But Lydia knows that Freddie would want her to try to live fully happily even without him. So enlisting the help of his best friend Jonah and her sister Elle, she takes her first tentative steps into the world open to life and perhaps even love again. But then something inexplicable happens that gives her another chance at her old life with Freddie. A life where none of the tragic events of the past few months have happened. Lydia is pulled again and again across the doorway of her past, living two lives impossibly at once. But there's an emotional toll to returning to a world where Freddie is still alive, still owns her heart. Because there's someone in her new life, her real life, who wants her to stay.
