Our power is that of the working people Fidel Castro,1981 **Fidel Castro Speeches** Fidel Castro,1983 **Our**
Power is that of the Working People Fidel Castro,1983 Speeches spanning more than two decades trace the fight of the revolutionary vanguard to deepen the proletarian course of the Cuban revolution **The Second Economy in Marxist States** Maria Los,2016-01-13 This book analyses and compares the unofficial economies and their control in ten marxist states the USSR Poland Hungary Romania Yugoslavia Cuba Nicaragua China Angola and Tanzania It provides a vivid mosaic like panorama of the hidden economies in these countries The book breaks with the view that the unofficial economy is simply a by product of the official economy It shows an unfolding interplay between these two economies which moulds and limits both the dynamics and the direction of the process of change In her final essay Maria Los develops a theoretical model linking second economies with the process of marxist economic development The key stages of this process are identified as 1 The stage of radical transformation 2 The monopolisation period 3 The reformist phase and 4 Post reformist decadence The volume throws a new light on the prospects and problems of the reformist movements which have swept the Soviet Union China and several other marxist states in the 1980s *Cuban Communism 9th Editi* Irving Louis Horowitz,Jaime Suchlicki, Forty six essays presented by avowedly anti Castro editors and gathered mostly from US journals and books of the past couple decades are organized into five sections devoted to the history economy society military and polity of Cuba Some of the specific topics treated include Cuban and Soviet relations decentralization local government and participation economic policies and strategies for the 1990s the politics of sports political and military relations and forecasting institutional changes after Castro In addition two appendices present a chronology of the Cuban revolution from 1959 to 1998 and biographical essays on 19 revolutionary leaders Annotation copyrighted by Book News Inc Portland OR [Fidel Castro's Childhood](#) Steven Walker,2012-05-17 Fidel Castro is something of an enigma For 50 years he has defied all America s attempts to topple him and Cuba s government He continues to occupy a special place in Cuba s collective consciousness and over his unique version of a socialist society in Latin America but what shaped him into the person he is today The saying goes to understand the man you must first understand the child and no other book has concentrated exclusively on Fidel Castro s childhood and on his formative experiences Fidel Castro s Childhood The Untold Story examines those crucial early years that together with external circumstances and family relationships made Castro the man he is Steven Walker has used all the available evidence including the testimony of close friends to assemble the facts to analyse interpret and draw conclusions using his extensive knowledge of politics psychotherapy and child development Fidel Castro s Childhood The Untold Story offers an opportunity to gain new insight into the life of Castro Love or loathe him you cannot ignore him Castro is one of the iconic political figures of the 20th century and a towering character in the pantheon of revolutionary leaders Fidel Castro s Childhood The

Untold Story throws light into the dark corners and shadowy recesses of the early life of this exceptional enigmatic character Che Guevara might receive more international attention in the story of Cuba's history but it is Castro who has remained enticingly enigmatic until now Everything Within The Revolution Thomas C Dalton,1993-07-06 Vanguard of the Revolution A. James McAdams,2019-11-19 The first comprehensive political history of the communist party Vanguard of the Revolution is a sweeping history of one of the most significant political institutions of the modern world The communist party was a revolutionary idea long before its supporters came to power A James McAdams argues that the rise and fall of communism can be understood only by taking into account the origins and evolution of this compelling idea He shows how the leaders of parties in countries as diverse as the Soviet Union China Germany Yugoslavia Cuba and North Korea adapted the original ideas of revolutionaries like Karl Marx and Vladimir Lenin to profoundly different social and cultural settings Vanguard of the Revolution is essential reading for anyone seeking to understand world communism and the captivating idea that gave it life Cuban Communism/8th Editi Irving Louis Horowitz,1995-01-01 Forty six essays presented by avowedly anti Castro editors and gathered mostly from US journals and books of the past couple decades are organized into five sections devoted to the history economy society military and polity of Cuba Some of the specific topics treated include Cuban and Soviet relations decentralization local government and participation economic policies and strategies for the 1990s the politics of sports political and military relations and forecasting institutional changes after Castro In addition two appendices present a chronology of the Cuban revolution from 1959 to 1998 and biographical essays on 19 revolutionary leaders Annotation copyrighted by Book News Inc Portland OR Fidel Castro and the Quest for a Revolutionary Culture in Cuba Julie Marie Bunck,2010-11-01 An excellent study of political culture emphasizing cultural and normative resistance to revolutionary values norms and goals Challenges much of the scholarship that maintained that revolution permanently transformed Cuba's traditional culture and finds that most Cuban workers rejected many of the revolutionary requirements of the Castro government p 184 Highly recommended Handbook of Latin American Studies v 57 *The State, Bureaucracy, And The Cuban Schools* Sheryl L. Lutjens,2019-05-29 In the mid 1980s Cuba began a process of rectificacion a reform process that has bucked the trends of economic and political liberalization that are reshaping the global order Sustaining an official commitment to socialism in the face of economic crisis and international pressures Cuba's survival seems puzzling indeed Sheryl Lutjens uses the C **Revolutions in Cuba and Venezuela** Silvia Pedraza,Carlos A. Romero,2023-03-28 This book compares the sociopolitical processes behind two major revolutions Cuba in 1959 when Fidel Castro came to power and Venezuela in 1999 when Hugo Ch vez won the presidential election *Castro's Cuba, Cuba's Fidel* Lee Lockwood,2003-06-30 Mr Lockwood's exciting book holds many surprises for the reader who has seen the Cuban reality up to now only through the distorting prism of propaganda During Mr Lockwood's latest 14 week visit to Cuba in 1965 he had a seven day marathon conversation with Fidel the transcription of which with excellent photographs constitutes the heart of

