An Anthropology of Biomedicine Margaret M. Lock, Vinh-Kim Nguyen, 2018-01-09 In this fully revised and updated second edition of *An Anthropology of Biomedicine* authors Lock and Nguyen introduce biomedicine from an anthropological perspective exploring the entanglement of material bodies with history environment culture and politics Drawing on historical and ethnographic work the book critiques the assumption made by the biological sciences of a universal human body that can be uniformly standardized It focuses on the ways in which the application of biomedical technologies brings about radical changes to societies at large based on socioeconomic inequalities and ethical disputes and develops and integrates the theory that the human body in health and illness is not an ontological given but a moveable malleable entity This second edition includes new chapters on microbiology and the microbiome global health and the self as a socio technical system In addition all chapters have been comprehensively revised to take account of developments from within this fast paced field in the intervening years between publications References and figures have also been updated throughout This highly regarded and award winning textbook Winner of the 2010 Prose Award for Archaeology and Anthropology retains the character and features of the previous edition Its coverage remains broad including discussion of biomedical technologies in practice anthropologies of medicine biology and human experiments infertility and assisted reproduction genomics epigenomics and uncertain futures and molecularizing racial difference ensuring it remains the essential text for students of anthropology medical anthropology as well as public and global health

A Companion to Medical Anthropology Merrill Singer, Pamela I. Erickson, 2011-05-02 *A Companion to Medical Anthropology* examines the current issues controversies and state of the field in medical anthropology today Provides an expert view of the major topics and themes to concern the discipline since its founding in the 1960s Written by leading international scholars in medical anthropology Covers environmental health global health biotechnology syndemics nutrition substance abuse infectious disease and sexuality and reproductive health and other topics

An Anthropology of Biomedicine Margaret Lock, Vinh-Kim Nguyen, 2010-04-26 *An Anthropology of Biomedicine* is an exciting new introduction to biomedicine and its global implications Focusing on the ways in which the application of biomedical technologies bring about radical changes to societies at large cultural anthropologist Margaret Lock and her co author physician and medical anthropologist Vinh Kim Nguyen develop and integrate the thesis that the human body in health and illness is the elusive product of nature and culture that refuses to be pinned down Introduces biomedicine from an anthropological perspective exploring the entanglement of material bodies with history environment culture and politics Develops and integrates an original theory that the human body in health and illness is not an ontological given but a moveable malleable entity Makes extensive use of

historical and contemporary ethnographic materials around the globe to illustrate the importance of this methodological approach Integrates key new research data with more classical material covering the management of epidemics famines fertility and birth by military doctors from colonial times on Uses numerous case studies to illustrate concepts such as the global commodification of human bodies and body parts modern forms of population and the extension of biomedical technologies into domestic and intimate domains Winner of the 2010 Prose Award for Archaeology and Anthropology

Encyclopedia of Medical Anthropology Carol R. Ember, Melvin Ember, 2003-12-31 Medical practitioners and the ordinary citizen are becoming more aware that we need to understand cultural variation in medical belief and practice The more we know how health and disease are managed in different cultures the more we can recognize what is culture bound in our own medical belief and practice The Encyclopedia of Medical Anthropology is unique because it is the first reference work to describe the cultural practices relevant to health in the world's cultures and to provide an overview of important topics in medical anthropology No other single reference work comes close to matching the depth and breadth of information on the varying cultural background of health and illness around the world More than 100 experts anthropologists and other social scientists have contributed their firsthand experience of medical cultures from around the world *Medicine Between Science and Religion* Vincanne Adams, Mona Schrepf, Sienna R. Craig, 2010-12-01 There is a growing interest in studies that document the relationship between science and medicine as ideas practices technologies and outcomes across cultural national geographic terrain Tibetan medicine is not only known as a scholarly medical tradition among other Asian medical systems with many centuries of technological clinical and pharmacological innovation it also survives today as a complex medical resource across many Asian nations from India and Bhutan to Mongolia Tibet TAR and China Buryatia as well as in Western Europe and the Americas The contributions to this volume explore in equal measure the impacts of western science and biomedicine on Tibetan grounds i.e. among Tibetans across China the Himalaya and exile communities as well as in relation to globalized Tibetan medicine and the ways that local practices change how such science gets done and how this continually hybridized medical knowledge is transmitted and put into practice As such this volume contributes to explorations into the bi-directional flows of medical knowledge and practice Medicine, Mobility, and Power in Global Africa Hansjörg Dilger, Abdoulaye Kane, Stacey A. Langwick, 2012-10-08 Recent political social and economic changes in Africa have provoked radical shifts in the landscape of health and healthcare Medicine Mobility and Power in Global Africa captures the multiple dynamics of a globalized world and its impact on medicine health and the delivery of healthcare in Africa and beyond Essays by an international group of contributors take on intractable problems such as HIV AIDS malaria and insufficient access to healthcare drugs resources hospitals and technologies The movements of people and resources described here expose the growing challenges of poverty and public health but they also show how new opportunities have been created for transforming healthcare and promoting care and healing *Biomedicalization* Adele E. Clarke, Laura

