

The National Cultural Resources Information Management System (NCRIMS)

New Horizons for Cultural Resources Data Management and Analyses

F. Kirk Halford  and Dayna M. Ables

ABSTRACT

Despite making great strides over the past 50 years, cultural resources data management and synthesis continues to be elusive and nonstandardized, with each state and agency developing disparate systems that do not easily mesh. The Bureau of Land Management (BLM) has embarked on a national initiative by creating a National Cultural Resources Data Standard (NCRDS) that works to address many long-standing data organization issues. The NCRDS allows for the application of more rigorous data management principles that facilitate landscape-level planning and data modeling on BLM-administered lands across the western United States. The NCRDS and associated National Cultural Resources Information Management System (NCRIMS) contains normalized data from 11 western State Historic Preservation Offices (SHPOs) and BLM data stores. NCRIMS is a web-based application hosted by the BLM's National Operations Center (NOC) Enterprise Geographic Information System (EGIS). NCRIMS allows for high-level planning during local, regional, and multistate project analyses and undertakings, facilitating consideration of cultural heritage values early in the planning process versus late stages as has been traditional. This allows the BLM to more proactively, effectively, and efficiently answer data calls and inform agency decision-makers on possible impacts to cultural heritage resources by proposed or ongoing agency actions.

Keywords: cultural resources data management, national data standard, landscape-level planning, modeling, EGIS

Pese a los avances de los últimos 50 años, la gestión y síntesis de los datos del patrimonio cultural son complejos ya que cada agencia y Estado utiliza sistemas dispares no-estandarizados que son difíciles de homologar. Dada esta situación, el Bureau of Land Management (BLM) ha desarrollado el National Cultural Resources Data Standard (NCRDS), una iniciativa de nivel nacional que aborda los problemas de organización de macrodatos. El NCRDS aplica rigurosos principios de gestión de datos que facilitan la planificación, a nivel de paisaje y modelos, en las tierras administradas por el BLM en toda la zona oeste de los Estados Unidos. El NCRDS y el National Cultural Resources Information Management System (NCRIMS) asociado, contienen datos normalizados de 11 Estados del oeste (BLM) y de la State Historic Preservation Offices (SHPOs). NCRIMS es una aplicación web auspiciada por el Enterprise Geographic Information System (EGIS) del National Operations Center (NOC) de BLM. NCRIMS permite un alto nivel de planificación durante la ejecución y análisis de proyectos locales, regionales y multi-estatales. Esto facilita la consideración de los valores patrimoniales desde primeras etapas del proceso de planificación, en lugar de que éstos sean evaluados en las etapas finales, como se ha hecho tradicionalmente. BLM puede así responder de manera proactiva, efectiva y eficiente a las consultas de datos. Además, las agencias involucradas pueden ser informadas por la BLM sobre el posible impacto que acciones propuestas o en curso pueden tener sobre el patrimonio cultural.

Palabras clave: gestión de datos de recursos culturales, norma nacional de datos, planificación a nivel de paisaje, modelado, EGIS

Large landscape-scale planning efforts, policies (see *Secretarial Orders* [SO] 3330 and 3336, and interstate undertakings have brought to the forefront the need for effective and efficient ways to manage and analyze spatial information on archaeological and historic sites for cultural resources management (CRM). Over the past several years, more calls for landscape-level approaches to

analyzing the past have been promoted (Altschul 2016; Bureau of Land Management [BLM] 2012; Doelle et al. 2016; Halford 2019; Heinen and Altschul 2019; McManamon et al. 2016; Murtha et al. 2019) versus “site-centric” methods, which have been the historic norm in CRM. Site-centric approaches are due, in part, to the fact that CRM has been caught in a sort of “methodological

New Horizons In Information Management:

Computer Information Systems and Industrial Management Khalid Saeed, Jiří Dvorský, 2024-08-29 This book constitutes the proceedings of the 23rd International Conference on Computer Information Systems and Industrial Management CISIM 2024 held in Bialystok Poland during September 27-29, 2024. The 31 full papers presented were carefully reviewed and selected from 47 submissions. These papers focus on biometrics and pattern recognition applications, computer information systems and security, industrial management and other applications, machine learning and artificial neural networks, modelling and optimization. New Horizons in Management, Leadership and Sustainability Satinder

