Coriden, 2004 Canon law is the name given to the rules that govern church order and discipline of the Roman Catholic Church This valuable book which has been updated to reflect changes and adaptations in canon law and new resources in the field offers an introductory orientation of all of canon law A superb teaching and learning tool it provides outlines and overviews of relatively complex areas of canon law sketches the basic structure and design of the various offices and functions within the church and how they relate to each other and gives an orientation to the more important areas of canon law as well as a background and context within which more detailed rules can be understood Two appendices offer guidance for doing canonical research and case studies for further discussion     **Children's Rights and Obligations in Canon Law** Mary McAleese, 2019-11-04 In the first study of its kind Mary McAleese subjects to comprehensive scrutiny the Roman Catholic Church's 1983 Code of Canon law as it applies to children The Catholic Church is the world's largest non governmental organisation involved in the provision of education and care services to children It has over three hundred million child members world wide the vast majority of whom became Church members when they were baptised as infants Canon law sets out their rights and obligations as members Children also have rights which are set out in the 1989 United Nations Convention on the Rights of the Child to which the Holy See is State Party The impact of the Convention on Canon Law is examined in detail and the analysis charts a distinct and worrying sea change in the attitude of the Holy See to its obligations under the Convention since the clerical sex abuse scandals became a subject of discussion at the Committee on the Rights of the Child which monitors implementation of the Convention Mary McAleese wins Europe's richest theology prize for her study of canon law The former President of Ireland Mary McAleese has won one of the Catholic world's most prestigious prizes the Alfons Auer Ethics Award from Tbingen University in Germany for her doctoral thesis on Children's Rights and Obligations in Canon Law     [Maxwell's Handbook for AACR2](#) Robert L. Long, 2024-10-25 John Henry Newman is well known as a theologian philosopher historian writer University rector and poet but can he also be associated with the field of canon law When Newman first proposed the possibility of doctrinal development as proof that the Catholic faith was free from corruption and error he claimed the Church is declared to be the great and special support of the Truth her various functionaries are said to be means towards the settlement of diversities and of uncertainty of doctrine and securing unity of faith For Newman these various functionaries included not only apostles prophets evangelists and pastors but also theologians and as is argued in this work canon lawyers While Newman and doctrinal development have become well explored topics in the field of theology there has been little scholarship on how Newman s thoughts on doctrinal development can influence current canon law and Church governance David Long addresses that lacuna by offering a systematic analysis of Newman s concept of development within current canonical practice It starts by tracing Newman s notions of personal judgment public discussion and episcopal moderation followed by a presentation of the current canonical understanding of the theologian and finally an application of the connection between Newman s theory on development and present canonical legislation as it involves the role of the theologian By undertaking such an application and by creating a model for discussion that preserves both development and Tradition this work humbly proposes a valuable model for understanding the theologian s contribution within the life of the contemporary Church in ways not previously explored The Sensus Fidelium and Moral Theology Charles E. Curran, Lisa Fullam, 2017 Presents points of view on the sensus fidelium from a wide range of theologians and pastors and makes an outstanding contribution by widening its application to ethical and not only doctrinal issues The Case of the Pope Geoffrey Robertson KC, 2010-09-08 THE CASE OF THE POPE delivers a devastating indictment of the way the Vatican has run a secret legal system that shields paedophile priests from criminal trial around the world Is the Pope morally or legally responsible for the negligence that has allowed so many terrible crimes to go unpunished Should he and his seat of power the Holy See continue to enjoy an immunity that places them above the law Geoffrey Robertson QC a distinguished human rights lawyer and judge evinces a deep respect for the good works of Catholics and their church But he argues unless Pope Benedict XVI can divest himself of the beguilements of statehood and devotion to obsolescent canon law the Vatican will remain a serious enemy to the advance of human rights Pope Francis and the Transformation of Health Care Ethics Todd