Mamo, Jennifer Ruth Fosket, Jennifer R. Fishman, Janet K. Shim, 2010-08-31 Essays describing how dramatic and especially technoscientific changes in the constitution organization and practices of contemporary biomedicine have coalesced since the mid 1980s in biomedicalization the second transformation of American medicine *Situating religion and medicine in Asia*

Michael Stanley-Baker, 2023-12-05 This edited volume presents the latest research on the intersection of religion and medicine in Asia It features chapters by internationally known scholars who bring to bear a range of methodological and geographic expertise on this topic The book s central question is to what extent religion and medicine have overlapped or interrelated in various Asian societies Collectively the contributions explore a number of related issues such as which societies separated out religious from medical concerns at which times and in what ways Where have medicine and religion converged and how has such knowledge been defined by scholars and cultural actors Are religion and medicine the best terms by which scholars can grapple with knowledge about the sacred and the self destiny and disease *Health Providers in India*

Kabir Sheikh, Asha George, 2012-09-10 This volume has articles contributed by health researchers practitioners policy advocates programme managers and a journalist and poems by renowned poet physician Gieve Patel Each presents a distinctive view of a particular group of frontline health providers based on field research or on the authors respective experiences of working with or as providers The health providers addressed in this volume include doctors working in the public and private sectors nurses public health workers counsellors traditional practitioners and homecare providers Different groups of health providers face struggles at diverse frontiers social professional and systemic In the context of reforming health systems government health workers must constantly negotiate the vagaries of changing working environments and policy vacillations For traditional and homecare providers formal health systems and structures often only reject and exclude their contributions Medical doctors conversely face difficult challenges of introspection as they tread the line between personal gain and public service The ideas and themes that emerge in this collection not only contribute to the understanding of providers roles as actors in the health systems and societies of contemporary India but re examines preconceptions about this critical occupational group This volume advances the case for a deeper appreciation of India s complex landscape of healthcare provision and of the potential roles of frontline health providers as central figures in development *Healing Elements*

Sienna R. Craig, 2012-08-22 Healing Elements is a beautiful ethnography of the practices products and epistemology of Tibetan Medicine Through her rich and gifted storytelling of experiences spanning a decade Craig weaves together a mosaic of the medical and therapeutic engagements of the troubled whole that is Tibetan Medicine today Healing Elements shows us how this conversation itself constitutes a path toward healing Vincanne Adams Professor of Medical Anthropology at the University of California San Francisco **Precious Pills**

Audrey Prost, 2008 An ethnography of the social and medical worlds of a community of Tibetan refugees in India this book addresses two main questions first how has the prolonged displacement of Tibetan refugees affected concepts of health in the exile community Second how has exile

