Barlett,Geoffrey W. Chase,2004 Stories both practical and inspirational about environmental leadership on campus These personal narratives of greening college campuses offer inspiration motivation and practical advice Written by faculty staff administrators and a student from varying perspectives and reflecting divergent experiences these stories also map the growing strength of a national movement toward environmental responsibility on campus Environmental awareness on college and university campuses began with the celebratory consciousness raising of Earth Day 1970 Since then environmental action on campus has been both global in research and policy formation and local in efforts to make specific environmental improvements on campuses The stories in this book show that achieving environmental sustainability is not a matter of applying the formulas of risk management or engineering technology but part of what the editors call the messy reality of participatory engagement in cultural transformation In

Sustainability on Campus campus leaders recount inspiring stories of strategies that moved eighteen colleges and universities toward a more sustainable future This book is for faculty students administrators staff and community partners whether hesitant or committed knowledgeable or newcomer Scholars and activists have recognized the crucial role that higher education can play in the sustainability effort and each chapter in the book is full of ideas about how to get started revitalize efforts and overcome roadblocks Human and at times joyful these stories illustrate many forms of leadership in new courses and faculty development green buildings and administrative policies student programs residential life and collaborations with local communities

*Higher Education and the Challenge of Sustainability* Peter Blaze Corcoran, Arjen E.J. Wals, 2007-05-08 Sustainability challenges universities around the world to rethink their missions and to restructure their courses research programs and life on campus Graduates are increasingly exposed to notions of sustainability which are emotionally politically ethically and scientifically charged They must be able to deal with conflicting norms and values uncertain outcomes and futures and a changing knowledge base At the same time they will need to be able to contextualize knowledge in an increasingly globalized society This book provides a variety of valuable theoretical and practical resources for students teachers researchers and administrators who seek to integrate sustainability in higher education Sustainability is not only explored as both an outcome and a process of learning but as a catalyst for educational change and institutional innovation The book raises the various

problematics related to this inchoate field and provides an intellectual history and critical assessment of the prospects for institutionalizing sustainability in higher education      **Come Sit on My Tangerine Couch** Carol Y. Godsave, 2024-03-25

About the Author Who am I I am a small mouthy person who was born on the East Coast at the end of WW II grew up and matured in placid 1950 s Americana and the turbulent 60s and 70s I was a successful entrepreneur and businesswoman during the docile 80s and 90s and am now aging in the turbulent early years of the 21st century I have driven a hippie van and muscle cars ridden subways in NYC Boston London and Paris rescued old cats started and managed several businesses subsisted on food stamps made 1 million in a year voted in every election since age 21 knitted about 1 000 scarves planted about 1 000 bulbs and hugged many more than 1 000 times      **Indigenous STEM Education** Pauline W. U. Chinn, Sharon Nelson-Barber, 2023-07-25

This book builds upon the range of Indigenous theory and research found in Volume I and applies these learnings to interventions in schools communities teacher education and professional development It is part of a two volume set addresses a growing recognition that interdisciplinary cross cultural and cross hybrid learning is needed to foster scientific and cultural understandings and move STEM learning toward more just and sustainable futures for all learners Authors working in Eurocentric settings of schools and colleges whether in the continental or island United States Canada Thailand Taiwan or Chuuk utilize storytelling place language and experiential learning to engage students in meaningful highly contextualized study that honors ancestral knowledge and practices They recognize that their disciplines have been structured and colonized by Eurocentric American frameworks that lack storied ethical contexts developed through living sustainably in particular places Recognizing that students seeking to enter STEM majors and careers now must be knowledgeable in multiple ways authors describe innovative ways to immerse precollege learners as well as developing and practicing teachers in settings that intersect culture place heritage language and praxis that enable Indigenous and local knowledge to become central to learning Twenty first century technologies of distance learning digital story telling and mapping technologies now enable formerly marginalized minoritized groups to share their worldviews and systems of knowledge      **Multiply** David Nelson, 2024-05-31

God has not only created us with the ability to multiply through having children he has also given us the power to multiply disciples who multiply disciples through the preaching of the gospel in the power of the Holy Spirit In Genesis and Acts we read how God enabled man to multiply biologically and spiritually We read how the number of disciples greatly increased and multiplied during the era of the early church In his book Dr David Nelson explains eight principles for building a ministry of multiplication These biblically based principles will empower you to see a solid ministry that will grow into a ministry that multiplies disciple makers      *Theta News* Theta Kappa Nu Fraternity, 1927

**Waking the Giant** Ryan Shaw, 2005-12-15 The Resurging Student Mission Movement College campuses of the world have historically been the premier place where laborers for the nations have been fashioned by the hand of God These individuals have most often been influenced by powerful and united student mission movements in their college

communities Now it's this generation's turn Waking the Giant envisions and provides practical tools for individuals and ministries among the emerging generation to be set aflame through a grassroots mission movement God is on the move in extraordinary ways The time has come