A. Salzman, Michael G. Lawler, 2021 In June 2018 the United States Conference of Catholic Bishops USCCB released the sixth edition of the Ethical and Religious Directives for Catholic Health Care Services ERD The ERD seeks to provide ethical guidelines grounded in moral law Church teaching and canon law to guide Catholic institutions in their provision of health care This book presents a critical commentary on the revised ERD arguing that the ERD is problematic in a number of ways First it continues to prioritize a rules based over a person centered approach with an emphasis on absolute norms that proscribe particular acts Second the authors argue that the sex abuse scandal and its cover up has fundamentally undermined the Bishops credibility and yet the revised ERD omits this context and continues to emphasize the Bishop s authority over health care decisions Third the ERD does not take into account Pope Francis transformative papacy and plea for mutual understanding and dialog in implementing health care and in collaboration between Catholic and non Catholic health care providers Following this critique the authors propose new ways forward for US Catholic health care ethics First they suggest that the ERD should be grounded in the principle that human dignity is foundational to Catholic health care As there is pluralism in Catholic definitions of human dignity there must be pluralism in the norms or directives that facilitate realizing human dignity Second Pope Francis emphasis on the virtue of care should transition the ERD from a focus on specific directives and absolute norms to a focus on principles to guide patients and health care professionals as decision makers Third the authors argue that any future ERD must include consideration of climate change race refugees poverty and other social issues in its conception of health care ethics

*Seeking in Solitude* Bernadette McNary-Zak, 2014-06-02 *Seeking in Solitude* examines select forms of contemporary Roman Catholic eremitic life and practice in the United States Given the sustained presence of and increased interest in the eremitic life and practice this book responds to the question of the place of the hermit in American Catholicism in a way that neither mystifies nor mythologizes it but rather attempts to understand it

**JUST MINISTRY** Richard M. Gula, 2010 At a time when concerns for misconduct abuse scandals and liability have brought pastoral ministers under greater scrutiny than ever before and have threatened to undermine their morale Just Ministry offers a positive perspective on the vocation of pastoral ministry and wise ethical guidance to foster integrity in ministry This is a helpful training and evaluative resource for those involved in pastoral ministry as ordained clergy religious or lay ministers Key concepts are illustrated through case studies and practical strategies for acquiring and developing virtues as well as preventative education for pastoral ministry in avoiding misconduct

*A Service Beyond All Recompense* Kurt Martens, 2018 When Monsignor Thomas J Green professor at the School of Canon Law at The Catholic University of America approached his seventy fifth birthday and the fiftieth anniversary of his priestly ordination his colleagues planned on offering him a fitting tribute in the form of a festschrift Six people with different backgrounds but all related to Msgr Green on one way or another have written a laudatio a short congratulatory letter in honor of Monsignor Green No less than fifteen contributions on various topics by colleagues canon law scholars clearly relate and reflect upon the honoree s scholarly

contributions to canon law The topics are extremely varied and illustrate how Monsignor Green has been or is active in nearly every area of canon law Virtually every book of the Code of Canon Law is covered if not directly at least indirectly While the book is a tribute to an eminent professor the various scholarly contributions are unique pieces of scholarship The authors of the laudatio are John Garvey President The Catholic University of America Andrew Abela Provost The Catholic University of America Rev Msgr J Brian Bransfield General Secretary of the United States Conference of Catholic Bishops Rev Msgr Ronny E Jenkins Dean School of Canon Law The Catholic University of America Rev Msgr J James Cuneo Diocese of Bridgeport and Sister Sharon Euart RSM Executive Director Resource Center for Religious Institutes Silver Spring MD

**The Responsibilities and Significance of the Congregatio Pro Clericis in the Life and Ministry of the Diocesan Clergy** Christian Onyems Okwuru, 2012-08-24 Of the many problems which excite general concern in the Catholic Church today are issues regarding the ministerial priesthood Lack of collegiality with the authority structure of the Church and other circumstances have contributed to the frustration of many priests Of this unfortunate state of affairs this study carried out in the light of the apostolic constitution Pastor Bonus of John Paul II aims to address some of those pertinent matters confronting priests in their day to day living Its many features include the sanctification and ongoing formation of clerics clerical rights and obligations the equitable distribution of the clergy in the world and priestly sustenance It also examines the pastoral leadership of parish priests in their sacramental role as pater familias in the community of faith and the challenges confronting pastoral ministry in today's parishes      Legal Flexibility and the Mission of the Church Will Adam, 2016-04-22 Legal scholars and authorities generally agree that the law should be obeyed and should apply equally to all those subject to it without favour or discrimination Yet it is possible to see that in any legal system there will be situations when strict application of the law will produce undesirable results such as injustice or other consequences not intended by the law as framed In such circumstances the law may be changed but there may be broad policy reasons not to do so The allied concepts of dispensation and economy grew up in the western and eastern traditions of the Christian church as mechanisms whereby an individual or a class of people could by authority be excused from obligations under a particular law in particular circumstances without that law being changed This book uncovers and explores this neglected area of church life and law Will Adam argues that dispensing power and authority exist in various guises in the systems of different churches Codified and understood in Roman Catholic and Orthodox canon law this arouses suspicion in the Church of England and in English law in general The book demonstrates that legal flexibility can be found in English law and is integral to the law of the Church to enable the Church today better to fulfil its mission in the world      A Ministry of Discernment Amanda C. Osheim, 2016 Both the faithful and bishops are called to learn and to teach Empowered by the Holy Spirit the faithful of the local church witness to the apostolic tradition with their lives and so are teachers Learning to receive and respond to the sense of the faithful is an essential way the bishop grows in his personal ability to teach the church's faith in authentic and