changed traditional Tibetan medical practices This important volume not only explores how social changes linked to exile have influenced concepts of health and illness in the Tibetan refugee community but also investigates the contemporary role of traditional Tibetan medicine in exile **BOOK JACKET** **Anthropological Perspectives on Aging** Britteny M. Howell, Ryan P. Harrod, 2023-02-21 Taking a holistic approach to the study of aging this volume uses biological archaeological medical and cultural perspectives to explore how older adults have functioned in societies around the globe and throughout human history *Naturopathy in South India* Eva Jansen, 2016-08-15 In *Naturopathy in South India* Clinics between Professionalization and Empowerment Eva Jansen offers a rich ethnographic account of current naturopathic thinking and practices and examines its complex history multiple interpretations and antagonisms This book presents two major forms of Naturopathy in contemporary South India On one side a scientific professional branch models themselves after allopathic practitioners On the other side a group of ideologists uses an approach to patient treatment that is grounded in the principles of simplicity transparency a critique of globalization and a focus on patient empowerment Jansen discusses the current political and medical clash between Naturopaths in South India from the perspectives of practitioners employees the media and patients Baloch Midwives Fouzieyha Towghi, 2024-03-29 This book is the first major ethnography of Baloch midwives in Pakistan Drawing on long term ethnographic research in Balochistan province it shows how dh nabogs dheenabogs Baloch midwives ranging in age from about 30 to 80 and their dh nabogir midwifery aid women and their kin through labor and postpartum recovery Its chapters show how Baloch midwives forms and ethics of care have persisted despite nearly two centuries of British colonial policies and the subsequent disparaging official views regarding South Asian Indigenous midwives commonly known as d s in both postcolonial India and Pakistan Through their continued presence and effective uses of their traditional medicine Baloch midwives contain mediate and offer a powerful critique of women s iatrogenic suffering caused by unnecessary biomedical interventions Through a nuanced analysis of Baloch midwives ethical approach to caring for women and their responses to the exigencies of women s health this book demonstrates why over a century of state efforts to modernize and biomedicalize childbirth practices have failed to convince the majority of Baloch women in Balochistan to give birth in hospitals They instead prefer home births and the midwifery care from the dh nabogs whom they trust This book will not only be of interest to scholars and students in anthropology medical humanities public health sociology gender and women s studies gender and medical history South Asia studies and global health studies but also to those in the midwifery and the nursing profession It will also be of interest to non academic readers wishing to learn about midwives in South Asia and anyone interested in reading about traditional medicine and midwives who practice outside of European and North American cultural contexts Illness and Enlightenment Susannah Deane, 2025-02-01 Tibetan understandings of nyon madness encompass a broad range of concepts Perspectives on the causation and treatment of madness as an illness are informed by Tantric and medical understandings of mind body structure and dys functioning as

well as people's relationships with non human entities In addition madness may be seen as a sign of enlightenment in the case of some Tantric practitioners Based on ethnographic fieldwork in the Tibetan region of Amdo in northwest China as well as examination of Tibetan medical and religious texts *Illness and Enlightenment* explores the multi faceted concept of nyon through key Tibetan concepts of wind heart and mind as well as human spirit relationships **Global Health Mark**

The Top Books of the Year New Horizons In Medical Anthropology Essays In Honour Of Charles Leslie The year 2023 has witnessed a remarkable surge in literary brilliance, with numerous captivating novels enthralling the hearts of readers worldwide. Lets delve into the realm of bestselling books, exploring the engaging narratives that have captivated audiences this year. The Must-Read : Colleen Hoover's "It Ends with Us" This touching tale of love, loss, and resilience has captivated readers with its raw and emotional exploration of domestic abuse. Hoover expertly weaves a story of hope and healing, reminding us that even in the darkest of times, the human spirit can triumph. Uncover the Best : Taylor Jenkins Reids "The Seven Husbands of Evelyn Hugo" This spellbinding historical fiction novel unravels the life of Evelyn Hugo, a Hollywood icon who defies expectations and societal norms to pursue her dreams. Reids compelling storytelling and compelling characters transport readers to a bygone era, immersing them in a world of glamour, ambition, and self-discovery. Discover the Magic : Delia Owens "Where the Crawdads Sing" This evocative coming-of-age story follows Kya Clark, a young woman who grows up alone in the marshes of North Carolina. Owens weaves a tale of resilience, survival, and the transformative power of nature, captivating readers with its evocative prose and mesmerizing setting. These top-selling novels represent just a fraction of the literary treasures that have emerged in 2023. Whether you seek tales of romance, adventure, or personal growth, the world of literature offers an abundance of engaging stories waiting to be discovered. The novel begins with Richard Papen, a bright but troubled young man, arriving at Hampden College. Richard is immediately drawn to the group of students who call themselves the Classics Club. The club is led by Henry Winter, a brilliant and charismatic young man. Henry is obsessed with Greek mythology and philosophy, and he quickly draws Richard into his world. The other members of the Classics Club are equally as fascinating. Bunny Corcoran is a wealthy and spoiled young man who is always looking for a good time. Charles Tavis is a quiet and reserved young man who is deeply in love with Henry. Camilla Macaulay is a beautiful and intelligent young woman who is drawn to the power and danger of the Classics Club. The students are all deeply in love with Morrow, and they are willing to do anything to please him. Morrow is a complex and mysterious figure, and he seems to be manipulating the students for his own purposes. As the students become more involved with Morrow, they begin to commit increasingly dangerous acts. The Secret History is a exceptional and thrilling novel that will keep you wondering until the very end. The novel is a cautionary tale about the dangers of obsession and the power of evil.
