### **Child Creativity and the Visual Arts: From Secessionist Vienna to Postwar America** Megan

Brandow-Faller, 2025-07-24 Tracing the dissemination of Secessionist ideas of child creativity from their origination in early 20th century Vienna through to their eventual commodification in postwar America this book highlights the central role that visual art has played in child education and in nurturing creativity in elementary and preschool curricula Taking the reader through the ideas of three artistic visionaries and their students Franz Ci ek and Austrian American migr s Emmy Zweybr ck and Viktor L wenfeld this book reveals how these ideas developed in postwar America through a focus on child centered methods of learning by doing in artistic practice By centring the visual arts as a vital educational medium we see how these teachings have been popularized as a means of nurturing creativity in childhood Across three chapter length case studies interspersed with three mini chapters on the reception of each artist educator s radical teachings in the American education system *Child Creativity and the Visual Arts* provides new interpretations into the impact of these three luminaries differing philosophies on a broader program of socio political activism in the USA Drawing on previously untapped archival and primary source materials it blends deep material culture analysis with narrative elements to present a compelling account of the unrecognized influence of migr art pedagogy on progressive international art education In doing so it provides fresh transregional and thematic perspectives on early 1900s Vienna as a hotbed of creative and cultural experimentation and mecca of progressive art education [The Female Secession](#) Megan Brandow-Faller, 2020-06-22 Decorative handcrafts are commonly associated with traditional femininity and unthreatening docility However the artists connected with interwar Vienna s female Secession created craft based artworks that may be understood as sites of feminist resistance In this book historian Megan Brandow Faller tells the story of how these artists disrupted long established boundaries by working to dislodge fixed oppositions between art and craft decorative and profound and masculine and feminine in art Tracing the history of the women s art movement in Secessionist Vienna from its origins in 1897 at the Women s Academy to the Association of Austrian Women Artists and its radical offshoot the Wiener Frauenkunst Brandow Faller tells the compelling story of a movement that reclaimed the stereotypes attached to the idea of Frauenkunst or women s art She shows how generational struggles and diverging artistic philosophies of art craft and design drove the conservative and radical wings of Austria s women s art movement apart and explores the ways female artists and craftswomen reinterpreted and extended the Klimt Group s ideas in the interwar years Brandow Faller draws a direct connection to the themes that impelled the better known explosion of feminist art in 1970s America In this provocative story of a Viennese modernism that never disavowed its

ornamental decorative roots she gives careful attention to key primary sources including photographs and reviews of early twentieth century exhibitions and archival records of school curricula and personnel Engagingly written and featuring more than eighty representative illustrations *The Female Secession* recaptures the radical potential of what Fanny Harlfinger Zakucka referred to as works from women's hands It will appeal to art historians working in the decorative arts and modernism as well as historians of Secession era Vienna and gender history Catalogue of the Harvard University Fine Arts Library, the Fogg Art Museum Harvard University. 60s and the postmodern movement of the 1970s and 80s Contemporary considerations bring the third edition up to date with discussions of app design social media emojis big data visualization and the use of animated graphics in film and television The contemporary phenomenon of the citizen designer professionals who address societal issues either through or in addition to their commercial work is also addressed highlighting protagonists like Bruce Mau and the Center for Urban Pedagogy This edition also features 45 additional images an expanded introduction and epilogue and revised text throughout A newly redesigned interior reinforces the fresh contents of this now classic volume

**Art Nouveau** Jeremy Howard, 1996 This critical survey of the Art Nouveau movement reveals the diversity of this style across the breadth of the European continent With the inclusion of Eastern Europe and the full range of artistic media the book shows how this movement changed the face of European art and design from Paris to Prague Clearly structured by country it traces the emergence of Art Nouveau highlighting the particular interpretations of the style in each country Countries covered include Belgium Spain Britain Austria Hungary and Russia Each chapter contains sections on political and cultural contexts specific visual characteristics and key artists and designers It analyzes the contribution of both well known artists and designers such as Gaudi Van de Velde Mackintosh and Mucha and brings to light many others whose contributions have been largely inaccessible With a bibliography and glossary this text should provide a useful introduction to this subject *Finding Ella Briggs* Despina Stratigakos, Elana Shapira, 2025-10-28 The first biography of an extraordinary woman and architect who left her mark on world capitals and reshaped modern design Ella Briggs 1880 1977 was a talented architect designer and writer whose influence was felt on both sides of the Atlantic She trained with the Viennese Secessionists and brought their radical ideas to Gilded Age New York She designed modernist housing for the masses in Austria was jailed as a suspected spy in Mussolini's Italy and thrived in Weimar Germany before suffering persecution under
