New Hampshire's Child Lesley Frost, Lawrence Thompson, Arnold Grade, 1969 *New Hampshire's child* Lesley Frost, **New Hampshire Child**, 1969 Robert Frost Lesley Lee Francis, 2017-09-29 In this volume Lesley Lee Francis granddaughter of Robert Frost brings to life the Frost family's idyllic early years Through their own words we enter the daily lives of Robert known as RF to his family and friends his wife Elinor and their four children Lesley Carol Irma and Marjorie The result is a meticulously researched and beautifully written evocation of a fleeting chapter in the life of a literary family Taught at home by their father and mother the Frost children received a remarkable education Reared on poetry nurtured on the world of the imagination and instructed in the art of direct observation the children produced an exceptional body of writing and artwork in the years between 1905 and 1915 Drawing upon previously unexamined journals notebooks letters and the little magazine entitled *The Bouquet* produced by the Frost children and their friends Francis shows how the genius of Frost was enriched by his interactions with his children Francis depicts her grandfather as a generous devoted and playful man with a striking ability to communicate with his children and grandchildren She traces the family's adventures from their farm years in New Hampshire through their nearly three years in England This enchanting evocation of the Frost family's life together makes more poignant the unforeseen personal tragedies that would befall its members in later years **The American Landscape in the Poetry of Frost, Bishop, and Ashbery** M. MacArthur, 2008-08-04 Robert Frost Elizabeth Bishop and John Ashbery stand out among major American poets all three shaped the direction and pushed the boundaries of contemporary poetry on an international scale Drawing on biography cultural history and original archival research MacArthur shows us that these distinctive poets share one surprisingly central trope in their oeuvres the Romantic scene of the abandoned house This book scrutinizes the popular notion of Frost as a deeply rooted New Englander demonstrates that Frost had an underestimated influence on Bishop whose preoccupation with houses and dwelling is the obverse of her obsession with travel and questions dominant anti biographical readings of Ashbery as an urban identified poet As she reads poems that evoke particular landscapes and houses lost and abandoned by these poets MacArthur also sketches relevant cultural trends including patterns of rural de settlement the transformation of rural economies from agriculture to tourism and modern American's increasing mobility and rootlessness *A Study Guide for Robert Frost's "Mowing"* Gale, Cengage Learning, A Study Guide for Robert Frost's *Mowing* excerpted from Gale's acclaimed *Poetry for Students* This concise study guide includes plot summary character analysis author biography study questions historical context suggestions for further reading and much more For any literature project trust *Poetry for Students* for all of your research needs Dickinson's Nerves, Frost's Woods William Logan, 2018-06-05 In Dickinson's *Nerves* Frost's *Woods* William Logan the noted and often controversial critic of contemporary poetry returns to some of the greatest poems in English literature He reveals what we may not have seen before and what his critical eye can do with what he loves In essays that pair different poems *Ozymandias*

On First Looking Into Chapman's Homer In a Station of the Metro The Red Wheelbarrow After great pain a formal feeling comes and Stopping by Woods on a Snowy Evening among others Logan reconciles history and poetry to provide new ways of reading poets ranging from Shakespeare and Shelley to Lowell and Heaney In these striking essays Logan presents the poetry of the past through the lens of the past attempting to bring poems back to the world in which they were made Logan's criticism is informed by the material culture of that world whether postal deliveries in Regency London the Metro lighting in 1911 Paris or the wheelbarrows used in 1923 Deeper knowledge of the poet's daily existence lets us read old poems afresh providing a new way of understanding poems now encrusted with commentary Logan shows that criticism cannot just root blindly among the words of the poem but must live partly in a lost world in the shadow of the poet's life and the shadow of the age

Robert Frost and the New England Renaissance George Monteiro, 2021-05-11 A poem is best read in the light of all the other poems ever written So said Robert Frost in instructing readers on how to achieve poetic literacy George Monteiro's newest book follows that dictum to enhance our understanding of Frost's most valuable poems by demonstrating the ways in which they circulate among the constellations of great poems and essays of the New England Renaissance Monteiro reads Frost's own poetry not against all the other poems ever written but in the light of poems and essays by his precursors particularly Emerson Thoreau and Dickinson Familiar poems such as Mending Wall After Apple Picking Birches Stopping by Woods on a Snowy Evening The Road Not Taken and Mowing as well as lesser known poems such as The Draft Horse The Ax Helve The Bonfire Dust of Snow A Cabin in the Clearing The Cocoon and Pod of the Milkweed are renewed by fresh and original readings that show why and how these poems pay tribute to their distinguished sources Frost's insistence that Emerson and Thoreau were the giants of nineteenth century American letters is confirmed by the many poems variously influenced that derive from them His attitude toward Emily Dickinson however was more complex and sometimes less generous In his twenties he molded his poetry after hers But later after he joined the faculty of Amherst College he found her to be less a benefactor than a competitor Monteiro tells a two stranded tale of attraction imitation and homage countered by competition denigration and grudging acceptance of Dickinson's greatness as a woman poet In a daring move he composes out of Frost's own words and phrases the talk on Emily Dickinson that Frost was never invited to give In showing how Frost's work converses with that of his predecessors Monteiro gives us a new Frost whose poetry is seen as the culmination of an intensely felt New England literary experience
