Wilcox, 2012-11-12 *Religion and Politics in a Global Society* Comparative Perspectives from the Portuguese Speaking World edited by Paul Christopher Manuel Alynna Lyon and Clyde Wilcox explores the legacy of the Portuguese colonial experience with careful consideration of the lasting impression that this experience has had on the cultural religious and political dynamics in the former colonies Applying the insights derived from three theoretical schools religious society political institutions and cultural toolkit this volume brings together scholars from a variety of disciplines offering in depth case studies on Angola Brazil East Timor Goa Mozambique and Portugal societies connected by a shared colonial past and common cultural and sociolinguistic characteristics Each chapter examines questions on how faith and culture interrelate and how the various national experiences might resonate with one another This volume provides a deeper understanding of the Lusophone global society as well as the larger field of religion and politics *The Old Religion in a New World* Mark A. Noll, 2001-10-25 One of our foremost historians of religion here chronicles the arrival of Christianity in the New World tracing the turning points in the development of the immigrant church that have led to today's distinctly American faith Taking a unique approach to this fascinating subject Noll focuses on what was new about organized Christian religion on the

American continent by comparison with European Christianity In doing so Noll provides a broad outline of the major events in the history of the Christian churches that have filled North America with such remarkable vitality and diversity He also highlights some of the most important interpretive issues in the transfer of the hereditary religion of Europe to America

The Splendor of Creation Rev. Joseph Iannuzzi,2011-05-28 Using Church approved sources Saints Church Doctors and the Mystics this book addresses some of the coming events the era of peace God s Divine Will the coming New Heavens and New Earth Catholicism and the Making of Politics in Central Mozambique, 1940-1986 Éric Morier-Genoud,2019 Looks at the politics of the Catholic Church during a turbulent period in central Mozambique **Justice and Service Ideas for**

Ministry with Young Teens Joseph Grant,2000 Justice and Service Ideas for Ministry with Young Teens is a collection of twenty one strategies for short and long term service projects outreach activities learning exercises and discussion starters all aimed at helping young teens understand the social impact of our culture and make a difference in their world The strategies continually challenge the young people to live out the Gospel mandate and the Church s call to serve others and build a just society one person at a time Feminist (Im)Mobilities in Fortress(ing) North America Amy Lind,Marianne H.

Marchand,2016-04-15 Since the establishment of the North American Free Trade Agreement NAFTA tensions concerning immigration trends and policies which continued to escalate at the turn of the millennium resulted in revised national security policies in Mexico Canada and the United States These tensions have catalyzed the three governments to rethink their political and economic agendas While national feminist scholarship in and on these respective countries continue to predominate since NAFTA there has been increasing feminist inquiry in a North American regional frame Less has been done to understand challenges of the hegemonies of nation region and empire in this context and to adequately understand the meaning of im mobility in people s lives as well as the im mobilities of social theories and movements like feminism Drawing from current feminist scholarship on intimacy and political economy and using three main frameworks Fortressing Writs Exclusionary Rights Mobile Bodies Immobile Citizenships and Bordered Borderland Identities a handpicked group of established and rising feminist scholars methodically examine how the production of feminist knowledge has occurred in this region The economic racial gender and sexual normativities that have emerged and or been reconstituted in neoliberal and securitized North America further reveal the depth of regional and global restructuring **PADRES** Richard Edward

Martínez,2010-01-01 From the 1848 Treaty of Guadalupe Hidalgo to the 1960s Mexican American Catholics experienced racism and discrimination within the U S Catholic church as white priests and bishops maintained a racial divide in all areas of the church s ministry To oppose this religious apartheid and challenge the church to minister fairly to all of its faithful a group of Chicano priests formed PADRES Padres Asociados para Derechos Religiosos Educativos y Sociales or Priests Associated for Religious Educational and Social Rights in 1969 Over the next twenty years of its existence PADRES became a powerful force for change within the Catholic church and for social justice within American society This book offers the first

history of the founding activism victories and defeats of PADRES At the heart of the book are oral history interviews with the founders of PADRES who describe how their ministries in poor Mexican American parishes as well as their own experiences of racism and discrimination within and outside the church galvanized them into starting and sustaining the movement Richard Mart nez traces the ways in which PADRES was inspired by the Chicano movement and other civil rights struggles of the 1960s and also probes its linkages with liberation theology in Latin America He uses a combination of social movement theory and organizational theory to explain why the group emerged flourished and eventually disbanded in 1989