Dhiman, Ramanie Samaratunge, 2021-05-17 Drawing upon research and practitioner narratives from management, leadership, organizational studies, entrepreneurship and sustainable business domains, this book explores the many pathways that enable emerging countries to transform knowledge into action to achieve economic and sustainable development. The authors take a holistic approach to transforming knowledge that goes beyond the mere application of knowledge to include the assimilation, adaptation and contextualization of knowledge to suit the unique contexts, needs and conditions existing in emerging countries. They then present success stories and case studies comprising innovative solutions for emerging economies that practitioners can utilize. Current research in management is highlighted by bringing together academics, practitioners, policy makers and interest groups from diverse regions and perspectives. **Geographical Information Systems Theory,**

Applications and Management Lemonia Ragia, Cédric Grueau, Robert Laurini, 2019-08-21 This book constitutes the thoroughly refereed proceedings of the 4th International Conference on Geographical Information Systems Theory Applications and Management GISTAM 2018 held in Funchal, Madeira, Portugal in March 2018. The 7 revised full papers presented were carefully reviewed and selected from 58 submissions. The papers are centered on urban and regional planning, water information systems, geospatial information and technologies, spatio-temporal database management, decision support systems, energy information systems, GPS and location detection. Human Resource Information Systems Richard

D. Johnson, Kevin D. Carlson, Michael J. Kavanagh, 2025-01-28 A one-of-a-kind book that provides a thorough introduction to the field of Human Resource Information Systems (HRIS) and shows how organizations today can leverage HRIS to make better people decisions and manage talent more effectively. **Big Data Governance and Perspectives in Knowledge**

Management Strydom, Sheryl Kruger, Strydom, Moses, 2018-11-16 The world is witnessing the growth of a global movement facilitated by technology and social media. Fueled by information, this movement contains enormous potential to create more accountable, efficient, responsive and effective governments and businesses, as well as spurring economic growth. Big Data Governance and Perspectives in Knowledge Management is a collection of innovative research on the methods and applications of applying robust processes around data and aligning organizations and skillsets around those processes. Highlighting a range of topics including data analytics, prediction analysis and software development, this book is ideally

designed for academicians researchers information science professionals software developers computer engineers graduate level computer science students policymakers and managers seeking current research on the convergence of big data and information governance as two major trends in information management

Water accounting & auditing guidelines Batchelor, C., Hoogeveen, J., Faurès, J.M., Peiser, L., Food and Agriculture Organization of the United Nations, 2016-01-01 In many regions of the world sustainable and reliable delivery of water services has become increasingly complex and problematic Complexities that are very likely to increase considering the unprecedented confluence of pressures linked to demographic economic dietary trends and climate change Particularly if overall demand for freshwater exceeds supply the delivery of water services is often less about engineering although engineering is still required and more about politics governance managing and protecting sources resolving conflicts about water ensuring rights to water are respected and so on It is also about understanding and monitoring the hydrological cycle at the appropriate scale of analysis This is where water accounting and auditing can play a crucial role The rationale behind this water accounting and auditing sourcebook is that scope exists worldwide to improve water related sectoral and inter sectoral decision making at local regional and national levels Water accounting and auditing are recommended by FAO and others as being fundamental to initiatives that aim to cope with water scarcity This sourcebook aims to provide practical advice on the application and use of water accounting and auditing helping users planning and implementing processes that best fit their needs

Semantic Knowledge Management: An Ontology-Based Framework Zilli, Antonio, Damiani, Ernesto, Ceravolo, Paolo, Corallo, Angelo, Elia, Gianluca, 2008-08-31 This book addresses the Semantic Web from an operative point of view using theoretical approaches methodologies and software applications as innovative solutions to true knowledge management Provided by publisher

Information Systems Julius T. Tou, 2012-12-06 Ten years ago the first International Symposium on Computer and Information Sciences COINS 63 was held at Northwestern University Since that time computer and information sciences have witnessed a great intensification of research and education The activities in this field have been significantly broadened and enriched During this ten year period we have organized four COINS symposia to provide a forum for promoting communication among scientists engineers and educators in the computer and information science field and to act as a catalyzer for stimulating creative thinking within the community of information processing The COINS 72 symposium which took place in Miami Beach on December 14 16 1972 under the cosponsorship of the U S Army Research Office the Atomic Energy Commission and the University of Florida is the fourth International Symposium on Computer and Information Sciences The theme of this COINS symposium is information systems This theme has been selected for the following reasons Information systems have offered widespread applications in education government industry and science The bulk of research in computer and information science is now geared to the development of improved information systems A major portion of software engineering is concerned with computer software and sophisticated information system design It seems logical that

a symposium on information systems should follow the preceding software engineering conference **Information Systems Development** Chris Barry, Kieran Conboy, Michael Lang, Gregory Wojtkowski, Wita Wojtkowski, 2008-10-24 Information Systems Development ISD progresses rapidly continually creating new challenges for the professionals involved New concepts approaches and techniques of systems development emerge constantly in this field Progress in ISD comes from research as well as from practice This conference will discuss issues pertaining to information systems development ISD in the inter networked digital economy Participants will include researchers both experienced and novice from industry and academia as well as students and practitioners Themes will include methods and approaches for ISD ISD education philosophical ethical and sociological aspects of ISD as well as specialized tracks such as distributed software development ISD and knowledge management ISD and electronic business electronic government ISD in public sector organizations IOS

