Our Smallest Towns Big Falls Blue Eye Bonanza And Beyond:

Our Smallest Towns Dennis Kitchen,1995 From Alabama to Wyoming photographer Dennis Kitchen has roamed the lonesome highways to capture the quirky quintessence of Small Town America Journeying to the least populated town in each of the fifty states Kitchen has discovered places so small that the groom had to hold the shotgun himself His beautiful sepia toned panoramic portraits are accompanied by interviews with these stalwart citizens revealing the ins and outs of small town living how your wife was the mayor before you were how your house doubles as the post office and how the biggest community problem is getting rid of varmints BOOK JACKET Title Summary field provided by Blackwell North America Inc All Rights Reserved *Roadside Florida* Peter Genovese,2006-10-09 Visit Goofy Golf Florida s coolest miniature golf course Explore Gatorama home to the state s largest captive croc Goliath See Orange World the 62 foot tall orange shaped fruit stand The author of *Roadside New Jersey* goes south to explore the outrageous roadside attractions that have come to define the Sunshine State in this fun full color book Experience the best Florida has to offer Narrative, Identity, and the City Raul P. Lejano,Alicia P. Lejano,Josefina D. Constantino,Aaron J.P. Almadro,Mikaella Evaristo,2018-02-16 Raul P Lejano offers a boldly original synthesis of narratology psychology and human geography This helps him articulate his two main insights that our identity as individuals though not completely determined by sociocultural factors nevertheless profoundly reflects our embeddedness in particular places and that the way we think of or would like to think of our own identity is most readily captured in the stories we tell about ourselves Most revealing of all he suggests are our stories about coming to grips with an entire city especially when our experience of it is actually one of dislocation or relocation when we in some sense or other lose a city to which we have hitherto belonged or when we find a new one By way of illustration the book includes four specially commissioned autobiographical stories by writers of Filipino origin which Lejano s analytical chapters compare and contrast with each other within his interdisciplinary frame of reference At once learnedly sophisticated and readably empathetic his commentaries are underpinned by a basically phenomenological orientation which leads him to view human individuals as essentially relational beings naturally inclined to enter into dialogue with both their fellow creatures and the larger environment Harper's ,1995 **The Utne Reader** ,1995 **The Publishers Weekly** ,1995 *Journal of the West* Lorrin L.