Seminaries, Theologates, and the Future of Church Ministry Katarina Schuth,1999 Seminaries Theologates and the Future of Church Ministry considers the context of ministry on the eve of the twenty first century and focuses on how Roman Catholic seminaries and schools of theology are preparing men and women for service in the Church The study is based on a first hand view of how human and spiritual formation as well as intellectual and pastoral programs are designed in these theologates Anyone interested in how people in ministry will transmit the faith to the next generation particularly people involved with seminary life and work faculty students administrators bishops vocation directors and trustees will find this book valuable BOOK JACKET Title Summary field provided by Blackwell North America Inc All Rights Reserved *America's God* Mark A. Noll,2002-10-03 Religious life in early America is often equated with the fire and brimstone Puritanism best embodied by the theology of Cotton Mather Yet by the nineteenth century American theology had shifted dramatically away from the severe European traditions directly descended from the Protestant Reformation of which Puritanism was in the United States the most influential In its place arose a singularly American set of beliefs In America s God Mark Noll has written a biography of this new American ethos In the 125 years preceding the outbreak of the Civil War theology played an extraordinarily important role in American public and private life Its evolution had a profound impact on America s self definition The changes taking place in American theology during this period were marked by heightened spiritual inwardness a new confidence in individual reason and an attentiveness to the economic and market realities of Western life Vividly set in the social and political events of the age America s God is replete with the figures who made up the early American intellectual landscape from theologians such as Jonathan Edwards Nathaniel W Taylor William Ellery Channing and Charles Hodge and religiously inspired writers such as Harriet Beecher Stowe and Catherine Stowe to dominant political leaders of the day like Washington Jefferson and Lincoln The contributions of these thinkers combined with the religious revival of the 1740s colonial warfare with France the consuming struggle for independence and the rise of evangelical Protestantism to form a common intellectual coinage based on a rising republicanism and commonsense principles As this Christian republicanism affirmed itself it imbued in dedicated Christians a conviction that the Bible supported their beliefs over those of all others Tragically this sense of religious purpose set the stage for the Civil War as the conviction of Christians both North and South that God was on their side served to deepen a schism that would soon rend the young nation asunder Mark

Noll has given us the definitive history of Christian theology in America from the time of Jonathan Edwards to the presidency of Abraham Lincoln. It is a story of a flexible and creative theological energy that over time forged a guiding national ideology the legacies of which remain with us to this day.

Upon This Rock Collins, Paul, 2013-05-24 The papacy is the greatest and longest lasting institution in the history of the West. In Upon This Rock Paul Collins describes the evolution of the office of the papacy over the past two millennia from St Peter to Pope John Paul II. Other recent histories of the papacy treat it as a political or social phenomenon. Upon This Rock on the other hand examines the links between the teachings of Jesus in the New Testament the interpretations of his teachings by the Apostles and the changes and developments in the nature and understanding of the papal office under successive bishops of Rome. The role and powers of the holders of the papal office have been redefined many times over the centuries. Paul Collins discusses in detail the attitudes influences and teachings of each of the Popes and sets them in a historical and cultural context offering an illuminating account of developments and changes in Catholic teaching theology and liturgy.

Papal Teaching in the Age of Infallibility, 1870 to the Present Kevin T. Keating, 2018-06-29 Kevin Keating examines the major writings of the Roman Pontiffs from Pius IX in the last half of the nineteenth century to the most recent writings of Francis. He explores the shift in papal focus from internal church matters and attacks on modern thought to concern for matters affecting all of humanity not just spiritually but socially politically and economically as well. Looming over all of these teachings is the specter of the doctrine of infallibility. First defined in 1870 to cover only papal infallibility it would be expanded in the 1960s to include the exercise of infallibility by the worldwide college of bishops. Keating discusses the most significant themes dealt with by popes during this period the Bible religious freedom church state relations social doctrine human sexuality ecumenism and interreligious dialogue. He describes how papal teaching has changed developed and even been contradicted by later popes although they have failed to expressly acknowledge departures from prior teaching. He details how the doctrine of infallibility far from serving to bolster the credibility of papal teaching often has served to undermine it.
