Rozenblit,Jonathan Karp,2017-08-01 World War I utterly transformed the lives of Jews around the world it allowed them to display their patriotism to dispel antisemitic myths about Jewish cowardice and to fight for Jewish rights Yet Jews also suffered as refugees and deportees at times catastrophically And in the aftermath of the war the replacement of the Habsburg Monarchy and the Russian and Ottoman Empires with a system of nation states confronted Jews with a new set of challenges This book provides a fascinating survey of the ways in which Jewish communities participated in and were changed by the Great War focusing on the dramatic circumstances they faced in Europe North America and the Middle East during and after the conflict *Studies in Social Progress in the Gospel of the Kingdom* ,1915 Globalization or Empire?

Jan Nederveen Pieterse,2004-08-01 In this smart and concise examination of the trends driving contemporary globalization Jan Nederveen Pieterse argues that the United States pursuit of global primacy is based upon a complex melding of neoliberal economics and hegemonic politics Do alternate capitalisms offer viable alternatives to the American way Globalization or Empire looks at globalization with acuity and thoughtfulness and uncovers its underlying dramas