Information Systems Architecture and Technology: Proceedings of 39th International Conference on Information Systems Architecture and Technology - ISAT 2018 Jerzy Świątek, Leszek Borzemski, Zofia Wilimowska, 2018-08-27 This three volume set of books highlights major advances in the development of concepts and techniques in the area of new technologies and architectures of contemporary information systems Further it helps readers solve specific research and analytical problems and glean useful knowledge and business value from the data Each chapter provides an analysis of a specific technical problem followed by a numerical analysis simulation and implementation of the solution to the real life problem Managing an organisation especially in today's rapidly changing circumstances is a very complex process Increased competition in the marketplace especially as a result of the massive and successful entry of foreign businesses into domestic markets changes in consumer behaviour and broader access to new technologies and information calls for organisational restructuring and the introduction and modification of management methods using the latest advances in science This situation has prompted many decision making bodies to introduce computer modelling of organisation management systems The three books present the peer reviewed proceedings of the 39th International Conference Information Systems Architecture and Technology ISAT held on September 16-18 2018 in Nysa Poland The conference was organised by the Computer Science and Management Systems Departments Faculty of Computer Science and Management Wrocław University of Technology and Sciences and University of Applied Sciences in Nysa Poland The papers have been grouped into three major parts Part I discusses topics including but not limited to Artificial Intelligence Methods Knowledge Discovery and Data Mining Big Data Knowledge Based Management Internet of Things Cloud Computing and High Performance Computing Distributed Computer Systems Content Delivery Networks and Service Oriented Computing Part II addresses topics including but not limited to System Modelling for Control Recognition and Decision Support Mathematical Modelling in Computer System Design Service Oriented Systems and Cloud Computing and Complex Process Modelling Part III focuses on topics including but not limited to Knowledge Based Management Modelling

of Financial and Investment Decisions Modelling of Managerial Decisions Production Systems Management and Maintenance Risk Management Small Business Management and Theories and Models of Innovation *In Search of Knowledge Management* Annie Green, Michael Stankosky, Linda Vandergriff, 2009-12-21 Offers research and practice insights into the emerging discipline and field of knowledge management and aims to accelerate a global adoption of knowledge management KM as a distinct and critical field of study for today's professionals It is suitable for universities research centres and organizations working on KM

Data Management: a gentle introduction Bas van Gils, 2020-03-03 The overall objective of this book is to show that data management is an exciting and valuable capability that is worth time and effort More specifically it aims to achieve the following goals 1 To give a gentle introduction to the field of DM by explaining and illustrating its core concepts based on a mix of theory practical frameworks such as TOGAF ArchiMate and DMBOK as well as results from real world assignments 2 To offer guidance on how to build an effective DM capability in an organization This is illustrated by various use cases linked to the previously mentioned theoretical exploration as well as the stories of practitioners in the field The primary target groups are busy professionals who are actively involved with managing data The book is also aimed at Bachelor's Master's students with an interest in data management The book is industry agnostic and should be applicable in different industries such as government finance telecommunications etc Typical roles for which this book is intended data governance office council data owners data stewards people involved with data governance data governance board enterprise architects data architects process managers business analysts and IT analysts The book is divided into three main parts theory practice and closing remarks Furthermore the chapters are as short and to the point as possible and also make a clear distinction between the main text and the examples If the reader is already familiar with the topic of a chapter he/she can easily skip it and move on to the next

Research Handbook on Information Systems and the Environment Vanessa A. Cooper, Johann J. Kranz, Saji K. Mathew, Richard T. Watson, 2023-07-01 This comprehensive Research Handbook provides international perspectives on the role of information systems in environmental sustainability drawing on ground breaking research from leading scholars to predict future trends Presenting in depth studies which utilise a diverse range of research approaches and methods this insightful Handbook provides a thorough examination of information systems research on environmental sustainability

