Our Studies Ourselves Sociologists Lives And Work:

Our Studies, Ourselves Barry Glassner, Rosanna Hertz, 2003 What motivates a lifelong scholarly pursuit and how do one's studies inform life outside the academy Sociologists who live in families but also study families who go to work but also study work who participate in communities but also try to understand communities have an especially intimate relation to their research Growing up poor struggling as a woman in a male dominated profession participating in protests against the Vietnam War facts of life influence research agendas individual understandings of the world and ultimately the shape of the discipline as a whole Barry Glassner and Rosanna Hertz asked twenty two of America's most prominent sociologists to reflect upon how their personal lives influenced their research and vice versa how their research has influenced their lives In this volume the authors reveal with candor and discernment how world events political commitments and unanticipated constraints influenced the course of their careers They disclose how race class and gender proved to be pivotal elements in the course of their individual lives and in how they carry out their research Faced with academic institutions that did not hire or promote persons of their gender race sexual orientation or physical disability they invented new routes to success within their fields Faced with disappointments in political organizations to which they were devoted they found ways to integrate their disillusionment into their research agendas While some of the contributors radically changed their political commitments and others saw more stability none stood still An intimate look at biography and craft these snapshots provide a fascinating glimpse of the sociological life for colleagues other academics and aspiring young sociologists The collection demonstrates how inequalities and injustices can be made into motors for scholarly research which in turn have the power to change individual life courses and entire societies

Our Studies, Ourselves Barry Glassner, Rosanna Hertz, 2003-08-21 What motivates a lifelong scholarly pursuit and how do one's studies inform life outside the academy Sociologists who live in families but also study families who go to work but also study work who participate in communities but also try to understand communities have an especially intimate relation to their research Growing up poor struggling as a woman in a male dominated profession participating in protests against the Vietnam War facts of life influence research agendas individual understandings of the world and ultimately the shape of the discipline as a whole Barry Glassner and Rosanna Hertz asked twenty two of America's most prominent sociologists to reflect upon how their personal lives influenced their research and vice versa how their research has influenced their lives In this volume the authors reveal with candor and discernment how world events political commitments and unanticipated constraints influenced the course of their careers They disclose how race class and gender proved to be pivotal elements in the course of their individual lives and in how they carry out their research Faced with academic institutions that did not hire or promote persons of their gender race sexual orientation or physical disability they invented new routes to success within their fields Faced with disappointments in political organizations to which they were devoted they found ways to integrate their disillusionment into their research agendas

While some of the contributors radically changed their political commitments and others saw more stability none stood still. An intimate look at biography and craft these snapshots provide a fascinating glimpse of the sociological life for colleagues, other academics and aspiring young sociologists. The collection demonstrates how inequalities and injustices can be made into motors for scholarly research which in turn have the power to change individual life courses and entire societies. **Our Studies, Ourselves: Sociologists' Lives and Work** Barry Glassner, 2003. **No Pasaran** Shane Burley, 2022-10-25. A collection written by a who's who of antifascist researchers and theorists in the US including Tal Lavin, Culture Warlords, Kim Kelly, Fight Like Hell, Hilary Moore, No Fascist USA and Daryle Lamont Jenkins. One People's Project. No Pasaran is an anthology of antifascist writing that takes up the fight against white supremacy and the far right from multiple angles. From the history of antifascism to today's movement to identify deplatform and confront the right and the ways an insurgent fascism is growing within capitalist democracies, a myriad of voices come together to shape the new face of antifascism in a moment of social and political flux. *Japan's Ultra-right* Naoto Higuchi, 2016. First published in Japanese in 2014 by the University of Nagoya Press as *Nihon Gata Haigai Shugi* by Naoto Higuchi. **Understanding Violence and Abuse** Heather Fraser, Kate Seymour, 2020-07-10T00:00:00Z. In *Understanding Violence and Abuse* Heather Fraser and Kate Seymour examine violence and abuse from an anti-oppressive practice perspective and make connections between interpersonal violence and structural institutional and cultural violence. Using case studies from Canada, the UK, the US, Australia, Bangladesh, India and elsewhere, the authors discuss topics ranging from class oppression, street violence, white privilege, war, shame, Islamophobia and abuse in intimate relationships as well as introduce the core tenets of anti-oppressive social work practice. They encourage readers to reflect upon hierarchies of identity and difference in relation to the ways in which violence and abuse are defined, understood and addressed. Further, they discuss several responses to violence using an anti-oppressive framework. **Migrant Scholars Researching Migration** Marco Gemignani, Yolanda Hernández-Albújar, Jana Sládková, 2023-10-03. How can biography and reflexivity become integral processes of an inquiry? How do we apply these processes to our research and to our accounts of ourselves? Presenting studies by migration scholars who are migrants themselves, *Migrant Scholars Researching Migration* illustrates the creative and affective function of embedding one's research in subjectivity, reflexivity and personal biography. The book shows that linking personal experiences and biographies with research practices and agendas can be instrumental to the development of knowledges and new methodologies. The authors demonstrate for instance how their migration backgrounds have affected what kind of research they should conduct. They also describe how their research findings have changed their understanding of their personal positionings as migrants and scholars. This book debunks the dogma of separating the researcher from their investigation by placing the researchers' experiences and multi-layered reflections at the center of their scholarly work. It sheds light on the importance of reflexivity and subjectivity as processes and assets in research rather than obstacles. *Migrant Scholars Researching Migration* will

