The Allure of Grammar Douglas R. Rutledge,2019-02-28 Of Angie Estes the poet and critic Stephanie Burt has written that she has created some of the most beautiful verbal objects in the world In The Allure of Grammar Doug Rutledge gathers insightful responses to the full range of Estes s work from a review of her first chapbook to a reading of a poem appearing in her 2018 book Parole that approach these beautiful verbal objects with both intellectual rigor and genuine awe In addition to presenting an overview of critical reactions to Estes s oeuvre reviews by Langdon Hammer Julianne Buchsbaum and Christopher Spaide also provide a helpful context for approaching a poet who claims to distrust narrative Original essays consider the craft of Estes s poetry and offer literary analysis Ahren Warner uses line breaks to explore a postmodern analysis of Estes s work Mark Irwin looks at her poetic structure Lee Upton employs a feminist perspective to explore Estes s use of italics and B K Fischer looks at the way she uses dance as a poetic image Doug Rutledge considers her relationship to Dante and to the literary tradition through her use of ekphrasis An interview with Estes herself in which she speaks of a poem as an arranged place where experience happens adds her perspective to the mix at turns resonating with and challenging her critics The Allure of Grammar will be useful for teachers and students of creative writing interested in the

craft of non narrative poetry Readers of contemporary poetry who already admire Estes will find this collection insightful while those not yet familiar with her work will come away from these essays eager to seek out her books Carolyn Hopley, Mary Ann Hoberman, 2020-04-14 This exquisitely giftable anthology of poems about age and aging reveals the wisdom of trailblazing writers who found power and growth later in life At eighty two the novelist Penelope Lively wrote Our experience is one unknown to most of humanity over time We are the pioneers Coming to Age is a collection of dispatches from the great poet pioneers who have been fortunate enough to live into their later years Those later years can be many things a time of harvesting of gathering together the various strands of the past and weaving them into a rich fabric They can also be a new beginning an exploration of the unknown We speak of growing old And indeed as we too often forget aging is growing growing into a new stage of life one that can be a fulfillment of all that has come before To everything there is a season Poetry speaks to them all Just as we read newspapers for news of the world we read poetry for news of ourselves Poets particularly those who have lived and written into old age have much to tell us Bringing together a range of voices both present and past from Emily Dickinson and W H Auden to Louise Gluck and Li Young Lee Coming to Age reveals new truths offers spiritual sustenance and reminds us of what we already know but may have forgotten illuminating the profound beauty and significance of commonplace moments that become more precious and radiant as we grow older Women's Writing in the United States Linda Wagner-Martin, Cathy N. Davidson, 1999 A sumptuous selection of short fiction and poetry Its invitation to share the passion of women s voices characterizes the entire volume USA Today **Talking with Robert Penn Warren** Floyd C. Watkins, John T. Hiers, Mary **Speaks** Franziska Raabe Parkinson,1955 Weaks-Baxter, 1990 Collects a wide variety of interviews given by the author over the years including television appearances and conversations with other writers Martyrdom, Mysticism and Dissent Asghar Seyed-Gohrab, 2021-08-23 This book is the first extensive research on the role of poetry during the Iranian Revolution 1979 and the Iran Iraq War 1980 1988 How can poetry especially peaceful medieval Sufi poems be applied to exalt violence to present death as martyrdom and to process war traumas Examining poetry by both Islamic revolutionary and established dissident poets it demonstrates how poetry spurs people to action even leading them to sacrifice their lives The book's originality lies in fresh analyses of how themes such as martyrdom and violence and mystical themes such as love and wine are integrated in a vehemently political context while showing how Shiite ritual such as the pilgrimage to Mecca clash with Saudi Wahhabi appreciations A distinguishing quality of the book is its examination of how martyrdom was instilled in the minds of Iranians through poetry employing Sufi themes motifs and doctrines to justify death Such inculcation proved effective in mobilising people to the front ready to sacrifice their lives As such the book is a must for readers interested in Iranian culture and history in Sufi poetry in martyrdom and war poetry Those involved with Middle Eastern Studies Iranian Studies Literary Studies Political Philosophy and Religious Studies will benefit from this book From his own memories and expert research the author gives us

a ravishing account of a poetry stained with blood violence and death His brilliantly layered analysis of modern Persian poetry shows how it integrates political and religious ideology and motivational propaganda with age old mystical themes for the most traumatic of times for Iran Alan Williams Research Professor of Iranian Studies University of Manchester When Asghar Seyed Gohrab a highly prolific academician publishes a new book you can be certain he has paid attention to an exciting and largely unexplored subject Martyrdom Mysticism and Dissent The Poetry of the 1979 Iranian Revolution and the Iran Iraq War 1980 1988 is no exception in the sense that he combines a few different cultural religious mystic and political aspects of Iranian life to present a vivid picture and thorough analysis of the development and effect of what became known as the revolutionary poetry of the late 1970s and early 1980s This time he has even enriched his narrative by inserting his voice into his analysis It is a thoughtful book and a fantastic read Professor Kamran Talattof University of Arizona

