

New Labour's foreign policy

A new moral crusade?

Edited by
Richard Little & Mark Wickham-Jones

New Labours Foreign Policy A New Moral Crusade

Larissa Allwork, Rachel Pistol

New Labours Foreign Policy A New Moral Crusade:

New Labour's Foreign Policy Richard Little, Mark Wickham-Jones, 2000 On 12 May 1997 the foreign secretary Robin Cook launched a mission statement for New Labour's foreign policy This essay asks whether New Labour have re orientated the path of foreign policy from that established by the Conservatives *British Foreign and Defence Policy Since 1945* Robert Self, 2010-06-23 Foreign policy has dominated successive governments time in office and cast a consistently long shadow over British politics in the period since 1945 Robert Self provides a readable and incisive assessment of the key issues and events from the retreat from empire through the cold war period to Humanitarian Intervention and the debacle in Iraq

New Labour's Pasts James E. Cronin, 2016-09-17 Where other books are either highly partisan dismissals or appreciations of the Third Way or dull sociological accounts this book gets behind the clichés in order to show just what is left of Labour party ideology and what the future may hold New Labour has changed the face of Britain Culture class education health the arts leisure the economy have all seen seismic shifts since the 1997 election that raised Blair to power The Labour that rules has distanced itself from the failed Labour of the 70s and 80s but the core remains Labour remains gripped by its own past unable and unwilling to shed its ties to the old Labour party but determined to avoid the mistakes of which lead to four electoral defeats between 1979 and 1992 Cronin covers the full history of the party from its post war triumph through decades of shambolic leadership against ruthless and organised opposition to the resurgent New Labour of the 90s that finally took Britain into the new millennium **British Foreign Policy and the Anglican Church** Timothy Blewett, Adrian Hyde-Price, 2021-08-27 Whilst the views of leaders within the Church of England are frequently canvassed during periods of national crisis little attention has been devoted to finding out whether there are Church perspectives on contemporary foreign policy issues The Church of England has not been regarded as an actor with a strong input into international affairs preferring to speak out on domestic and individual issues Yet world politics present fundamental ethical dilemmas which call for careful deliberation and the Church has a role to play both in shaping the debate and arguing for particular policy directions To what extent is national policy shaped by underlying Christian values Do the campaigning efforts of faith groups really exert influence and guide the development of state policy This book seeks to elucidate whether there are particular Christian perspectives on the role that Great Britain should play in the world today It investigates the role that the Church of England has played in contemporary foreign policy issues including the use of force intervention counter terrorism and arms sales and overseas trade aid and debt forgiveness The book brings together senior individuals from within the Church academia and non governmental organisations to investigate these various ethical dilemmas Ethics and Foreign Policy Karen E. Smith, Margot Light, 2001-09-13 Democratic citizenship possible MERVYN FROST The Militant Face of Democracy Anna Geis, Harald Müller, Niklas Schörnig, 2013-10-10 Shifts the often naive focus of democratic peace theory towards liberal democratic militancy and highlights the role of national identities **Blair, Labour, and Palestine** Toby

Greene,2013-06-06 Many of Tony Blair's policy decisions in the Israeli Palestinian arena were controversial and politically costly Blair Labour and Palestine argues that gaps between him and much of his party were rooted in different world views A positive attitude towards Israel came to be seen as a defining mark of New Labour loyalists However contrasting views among left leaning strands in the party reflected a broader set of ideological rifts Such differences became increasingly significant in the wake of 9 11 as British policymakers sought to understand and respond to Islamic anger against the West Based on interviews conducted by the author and on previously unseen documents this unique case study shows how the distinctive world view of a political leader defined foreign policy by shaping Britain's response to Islamist violence and its interconnected approach to the Israeli Palestinian conflict Author Toby Greene also examines the extent to which ministers and officials considered shifting foreign policy in response to fears of Islamist radicalisation in the UK and Blair's role in stopping this trend especially after the 7 7 bombings

British Foreign Policy and the Conflict in Sierra Leone, 1991-2001 Michael S. Kargbo,2006 This book critically examines the content of British policy towards Sierra Leone from the outbreak of conflict there in 1991 to its official conclusion in 2001 It attempts to find answers to why Britain's New Labour government pursued a more proactive policy in Sierra Leone than its Conservative predecessors This is done by means of traditionalist but especially transformationalist theoretical approaches Analysis is made of the influence of major international organisations on British policy towards the Sierra Leone conflict as well as the impact of other important states As foreign policy is not created in a vacuum analysis is also made of the impact of the domestic setting especially bureaucratic institutions