appeal to researchers and students interested in methodology biographical research theories of knowledge and scholars of migration and diaspora studies Chapters Chapter 14 of this book is freely available as a downloadable Open Access PDF at <http://www.taylorfrancis.com> under a Creative Commons Attribution Non Commercial No Derivatives CC BY NC ND 4.0 license

Research Methods for Early Childhood Education Rosie Flewitt, Lynn Ang, 2020-01-23 Research Methods for Early Childhood Education takes an international perspective on research design and illustrates how research methods are inextricably linked to cultural and theoretical understandings of early childhood young children's competences and the purposes of education The book offers a critical and reflective approach to established and innovative research methods in early childhood education making links between diverse methodologies methods and theory with illustrative examples of research in practice Each chapter addresses a specific methodological approach linking the methodology to early childhood education with vignettes as examples of research practice in the global north south east and west offering practical examples and critical thinking around new theoretical understandings of early childhood across geographical and cultural contexts The book critically examines the role of the researcher conceptualisations of how research is undertaken the often sensitive nature of conducting research with young children how early childhood education is understood how young children can be included as active research participants Throughout the book emphasises ethical and methodological issues that arise from undertaking research in mono cultural and cross cultural contexts Annotated further reading lists provide a selection of seminal and recent studies that have adopted each methodological approach

Understanding Racist Activism Kathleen M. Blee, 2017-07-20 White supremacist groups are highly secretive so their public propaganda tells us little about their operations or the people they attract To understand the world of organized racism it is necessary to study it from the inside by talking to their members and observing their groups Doing so reveals a disturbing picture of how fairly ordinary white people learn to embrace the vicious ideas and dangerous agendas of white supremacy This book takes the reader inside organized racism revealing the kind of women and men who join groups such as the Ku Klux Klan or neo Nazi skinheads and what they do in those groups The volume collects significant published works from renowned scholar Kathleen M Blee's work on racist activism alongside new essays on the theories methods and approaches of studying racist activism Discussing topics such as emotional issues in research the place of violence and hate in white supremacy and how women are involved in racial terrorism Blee makes use of a range of sources including oral histories ethnographic observations and interviews to shape her findings Written by the pioneer and leading scholar of women in racist activism this volume is essential reading for students scholars and general readers interested in the areas of social movements politics race studies and American history

Enduring Violence Cecilia Menjívar, 2011-04 A rare and groundbreaking contribution to the study of everyday violence Richly textured by the experiences of Ladino women in eastern Guatemala *Enduring Violence* is not only informed by but serves to inform cutting edge theoretical debate which links multiple aspects of personal abuse and rights violations with

