken as prisoners of war. *Prisoners of War* uses a series of case studies to illuminate the personal and collective histories of those who experienced captivity in Eastern and Western Europe during the war and their repatriation and reintegration afterwards.

*Italians Dance and I'm a Wallflower* Linda Falcone, 2010. Welcome to Italy where spring breezes are a threat and political turnover is a promise. In a country where words are the most common music and gestures the most frequent dance, find out why wishing someone good luck attracts its polar opposite and why foods served on the same plate best be color coordinated. Drawn from her column in *The Florentine* newspaper, Linda Falcone's vignettes take readers on an exhilarating ramble through Italy's life and language, both conjuring its beauties and unriddling its beasts.

**The Grand Tour and the Great Rebellion** Edward Chaney, 1985. This book studies Richard Lassels and his tour within the context of English society in the seventeenth century.