Old Europe, New Europe and the Transatlantic Security Agenda Kerry Longhurst,Marcin Zaborowski,2013-09-13 The post September 11th security policies of Poland the UK France the US and Germany presented in this new book illustrate how and why the Atlantic community ruptured over Iraq a result in part it is argued of the existence of particular national strategic cultures Whilst the longer term effects of Iraq for the transatlantic security agenda have yet to fully transpire what is certain is that the EU's ambitions to become a credible security actor have been seriously questioned as has the notion of multilateralism as an international norm as has the function of international law The book addresses these issues by considering the evolution of the EU's role in the world and the development of American perspectives on the transatlantic security agenda This volume was previously published as a special issue of the journal European Security

Secular Morality and International Security Maria Fanis,2011-06-22 Fanis demonstrates an impressive ability to travel nimbly between abstract theoretical concepts and a messy reality In each one of the case study chapters her analysis is rich thoughtful and imaginative Ido Oren University of Florida Combining insights from cultural studies gender studies and social history Maria Fanis shows the critical importance of national identity in decisions about war and peace She challenges conventional approaches by demonstrating that domestic ethical codes influence perceptions of threat from abroad With an in depth study of U S British relations in the first half of the nineteenth century and with an

application to the recent War in Iraq she ties changes in U S and British national interest to shifts in these nations domestic codes of morality Fanis s findings have important implications for contemporary international relations theory Apart from its relevance to current events her work also makes a contribution to the literatures on foreign policy specifically American and British foreign policies and the causes of war

Peace Studies in the Chinese Century Alan Hunter,2017-05-15 The rise of China is probably the most significant shift in the international power structure this generation China s leaders have so far committed themselves to a peaceful rising but serious tensions are inevitable in such a rapid transformation Dialogue on peace and conflict issues at this juncture is invaluable This volume focuses on developments in peace research in a number of key countries and in particular introduces for the first time in English the perspectives of a number of Chinese scholars who have started to engage with peace studies agendas Comparisons are drawn from the UK USA Mexico Japan and South Africa to provide a better understanding of the debates on a global level and the discussion among different countries Some of the outstanding peace researchers who contribute to the volume include Andrew Rigby Johan Galtung who is generally considered to have founded the discipline in its current form and Ursula Oswald The volume is a valuable and unique contribution to the contemporary peace research agenda and will appeal to an interdisciplinary readership in peace studies sociology politics international relations religious studies philosophy and Asian studies

Politics UK Bill Jones,Philip Norton,2014-06-20 The revised and updated eighth edition of the bestselling textbook Politics UK is an indispensable introduction to British politics It provides a thorough and accessible overview of the institutions and processes of British government a good grounding in British political history and an incisive introduction to the issues facing Britain today With contributed chapters from respected scholars in the field and contemporary articles on real world politics from well known political commentators this textbook is an essential guide for students of British politics The eighth edition welcomes brand new material from eight new contributors to complement the rigorously updated and highly valued chapters retained from the previous edition The eighth edition includes Britain in context boxes offering contrasting international perspectives of themes in British politics A comprehensive who s who of politics in the form of Profile boxes featuring key political figures And another thing pieces short articles written by distinguished commentators including Jonathan Powell Michael Moran and Mark Garnett Fully updated chapters plus new material providing excellent coverage of contemporary political events including The Leveson Inquiry the aftermath of the 2011 riots and the House of Lords reform A vibrant and accessible new design to excite and engage students as they work through a variety of political topics A new epilogue to the book offering a critical perspective of the trials and tribulations of the Coalition Government including an overview of the major differences that divide the coalition partners

Ethics As Foreign Policy Dan Bulley,2009-05-07 This book increases understanding of significant periods in contemporary British and EU foreign policy by reading them through the concepts of subjectivity responsibility and hospitality

The Labour Party and the world, volume 1 Rhiannon Vickers,2013-07-19 This electronic

version has been made available under a Creative Commons BY NC ND open access license This is the first comprehensive study of the political ideology and history of the Labour Party's world view and foreign policy It argues that the development of Labour's foreign policy perspective should be seen not as the development of a socialist foreign policy but as an application of the ideas of liberal internationalism The first volume outlines and assesses the early development and evolution of Labour's world view It then follows the course of the Labour party's foreign policy during a tumultuous period on the international stage including the First World War the Russian Revolution the Spanish Civil War the build up to and violent reality of the Second World War and the start of the Cold War This highly readable book provides an excellent analysis of Labour's foreign policy during the period in which Labour experienced power for the first time **Ten Years of New**