broader structural and institutional factors Menjivar's scholarly and sensitive monograph makes a profoundly persuasive case for an holistic conceptualisation of violence that positions women's human rights at the centre of development in post conflict and other developing states A must read for all interested in issues of gender ethnic and other forms of social economic and political injustice Sylvia Chant London School of Economics and Political Science Violence in Guatemala can be a mind numbing though urgent and necessary topic of study Horrific data mount from state sponsored genocide in the 1980s to feminicide lynchings and shadow state violence today but clarifying analysis does not always follow This insightful and beautifully crafted monograph is a welcome exception Rather than recognizable interpersonal or overtly political acts Menjivar focuses on the mundane insults and indignities that women endure violence so normalized that it often fades from view she then turns standard causal reasoning on its head arguing that these misrecognized processes of daily dehumanization are profoundly diagnostic an unexamined key to why the horrific data keep mounting Though somber in content Menjivar's book offers inspiring confirmation that innovative engaged scholarship on intractable social problems can make a difference Charles R Hale University of Texas at Austin Enduring Violence is of great scholarly importance as it fills a gap in the literature about Guatemala and allows for a nuanced understanding of the ways that women live with violence in their everyday lives Menjivar's focus on women's discourses of illness surveillance and endurance is particularly insightful since these narratives symbolize the multiple levels of violence in women's lives and the often imperceptible practices through which a daily life with violence is mediated M Gabriela Torres Wheaton College Menjivar's deep commitment to shedding light on the many forms of violence that women experience is evident throughout her book She effectively shows how the violence faced by women goes beyond physical violence and has structural origins as well in various forms This is a great and informative work that needs to be read to understand the structural causes that bring injury to Guatemalan women Nestor Rodriguez University of Texas at Austin In Enduring Violence Cecilia Menjivar presents a perceptive and powerful account of the multiple and entwined layers of violence that permeate the lives of diverse women in Guatemala The book offers both a valuable theoretical lens and a textured ethnographic analysis which brings into sharp focus not only the most egregious forms of gender based physical violence but also a range of invisible injurious practices rooted in pervasive structures of inequality Written with empathy while retaining a critical edge this accessible and insightful volume sheds light on complex political economic and social processes shaping the violent realities of many women in Latin America Barbara Sutton author of Bodies in Crisis Culture Violence and Women's Resistance in Neoliberal Argentina So much has been written about the spectacular agony of Central America's recent history In Enduring Violence Cecilia Menjivar seeks to understand the structures that gird not only the publicly visible violence but also the unspectacular slow often silent suffering that defines so many lives in the region Her moving ethnography may explore the painful particulars of gendered existence in eastern Guatemala but it also does so in such a way that reveals how deeply embedded inequalities can contort all human

Couples Michelle Gibson, 2012-12-06 Learn how lesbian couples deal with political social and legal issues related to their relationships and their professions Lesbian Academic Couples is a collection of writings by scholars who examine in theory and in narrative issues faced by partners working in the academic field including the politics of spousal hiring discrimination in hiring practices collaboration between partners long distance relationships team teaching and job sharing This unique book presents firsthand accounts from senior faculty with lengthy credentials in LGBT scholarship who have been able to land academic positions not compromised by outing from established academics who have been outed to negative effect from junior scholars with a queer specialty and from faculty whose work is constantly shifting and unpredictable The format of Lesbian Academic Couples is unique Authors well known to the lesbian communities in the United States Canada and

Australia present essays that converse with one another offering opposing positions that represent a diversity of approaches on vital issues The book offers candid accounts of the experiences of lesbian couples fortunate enough to work in supportive academic environments and from those discouraged from being out on campus or from doing academic work in the area of LGBT studies This groundbreaking book is especially timely given current lawsuits and legislation involving civil unions and domestic partner benefits enforcement of domestic violence statutes and the rights of unmarried older couples Lesbian Academic Couples includes the stories of couples who achieved scholarly success and a reaffirmed relationship were separated when they couldn't find viable academic positions in the same geographical area abandoned the security of tenured positions for the sake of their relationship were professionally marginalized because of their same sex mixed race relationship wrote under the pen name Michael Field in the nineteenth century In addition Lesbian Academic Couples examines the critical issues of state sanctioning through marriage spousal hiring package plans sexual orientation nondiscrimination policies Lesbian Academic Couples have existed as long as there have been female academics This powerful book gives voice to their successes and struggles Autoethnography Tony E. Adams, Stacy Linn Holman Jones, Carolyn Ellis, 2015 Brimming with examples this book demonstrates how qualitative researchers can use autoethnography as a method for qualitative research Topics include a brief history of autoethnography the purposes and practices of doing autoethnography interpreting analyzing and representing personal experience and evaluating autoethnographic work **Transforming the Ivory Tower** Brett C. Stockdill, Mary Yu Danico, 2012-03-15 People outside and within colleges and universities often view these institutions as fair and reasonable far removed from the inequalities that afflict society in general Despite greater numbers of women working class people and people of color as well as increased visibility for LGBTQ students and staff over the past fifty years universities remain ivory towers that perpetuate institutionalized forms of sexism classism racism and homophobia Transforming the Ivory Tower builds on the rich legacy of historical struggles to open universities to dissenting voices and oppressed groups Each chapter is guided by a commitment to praxis the idea that theoretical understandings of inequality must be applied to concrete strategies for change The common misconception that racism sexism and homophobia no longer plague university life heightens the difficulty to dismantle the interlocking forms of oppression that undergird the ivory tower Contributors demonstrate that women LGBTQ people and people of color continue to face systemic forms of bias and discrimination on campuses throughout the U S Curriculum and pedagogy evaluation of scholarship and the processes of tenure and promotion are all laden with inequities both blatant and covert The contributors to this volume defy the pressure to assimilate by critically examining personal and collective struggles Speaking from different social spaces and backgrounds they analyze antiracist feminist and queer approaches to teaching and mentoring research and writing academic culture and practices growth and development of disciplines campus activism university community partnerships and confronting privilege Transforming the Ivory Tower will

be required reading for all students faculty and administrators seeking to understand bias and discrimination in higher education and to engage in social justice work on and off college campuses It offers a proactive approach encompassing institutional and cultural changes that foster respect inclusion and transformation Contributors Michael Armato Rick Bonus Jose Guillermo Zapata Calderon Mary Yu Danico Christina Gomez David Naguib Pellow Brett C Stockdill Linda Trinh V