POETRY METAPHYSICALLY SPEAKING Diane Power,2018-04-27 This book of Metaphysical Poetry is a Soul Journey into the awareness and purpose of life and death The consciousness of humanity is opening to a deeper meaning of existence Love and a higher understanding of human nature is the message the author is offering to readers in this book of poetic expression

The Question of God in Heidegger's Phenomenology George Kovacs, 1990-06 Several philosophers have developed theological perspectives out of Heidegger's ontology Yet the question of God in Heidegger's thought itself has never received full elucidation In this revealing new study George Kovacs poses the problem of analyzing the idea of God as a process of guestioning and thus subjects Heidegger's phenomenological existentialism to a process of exposition Heidegger himself Serious Poetry Peter McDonald, 2002-06-13 Do we want to read poetry or just like having a few poets to talk employed about The history of poetry in twentieth century Britain and Ireland is one which ends with the assimilation of successful poets into a media culture it is also however another history one of form and authority in which certain poets found modes and pitches of resistance to the seeming inevitabilities of their times In this history it is the authority of poetry and not the media processed poet which is at stake in the integrity of poetic form Serious Poetry Form and Authority from Yeats to Hill offers a controversial reading of twentieth century British and Irish poetry centred on six figures all of whom are critics as well as poets W B Yeats T S Eliot W H Auden Louis MacNeice Seamus Heaney and Geoffrey Hill Yeats s centrality to twentieth century poetry and the problem many poets and critics had or still have with that centrality is a major focus of the book Serious Poetry argues that it is in the strengths possibilities perplexities and certainties of the poetic form that poetry s authority in a distrustful cultural climate remains most seriously alive Elizabeth Barrett and Robert Browning Mary Sanders Pollock, 2016-04-28 First published in 2003 this book examines the creative partnership of Elizabeth Barrett and Robert Browning and provides a critical analysis of the poems written by this famous couple during the 16 year period of their friendship courtship and marriage Even quite early in their relationship the Brownings shared a frame of reference similar themes narrative structures and details of phrasing resonate in their works and suggest dialogue rather than merely

mutual influence Pollock traces parallels between the Brownings lives and works even before they met and then throughout their courtship and married life suggesting that their creative dialogue continued after Barrett Browning died in 1861 as her presence and themes continued to inform Browning's poetry for at least a decade afterward Touching Liberty Karen Sánchez-Eppler, 1997-01-01 Extremely well researched finely nuanced and clearly written Her analyses are stunning This study juxtaposes consideration of non canonical works with canonical works to produce remarkable insights about the politics of the body during an intensely political period of the nineteenth century Barbara Christian author of Black Women Novelists A superb contribution a highly important study that will make its mark on the fields of American literary and cultural studies In addition Sanchez Eppler performs an extremely valuable political service in exposing the asymmetries between white and Black women in feminist abolitionist discourse and the manner in which moments of identification become acts of appropriation This issue continues to be relevant to feminists today Her extension of this insight to Whitman s poetics of merger is also provocative adding another dimension to the cautionary enterprise of assessing the limitations of white radicalism Carolyn L Karcher editor of Lydia M Child's Hobomok and Other Writings on Indians This book is an insightful lucid and persuasive discussion of the tension between the abstract language of the state and the disruptive discourses of abolitionism and feminism It promises to have a profound impact upon the ways in which teachers scholars students and general readers conceptualize nineteenth century U S literature and culture Valerie Smith author of Self Discovery and Authority in Afro American Narrative **Voices From a Tinctured Heart** Moin Oazi,2023-12-11 It is not often that poetry enters the national conversation but we are delighted that it has this time Robert Frost opined Poetry is when an emotion has found its thought and the thought has found words These inspiring words made me unleash my dormant emotions and take a deeper dive into this literary art form It became my personal and perennial path an intense journey and I was able to depict through my verses my adventures in pursuit of empowering those who were subjugated at the hands of feudal lords and their cohorts of tormentors The horrific events that I experienced and witnessed solidified my poems message of hope unity and healing It has been a weird depressing and deeply mournful journey palatable only for long suffering listeners but it has also uplifted and given rise to a host of creative ruminations. These experiences filter throughout the narrative Several of these poems demonstrate the transportive power of just a few well chosen words on a page The poems hauntingly describe a lost rural India where villages disappear as they collapse under the debris of the marauders who trampled the basic rights of vulnerable citizens It is not often that one picks up a book and feels that this is what one has been waiting to read one s whole life I do not have the literary prowess to make such a claim but I feel that I have delivered a small piece of justice Architectonics of Poiesis Simina Anamaria Lörincz, 2024-06-10 This volume explores the meaning of the architectural creative act following the dynamics of the relationship between creator creative act creation and the way in which architecture is defined over time as a creative act both material and symbolic Two protagonists Antonio Averlino