Labour M. Beech, S. Lee, 2015-12-04 Evaluates the Blair government from 1997-2007 conducting high quality research into aspects of British politics with particular emphasis on parties policies and ideologies With contributions from key figures in the field further topics include New Labour's record on social policy defence policy constitutional reform and public expenditure **The Armed Forces: Towards a Post-Interventionist Era?** Gerhard Kümmel, Bastian Giegerich, 2013-07-09

The present anthology stems from the perception of a widespread and manifest uneasiness concerning the business of military intervention in our times Indeed the West is for quite some time engaged in a deep introspection about his military intervention policies in the years to come and reflects about this What will Western military intervention policies look like in the future what kind of military intervention policies is wanted and what kind of military intervention policies is financially politically and socio culturally possible and militarily feasible The hypothesis pursued in this volume states that in the foreseeable future we may see a different kind of military intervention policy and intervention posture of the West that will lead to different military interventions It may be argued that we are witnessing the dawn of a new era the era of military post interventionism The Jews, the Holocaust, and the Public Larissa Allwork, Rachel Pistol, 2019-11-25 This book explores the work and legacy of Professor David Cesarani OBE a leading British scholar and expert on Jewish history who helped to shape Holocaust research remembrance and education in the UK It is a unique combination of chapters produced by researchers curators and commemoration activists who either worked with and or were taught by the late Cesarani The chapters in this collection consider the legacies of Cesarani's contribution to the discipline of history and the practice of public history The contributors offer reflections on Cesarani's approach and provide new insights into the study of Anglo Jewish history immigrants and minorities and the history and public legacies of the Holocaust The Crisis of South African Foreign Policy

Matthew Graham, 2015-09-28 The emergence of a new democratic South Africa under Nelson Mandela was regarded as a high watermark for international ideals of human rights and democracy Much was expected of the ANC in power particularly that it would be able to translate its ideals into a coherent foreign policy for the African continent Yet its foreign policy since 1994 has been mired in accusations of incoherence contradiction and failure Here based on extensive archival research and

interviews Matthew Graham offers new ways of interpreting South Africa's foreign policy by investigating the continuities and discontinuities of the ANC's international relations from exile to political power Charting the political intrigues during the country's transition from apartheid and the subsequent influences on Presidents Mandela and Mbeki *The Crisis of South African Foreign Policy* makes a vital contribution to our understanding of why post apartheid South Africa has failed to lead Africa on the world stage *The Third Way* Alison Holmes, 2009 *The Third Way* was a phenomenon of the early mid nineties and was considered to be at the heart of the New Labour strategy that brought the Party to power in 1997 As the Party's popularity begins to wane albeit after three historical victories several questions can now be asked What was the Third Way and where did it come from in terms of its wider historical context How did it develop as both a political ideology and an electoral strategy Perhaps more importantly where did it go and what are the current prospects for any progressive political movement

War, Ethics and Justice Annika Bergman-Rosamond, Mark Phythian, 2011-01-28 This edited volume addresses the key issues of ethics war and international relations in the post 9 11 world There is a lively debate in contemporary international relations concerning the relationship between statist obligations to one's own political community and cosmopolitan duties to distant others This volume contributes to this debate by investigating aspects of the ethics of national military and security and intelligence policies in the post 9 11 environment The discursive transformation of national militaries into forces for good became normalized as the Cold War subsided While the number of humanitarian military interventions and operations rose considerably in the immediate post Cold War period the advent of the war on terror raised questions about exactly what we mean by ethical behaviour in terms of military and security policies This volume interrogates this key question via a focus that is both distinctive and illuminating on national military ethics femininities masculinities and difference and intelligence ethics The key objectives are to demonstrate the important linkages between areas of international relations that are all too often treated in isolation from one another and to investigate the growing tension between cosmopolitan and communitarian conceptions of intelligence and security and the use of armed force This book will be of much interest to students of security studies ethics gender studies intelligence studies and international relations in general Mark Phythian is Professor of Politics in the Department of Politics and International Relations at the University of Leicester He is the author or editor co editor of ten books Annika Bergman Rosamond is Senior Researcher at the Danish Institute for International Studies in Copenhagen

Whispering the Techniques of Language: An Psychological Quest through **New Labours Foreign Policy A New Moral Crusade**

In a digitally-driven earth where monitors reign supreme and quick interaction drowns out the subtleties of language, the profound techniques and psychological subtleties concealed within words frequently move unheard.
