New Discoveries In The Origin Of Christianity 1899:

Catalogue of Title Entries of Books and Other Articles Entered in the Office of the Register of Copyrights, Library of Congress, at Washington, D.C. ,1900 **Recent Discoveries Illustrating Early Christian Life and Worship** Arthur John Maclean,1904 **The American Journal of Sociology** Albion W. Small,Ellsworth Faris,Ernest Watson Burgess,1900 Established in 1895 as the first U S scholarly journal in its field AJS remains a leading voice for analysis and research in the social sciences presenting work on the theory methods practice and history of sociology AJS also seeks the application of perspectives from other social sciences and publishes papers by psychologists anthropologists statisticians economists educators historians and political scientists **The Publishers Weekly** ,1900 *A History of American Literature: Later national literature: pt. 3* ,1921 **Christian Science and the Catholic Faith** Augustine Matthias Bellwald,1922 **The Oxford Handbook of Early Christian Apocrypha** Andrew F. Gregory,Christopher Mark Tuckett,Tobias Nicklas,2015 The Oxford Handbook of Early Christian Apocrypha addresses issues and themes that arise in the study of early Christian apocryphal literature It discusses key texts including the Gospel of Thomas the Gospel of Mary the Gospel of Peter letters attributed to Paul Peter and Jesus and acts and apocalypses written about or attributed to different apostles Part One consists of authoritative surveys of the main branches of apocryphal literature gospels acts epistles apocalypses and related literature and Part Two considers key issues that they raise These include their contribution to our understanding of developing theological understandings of Jesus the apostles and other important figures such as Mary It also addresses the value of these texts as potential sources for knowledge of the historical Jesus and for debates about Jewish Christian relations the practice of Christian worship and developing understandings of asceticism gender and sexuality etc The volume also considers questions such as which ancient readers read early Christian apocrypha their place in Christian spirituality and their place in contemporary popular culture and contemporary theological discourse **The Wiley Blackwell Companion to the Study of Religion** Robert A. Segal,Nickolas P. Roubekas,2021-03-10 Explore a rigorous but accessible guide to contemporary approaches to the study of religion from leading voices in the field The Wiley Blackwell Companion to the Study of Religion delivers an expert and insightful analysis of modern perspectives on the study of religion across the humanities and the social sciences Presupposing no knowledge of the approaches examined in the collection the book is ideal for undergraduate students who have yet to undertake extensive study in the humanities or social sciences The book includes perspectives from those in fields as diverse as globalization cognitive science the study of emotion law esotericism sex and gender functionalism terror the comparative method modernism and postmodernism Many of the topics covered in the book clearly hail from religious studies while others are grounded in other areas of academia All of the chapters contained within are written by recognized authors who show how their chosen discipline contributes to the understanding of the phenomenon of religion This book also includes topics like A comprehensive exploration of multiple

approaches to religious study including anthropology economics literature phenomenology philosophy psychology sociology and theology A review of various topics germane to the study of religion including the study of the body cognitive science the comparative method death and the afterlife law magic music and myth A selection of subjects touching on modern trends in extremism and violence including chapters on terror and violence fundamentalism and nationalism A discussion of the influence of modernism and postmodernism in religion Ideal for undergraduate graduate and postgraduate students in humanities and social science programs taking courses on religion and myth The Wiley Blackwell Companion to the Study of Religion will also earn a place in the libraries of specialists working in the fields of Religious Studies Theology Sociology Anthropology Psychology Political Science History and Philosophy

Later national literature: pt. III William Peterfield Trent, 1921 **The Cambridge History of American Literature: The Annual American Catalog, 1900-1909**, 1901

Alaric the Goth: An Outsider's History of the Fall of Rome Douglas Boin, 2020-06-09 Denied citizenship by the Roman Empire a soldier named Alaric changed history by unleashing a surprise attack on the capital city of an unjust empire Stigmatized and relegated to the margins of Roman society the Goths were violent barbarians who destroyed civilization at least in the conventional story of Rome's collapse But a slight shift of perspective brings their history and ours shockingly alive Alaric grew up near the river border that separated Gothic territory from Roman He survived a border policy that separated migrant children from their parents and he was denied benefits he likely expected from military service Romans were deeply conflicted over who should enjoy the privileges of citizenship They wanted to buttress their global power but were insecure about Roman identity they depended on foreign goods but scoffed at and denied foreigners their own voices and humanity In stark contrast to the rising bigotry intolerance and zealotry among Romans during Alaric's lifetime the Goths as practicing Christians valued religious pluralism and tolerance The marginalized Goths marked by history as frightening harbingers of destruction and of the Dark Ages preserved virtues of the ancient world that we take for granted The three nights of riots Alaric and the Goths brought to the capital struck fear into the hearts of the powerful but the riots were not without cause Combining vivid storytelling and historical analysis Douglas Boin reveals the Goths complex and fascinating legacy in shaping our world **Studies in Sacred Theology**, 1921 **The Cambridge History of American Literature: Later national literature: pt. II** William Peterfield Trent, John Erskine, Stuart Pratt Sherman, Carl Van Doren, 1921 **Christian Work**, 1900 **The Mizo Discovery of the British Raj** Kyle Jackson, 2023-11-02 A history of Mizoram in Northeast India from the Indigenous perspectives of encounters with the British Empire from the 1890s to the 1920s **Nature's Economy** Donald Worster, 1994-06-24 Nature's Economy is a wide ranging investigation of ecology's past first published in 1994 **Islam and Christianity in Medieval Anatolia** A.C.S. Peacock, Bruno De Nicola, 2016-03-09 Islam and Christianity in Medieval Anatolia offers a comparative approach to understanding the spread of Islam and Muslim culture in medieval Anatolia It aims to reassess work in the field since the 1971 classic by Speros Vryonis The Decline of