the book A first rate psychological document this book is also an historical one in that it contains information necessary to the understanding of several conversational questions such as the priority given agriculture in the development of the Cuban economy the dissension between Moscow and Havana or even the intellectual road by which Castro came to Marxism Moreover it provides particulars up to now unknown Claude Julien The New York Times Book Review Lockwood gives us crowds posters individual studies Fidel in every possible mood the cities farms country towns most of Cuba is in the photographs Lockwood s text consists mainly of excerpts from several interviews he got from Fidel in 1965 In one way or another Fidel touches on all the events of crucial importance from the beginning of the insurrection until 1965 and the interviews thus become an explanation of the revolution that we badly need Jose Yglesias The New Republic The author s questions to Fidel are tough and penetrating and they elicited the same kind of answers The lively record deserves and encourages serious study K G Jackson Harper s Magazine Given the paucity of scholarly work on contemporary Cuba and the difficulty of visiting the island the photographs interview materials and interpretations of this gifted journalist must go high on the reading list of anyone professional or lay person who maintains a serious interest in Cuban affairs and in that most dramatic and important of twentieth century Latin American leaders Fidel Castro Richard Fagan Hispanic American Historical Review

From Welcomed Exiles to Illegal Immigrants Felix Roberto Masud-Piloto, 1996 Cuban migration to the United States has altered the face of American politics and demographics From Welcomed Exiles to Illegal Immigrants the only scholarly study available of this Cuban migration analyzes its political dynamics and unique character In this revised and expanded edition of his 1988 book With Open Arms Masud Piloto here extends the discussion with an examination of the Bush and Clinton administrations responses to recent events in Cuba Masud Piloto an expert on Cuban and Caribbean migrations and a Cuban emigre himself draws on previously unavailable documents as well as his first hand experience to describe American attempts to destabilize the Castro government by draining Cuba of vitally needed teachers physicians and technicians and to embarrass the revolution by exposing the flight of Cuba s citizens to a free country Masud Piloto s examination of the Haitian and Central American refugee crises of the past two decades provides a useful comparative perspective Book Jacket

The Second Economy in Marxist States Maria Łoś, 1990 This book analyses and compares the unofficial economies and their control in ten marxist states the USSR Poland Hungary Romania Yugoslavia Cuba Nicaragua China Angola and Tanzania It provides a vivid mosaic like panorama of the hidden economies in these countries The book breaks with the view that the unofficial economy is simply a by product of the official economy It shows an unfolding interplay between these two

economies which moulds and limits both the dynamics and the direction of the process of change In her final essay Maria Los develops a theoretical model linking second economies with the process of marxist economic development The key stages of this process are identified as 1 The stage of radical transformation 2 The monopolisation period 3 The reformist phase and 4 Post reformist decadence The volume throws a new light on the prospects and problems of the reformist movements which have swept the Soviet Union China and several other marxist states in the 1980s