meaningful ways How is the bishop s ministry of discernment formed by spirituality and what structures strengthen it Ignatian spirituality and the structures of discernment in the Society of Jesus model ways for bishops to cultivate discernment as a spiritual habit and provide insight for renovating diocesan structures to incorporate discerning dialogue with the faithful In *A Ministry of Discernment* Amanda Osheim moves from ecclesiological theory to imagining spiritual practices and church structures in the hope of contributing not only to the academic conversation about the *sensus fidelium* but also to the ways the church practically lives out our response to the Holy Spirit

**Religious Actors and International Law** Ioana Cismas, 2014-07-17 This book assesses whether a new category of religious actors has been constructed within international law Religious actors through their interpretations of the religion s they are associated with uphold and promote or indeed may transform potentially oppressive structures or discriminatory patterns This study moves beyond the concern that religious texts and practices may be incompatible with international law to provide an innovative analysis of how religious actors themselves are accountable under international law for the interpretations they choose to put forward The book defines religious actors as comprising religious states international organizations and non state entities that assume the role of interpreting religion and so claim a special legitimacy anchored in tradition or charisma Cutting across the state non state divide this definition allows the full remit of religious bodies to be investigated It analyses the crucial question of whether religious actors do in fact operate under different international legal norms to non religious states international organizations or companies To that end the Holy See Vatican the Organization of Islamic Cooperation and churches and religious organizations under the European Convention on Human Rights regime are examined in detail as case studies The study ultimately establishes that religious actors cannot be seen to form an autonomous legal category under international law they do not enjoy special or exclusive rights nor incur lesser obligations when compared to their respective non religious peers Going forward it concludes that a process of two sided legitimation may be at stake religious actors will need to provide evidence for the legality of their religious interpretations to strengthen their legitimacy and international law itself may benefit from religious actors fostering its legitimacy in different cultural contexts

*Renewing Parish Culture* John J. Piderit, Melanie M. Morey, 2008-01-28 American Catholic parishes throughout the country have been shrinking since the 1960s John J Pideret S J and Melanie Morey bring fifty years of experience in Catholic colleges and universities where they had extensive contact with young Catholics and New York City parishes In this volume they discuss the general problem of declining parishes and specify several solutions to the various underlying issues The authors employ four basic principles narrative norms benefits and practices to increase Mass attendance to strengthen a broad Eucharistic culture to encourage a wider use of prayer and to establish enduring religious education This book is an important resource for every Catholic church

**Lack of Internal Freedom on Matrimonial Consent: An Analysis of Rotal Jurisprudence and American Decisions** Jaimes Ponce, JCD, 2012 A critical analysis of Rotal jurisprudence and sentences rendered by American

Ecclesiastical Tribunals on lack of internal freedom on matrimonial consent It discusses the similarities and differences between these two Ecclesiastical courts and reviews some of the deficiencies prevalent in some American Ecclesiastical tribunals regarding their process for granting declarations of nullity Church Disputes Mediation James Behrens, 2003

*The Development of Moral Theology* Charles E. Curran, 2013-11-08 Charles Curran in his newest book *The Development of Moral Theology Five Strands* brings a unique historical and critical analysis to the five strands that differentiate Catholic moral theology from other approaches to Christian ethics sin and the manuals of moral theology the teaching of Thomas Aquinas and later Thomists natural law the role of authoritative church teaching in moral areas and Vatican II Significant changes have occurred over the course of these historical developments In addition pluralism and diversity exist even today as illustrated for example in the theory of natural law proposed by Cardinal Ratzinger In light of these realities Curran proposes his understanding of how the strands should influence moral theology today A concluding chapter highlights the need for a truly theological approach and calls for a significant change in the way that the papal teaching office functions today and its understanding of natural law In a work useful to anyone who studies Catholic moral theology *The Development of Moral Theology* underscores in the light of the historical development of these strands the importance of a truly theological and critical approach to moral theology that has significant ramifications for the life of the Catholic church
