V. de Fivas, 2020-03-26 **New Grammar of French Grammars** Victor de Fivas, 2015-06-17 Excerpt from New Grammar of French Grammars Comprising the Substance of All the Most Approved French Grammars Extant We read in a recent London publication that there are about one hundred French Grammars for the use of English students But How many of these exhibit the orthography and rules of the language as they are fixed at the present day It is the impossibility of satisfactorily answering this question that first suggested to me the idea of producing a work which without being a mere compilation should embody the substance of the latest decisions of the French Academy with the most lucid and concise rules of the best modern French Grammarians The

single fact of the French Academy having lately published a new edition of their Dictionary entirely revised and greatly enlarged shows in an obvious point of view the call that is made for a new and improved French Grammar My plan in this publication has been to give everything useful and nothing superfluous About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at www.forgottenbooks.com This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works **New**