Hellenism in Asia Minor and the Process of Islamization which treats the process of transformation from a Byzantinist perspective Since then research has offered insights into individual aspects of Christian Muslim relations but no overview has appeared Moreover very few scholars of Islamic studies have examined the problem meaning evidence in Arabic Persian and Turkish has been somewhat neglected at the expense of Christian sources and too little attention has been given to material culture The essays in this volume examine the interaction between Christianity and Islam in medieval Anatolia through three distinct angles opening with a substantial introduction by the editors to explain both the research background and the historical problem making the work accessible to scholars from other fields The first group of essays examines the Christian experience of living under Muslim rule comparing their experiences in several of the major Islamic states of Anatolia between the eleventh and fifteenth centuries especially the Seljuks and the Ottomans The second set of essays examines encounters between Christianity and Islam in art and intellectual life They highlight the ways in which some traditions were shared across confessional divides suggesting the existence of a common artistic and hence cultural vocabulary The final section focusses on the process of Islamisation above all as seen from the Arabic Persian and Turkish textual evidence with special attention to the role of Sufism

A Patriot's History of the United States Larry Schweikart, Michael Allen, 2014-11-25 For the past three decades many history professors have allowed their biases to distort the way America's past is taught These intellectuals have searched for instances of racism sexism and bigotry in our history while downplaying the greatness of America's patriots and the achievements of dead white men As a result more emphasis is placed on Harriet Tubman than on George Washington more about the internment of Japanese Americans during World War II than about D Day or Iwo Jima more on the dangers we faced from Joseph McCarthy than those we faced from Josef Stalin A Patriot's History of the United States corrects those doctrinaire biases In this groundbreaking book America's discovery founding and development are reexamined with an appreciation for the elements of public virtue personal liberty and private property that make this nation uniquely successful This book offers a long overdue acknowledgment of America's true and proud history

Pillars in the History of Biblical Interpretation, Volume 3 Stanley E. Porter, Zachary K. Dawson, 2021-06-07 This third volume like its predecessors adds to the growing body of literature concerned with the history of biblical interpretation With eighteen essays on nineteen biblical interpreters volume 3 expands the scope of scholars both traditional and modern covered in this now multivolume series Each chapter provides a biographical sketch of its respective scholar's an overview of their major contributions to the field explanations of their theoretical and methodological approaches to interpretation and evaluations and applications of their methods By focusing on the contexts in which these scholars lived and worked these essays show what defining features qualify these scholars as pillars in the history of biblical interpretation While identifying a scholar as a pillar is somewhat subjective this volume defines a pillar as one who has made a distinctive contribution by using and exemplifying a clear method that has pushed the discipline forward at least within a given context and time period This

volume is ideal for any class on the history of biblical interpretation and for those who want a greater understanding of how the field of biblical studies has developed and how certain interpreters have played a formative role in that development

The Bloomsbury Encyclopedia of Philosophers in America John R. Shook, 2016-02-11 For scholars working on almost any aspect of American thought The Bloomsbury Encyclopedia to Philosophers in America presents an indispensable reference work Selecting over 700 figures from the Dictionary of Early American Philosophers and the Dictionary of Modern American Philosophers this condensed edition includes key contributors to philosophical thought From 1600 to the present day entries cover psychology pedagogy sociology anthropology education theology and political science before these disciplines came to be considered distinct from philosophy Clear and accessible each entry contains a short biography of the writer an exposition and analysis of his or her doctrines and ideas a bibliography of writings and suggestions for further reading Featuring a new preface by the editor and a comprehensive introduction The Bloomsbury Encyclopedia to Philosophers in America includes 30 new entries on twenty first century thinkers including Martha Nussbaum and Patricia Churchland With in depth overviews of Waldo Emerson Margaret Fuller Noah Porter Frederick Rauch Benjamin Franklin Thomas Paine and Thomas Jefferson this is an invaluable one stop research volume to understanding leading figures in American thought and the development of American intellectual history