Information Systems Marinos Themistocleous, Paulo Rupino da Cunha, 2019-01-11 This book constitutes selected papers from the 15th European Mediterranean and Middle Eastern Conference EMCIS 2018 held in Limassol Cyprus in October 2018 EMCIS is dedicated to the definition and establishment of Information Systems as a discipline of high impact for the methodical community and IS professionals focusing on approaches that facilitate the identification of innovative research of significant relevance to the IS discipline The 34 full and 8 short papers presented in this volume were carefully reviewed and selected from a total of 108 submissions They were organized in topical sections named blockchain technology and applications big data and analytics cloud computing digital

New Horizons In Information Management Introduction

In this digital age, the convenience of accessing information at our fingertips has become a necessity. Whether its research papers, eBooks, or user manuals, PDF files have become the preferred format for sharing and reading documents. However, the cost associated with purchasing PDF files can sometimes be a barrier for many individuals and organizations. Thankfully, there are numerous websites and platforms that allow users to download free PDF files legally. In this article, we will explore some of the best platforms to download free PDFs. One of the most popular platforms to download free PDF files is Project Gutenberg. This online library offers over 60,000 free eBooks that are in the public domain. From classic literature to historical documents, Project Gutenberg provides a wide range of PDF files that can be downloaded and enjoyed on various devices. The website is user-friendly and allows users to search for specific titles or browse through different categories. Another reliable platform for downloading New Horizons In Information Management free PDF files is Open Library. With its vast collection of over 1 million eBooks, Open Library has something for every reader. The website offers a seamless experience by providing options to borrow or download PDF files. Users simply need to create a free account to access this treasure trove of knowledge. Open Library also allows users to contribute by uploading and sharing their own PDF files, making it a collaborative platform for book enthusiasts. For those interested in academic resources, there are websites dedicated to providing free PDFs of research papers and scientific articles. One such website is Academia.edu, which allows researchers and scholars to share their work with a global audience. Users can download PDF files of research papers, theses, and dissertations covering a wide range of subjects. Academia.edu also provides a platform for discussions and networking within the academic community. When it comes to downloading New Horizons In Information Management free PDF files of magazines, brochures, and catalogs, Issuu is a popular choice. This digital publishing platform hosts a vast collection of publications from around the world. Users can search for specific titles or explore various categories and genres. Issuu offers a seamless reading experience with its user-friendly interface and allows users to download PDF files for offline reading. Apart from dedicated platforms, search engines also play a crucial role in finding free PDF files. Google, for instance, has an advanced search feature that allows users to filter results by file type. By specifying the file type as "PDF," users can find websites that offer free PDF downloads on a specific topic. While downloading New Horizons In Information

Management free PDF files is convenient, its important to note that copyright laws must be respected. Always ensure that the PDF files you download are legally available for free. Many authors and publishers voluntarily provide free PDF versions of their work, but its essential to be cautious and verify the authenticity of the source before downloading New Horizons In Information Management. In conclusion, the internet offers numerous platforms and websites that allow users to download free PDF files legally. Whether its classic literature, research papers, or magazines, there is something for everyone. The platforms mentioned in this article, such as Project Gutenberg, Open Library, Academia.edu, and Issuu, provide access to a vast collection of PDF files. However, users should always be cautious and verify the legality of the source before downloading New Horizons In Information Management any PDF files. With these platforms, the world of PDF downloads is just a click away.

FAQs About New Horizons In Information Management Books

How do I know which eBook platform is the best for me? Finding the best eBook platform depends on your reading preferences and device compatibility. Research different platforms, read user reviews, and explore their features before making a choice. Are free eBooks of good quality? Yes, many reputable platforms offer high-quality free eBooks, including classics and public domain works. However, make sure to verify the source to ensure the eBook credibility. Can I read eBooks without an eReader? Absolutely! Most eBook platforms offer web-based readers or mobile apps that allow you to read eBooks on your computer, tablet, or smartphone. How do I avoid digital eye strain while reading eBooks? To prevent digital eye strain, take regular breaks, adjust the font size and background color, and ensure proper lighting while reading eBooks. What the advantage of interactive eBooks? Interactive eBooks incorporate multimedia elements, quizzes, and activities, enhancing the reader engagement and providing a more immersive learning experience. New Horizons In Information Management is one of the best book in our library for free trial. We provide copy of New Horizons In Information Management in digital format, so the resources that you find are reliable. There are also many Ebooks of related with New Horizons In Information Management. Where to download New Horizons In Information Management online for free? Are you looking for New Horizons In Information Management PDF? This is definitely going to save you time and cash in something you should think about.