Filarete and Christopher Alexander are singled out under the guiding concepts of po sis and poeta faber The book initiates a dialogue over time between their works and concepts engaging two cultures the Renaissance and the contemporary symbolically chosen for their importance in redefining the profession through the prism of its relation to the architectural creative act The core idea revolves around rediscovering the humanistic approach to architecture in and for the contemporary context and using it in order to better understand architectural creation. This text appeals to students and researchers working in the history and theory of architecture product industrial design and semiotics Estíbaliz Encarnación-Pinedo, Thomas Antonic, 2021-10-04 ruth weiss born in Berlin in 1928 to Austrian Jewish parents arrived in San Francisco in 1952 after hitchhiking through the United States Crowned years later as the Goddess of the Beat Generation by San Francisco Chronicle critic Herb Caen weiss has worked for almost seven decades with a plurality of artistic forms Despite her extensive poetry career and very active participation in the West Coast buzzing artistic community since the early 1950s weiss has remained an essentially overlooked figure in poetry history. This neglect might be representative of the overshadowing of female artists within the Beat Generation as a marginalized group within an always already marginalized bohemia Johnson The volume taps directly into this lacuna by proving the first close study on one of the most prolific members of the so called Beat Generation Offering diverse and comprehensive points of entrance into weiss s oeuvre the essays in this volume adopt a multidisciplinary approach that attests to the cross pollination between art forms in postwar counterculture In addition the volume also includes shorter non academic contributions and previously unpublished archival material Bringing together scholars academics and artists from around the world this volume represents a timely and much needed response to the increasing interest in weiss s work in the last decades **Poetic Encounters in the** Americas Peter Ramos, 2019-10-08 Poetic Encounters in the Americas Remarkable Bridge examines the ways in which U S and Latin American modernist canons have been in cross cultural mutually enabling conversation especially through the act of literary translation Examining eighteen U S and Latin American poets my book is one of the few works of criticism to present case studies in U S and Latin American poetries in dialogues that highlight the social life and imaginative encounters obtained through methodologies of translation and innovations in poetic technique Orissa Society of Americas 27th Annual Convention Souvenir, Orissa Society of Americas 27th Annual Convention Souvenir for Convention 1996 held in Washington D C re published as Golden Jubilee Convention July 4 7 2019 Atlantic City New Jersey commemorative edition Odisha Society of the Americas Golden Jubilee Convention will be held in Atlantic City New Jersey during July 4 7 2019 Convention website is http www osa2019 org Odisha Society of the Americas website is http www odishasociety org Contemporary Poetry and Contemporary Science Robert Crawford, 2006-09-07 A unique collaboration between leading

Contemporary Poetry and Contemporary Science Robert Crawford, 2006-09-07 A unique collaboration between leading poets and scientists Contemporary Poetry and Contemporary Science demonstrates through its form and through practice as well as reflection that poetry and science can meet with productive results Crossing between disciplines and between prose

and verse the book shows how modes of scientific knowledge and of poetic making continue to be intertwined Often drawing on Scottish intellectual traditions rather than on the notorious two cultures argument Contemporary Poetry and Contemporary Science argues through examples for a more open and mutually sympathetic engagement of poetry and science in contemporary culture Provocative nimble and surprising this book is in several senses a crossover volume In its gathering of essays as well as poems it is the first book of its kind Readers can see how a poet and a solar physicist may share working assumptions how poetic insight may inform psychiatric practice how a poet s encounter with an MRI scanner leads to a fresh neurological experiment As well as new essays by internationally distinguished poets scientists and literary critics including Simon Armitage Gillian Beer Jocelyn Bell Burnell Miroslav Holub Kay Redfield Jamison and Edwin Morgan the book includes a series of specially commissioned poems by John Burnside Michael Donaghy Sarah Maguire Paul Muldoon Don Paterson and others Each poem is introduced by the scientist whose work prompted the poem Though Contemporary Poetry and Contemporary Science exposes and investigates strains between the way poets and scientists see and reinvent the world the book is most arresting and enjoyable when it shows just how often poets and scientists agree