Women in Relationships with Bisexual Men Maria Pallotta-Chiarolli, 2016-03-08 Framed by a comprehensive review of international research literature and film this book is an intimate journey into the experiences and insights of 79 Australian women in relationships with bisexual men It takes us into the daily lives sexual intimacies and families of MOREs mixed orientation relationships that span the gamut from extremely oppressive experiences with bi misogynist men to extremely liberating with bi profeminist men Aged 19 to 65 the women are in monogamous open and polyamorous relationships with bisexual identifying and or bisexual behaving men The women themselves are bisexual lesbian heterosexual while others refuse to categorize their own sexualities The book addresses the discovery or disclosure of the man's bisexuality how the relationships work and where they flounder how the partners negotiate and establish new rules and boundaries to maintain their relationship and the impact of class rural urban setting ethnicity indigeneity race religion and education on these relationships But this book isn't only about MOREs The research revelations and reflections in this book tell us much about current and shifting global constructions and understandings of intimate relationships sexual desires and love and the socio cultural representations and labeling of genders and sexualities

Europeanisation of the Contemporary Far Right

Anita Nissen, 2022-03-03 Europeanisation of the Contemporary Far Right explores the role of transnational European identity in far right mobilisation strategies Focusing on the national members of two trans European far right coalitions Generation Identity and Fortress Europe the author explores the extent to which European far right extra parliamentary actors Europeanise their mobilisation Drawing on social movement literature the book argues that national extra parliamentary actors Europeanisation processes are influenced by their political and discursive opportunities and resources Focusing on the groups mobilisation during the refugee crisis 2015-2017 the analysis considers the groups frames collective action and coalition building in the period finding that the depth of the groups resources particularly affects their capacity to mobilise This book will be of interest to scholars students and civil society actors in fields related to the far right European studies social movements and migration

Autoethnography as Feminist Method Elizabeth Ettorre, 2016-11-25

Autoethnography is an ideal method to study the feminist I Through personal stories the author reflects on how feminists negotiate agency and the effect this has on one's political sensibilities Speaking about oneself transforms into stories of political responsibility a key issue for feminists who function as cultural mediators

Gospel According to the Klan Kelly

J. Baker, 2017-03-20 To many Americans modern marches by the Ku Klux Klan may seem like a throwback to the past or posturing by bigoted hatemongers To Kelly Baker they are a reminder of how deeply the Klan is rooted in American

mainstream Protestant culture Most studies of the KKK dismiss it as an organization of racists attempting to intimidate minorities and argue that the Klan used religion only as a rhetorical device Baker contends instead that the KKK based its justifications for hatred on a particular brand of Protestantism that resonated with mainstream Americans one that employed burning crosses and robes to explicitly exclude Jews and Catholics To show how the Klan used religion to further its agenda of hate while appealing to everyday Americans Kelly Baker takes readers back to its second incarnation in the 1920s During that decade the revived Klan hired a public relations firm that suggested it could reach a wider audience by presenting itself as a fraternal Protestant organization that championed white supremacy as opposed to marauders of the night That campaign was so successful that the Klan established chapters in all forty eight states Baker has scoured official newspapers and magazines issued by the Klan during that era to reveal the inner workings of the order and show how its leadership manipulated religion nationalism gender and race Through these publications we see a Klan trying to adapt its hate based positions with the changing times in order to expand its base by reaching beyond a narrowly defined white male Protestant America This engrossing expos looks closely at the Klan s definition of Protestantism its belief in a strong relationship between church and state its notions of masculinity and femininity and its views on Jews and African Americans The book also examines in detail the Klan s infamous 1924 anti Catholic riot at Notre Dame University and draws alarming parallels between the Klan s message of the 1920s and current posturing by some Tea Party members and their sympathizers Analyzing the complex religious arguments the Klan crafted to gain acceptability and credibility among angry Americans Baker reveals that the Klan was more successful at crafting this message than has been credited by historians To tell American history from this startling perspective demonstrates that some citizens still participate in intolerant behavior to protect a fabled white Protestant nation
