## **Ours By Right Womens Rights As Human Rights:**

*Women and Rights* Caroline Sweetman,1995 The UN Human Rights Conference in 1993 proclaimed that Women s rights are human rights This book in the Focus on Gender series explores issues of women s rights including the legal background and history of human rights legislation the special human rights problems of women in situations of conflict or as refugees violence against women as a human rights violation women s rights as workers the rights of disabled women and the importance of providing information and training to enable women to claim their rights Focusing on women s rights involves the recognition that throughout the world legal systems to guarantee rights have their roots in cultures which discriminate against women Development and human rights are closely linked and the empowerment of women to claim the human rights to which they are entitled will enable them to take full advantage of development processes Women's Rights, Human

Rights J. S. Peters,Andrea Wolper,2018-05-11 This comprehensive and important volume includes contributions by activists journalists lawyers and scholars from twenty one countries The essays map the directions the movement for women s rights is taking and will take in the coming decades and the concomittant transformation of prevailing notions of rights and issues They address topics such as the rapes in former Yugoslavia and efforts to see that a War Crimes Tribunal responds domestic violence trafficking of women into the sex trade the persecution of lesbians female genital mutilation and reproductive rights

Women and International Human Rights Law Kelly Dawn Askin,Dorean Koenig,2024-02-12 For in depth coverage of gender issues in human rights law from theory and cultural practices to legal instruments and the case law of international tribunals this major three volume work is without peer More than 100 leading authorities in the field offer trenchant analyses of problems and solutions crimes and abuses available recourses areas of empowerment the entire spectrum of women s rights discussed at a level of detail and legal awareness unavailable in any other single source Published under the Transnational Publishers imprint The print edition is available as a set of three volumes 9781571050946 **The Idea of**

**Human Rights** Michael J. Perry,1998-01-08 Inspired by a 1988 trip to El Salvador Michael J Perry s new book is a personal and scholarly exploration of the idea of human rights Perry is one of our nation s leading authorities on the relation of morality including religious morality to politics and law He seeks in this book to disentangle the complex idea of human rights by way of four probing and interrelated essays The initial essay which is animated by Perry s skepticism about the capacity of any secular morality to offer a coherent account of the idea of human rights suggests that the first part of the idea of human rights the premise that every human being is sacred or inviolable is inescapably religious Responding to recent criticism of rights talk Perry explicates in his second essay the meaning and value of talk about human rights In his third essay Perry asks a fundamental question about human rights Are they universal In addressing this question he disaggregates and criticizes several different varieties of moral relativism and then considers the implications of these different relativist positions for claims about human rights Perry turns to another fundamental question about human rights in his final essay

Are they absolute He concludes that even if no human rights understood as moral rights are absolute or unconditional some human rights understood as international legal rights are and indeed should be absolute In the introduction Perry writes Of all the influential indeed formative moral ideas to take center stage in the twentieth century like democracy and socialism the idea of human rights which again in one form or another is an old idea is for many the most difficult It is the most difficult in the sense that it is for many the hardest of the great moral ideas to integrate the hardest to square with the reigning intellectual assumptions of the age especially what Bernard Williams has called Nietzsche s thought There is not only no God but no metaphysical order of any kind For those who accept Nietzsche s thought can the idea of human rights possibly be more than a kind of aesthetic preference In a culture in which it was widely believed that there is no God or metaphysical order of any kind on what basis if any could the idea of human rights long survive The Idea of Human Rights Four Inquiries will appeal to students of many disciplines including but not limited to law philosophy religion and politics Violence against Women under International Human Rights Law Alice Edwards,2010-12-23 Since the mid 1990s increasing international attention has been paid to the issue of violence against women However there is still no explicit international human rights treaty prohibition on violence against women and the issue remains poorly defined and understood under international human rights law Drawing on feminist theories of international law and human rights this critical examination of the United Nations legal approaches to violence against women analyses the merits of strategies which incorporate women s concerns of violence within existing human rights norms such as equality norms the right to life and the prohibition against torture Although feminist strategies of inclusion have been necessary as well as symbolically powerful for women the book argues that they also carry their own problems and limitations prevent a more radical transformation of the human rights system and ultimately reinforce the unequal position of women under international law **Uprising** Sally Armstrong,2025-09-23 From Africa to Asia to the Americas women are the key to progress on ending poverty violence and conflict Award winning humanitarian and journalist Sally Armstrong shows us why empowering women and girls is the way forward and she introduces us to the leading females who are making change happen from Nobel Prize winners to little girls suing from justice Uprising tells dramatic and empowering stories of change makers and examines the stunning courage tenacity and wit they are using to alter the status quo From mud brick houses in Afghanistan to the forests of Congo where women still hide from their attackers to a shelter in northern Kenya where 160 girls between 3 and 17 have won an historic court case against a government who did not protect them from rape to Pakistan where Malala Yousafzai is fighting for the rights of women everywhere Uprising is about the final frontier for women having control over your own body whether in zones of conflict in rural villages on university campuses or in your own kitchen In this landmark book that ties together feminism and our global economy Sally Armstrong brings us the voices of the women all over the world whose bravery and strength is changing the world as we know it **Global Critical Race Feminism** Adrien Katherine Wing,2000-05 An

anthology containing some 30 essays which focus on topics including a critique of American feminist legal scholarship motherhood and work in cultural context Josephine Baker and the Cold War the campaign against female circumcision violence against Aboriginal women in Australia and marketization and the status of women in China Includes a foreword by social justice activist and professor at the U of California Santa Cruz Angela Y Davis Annotation copyrighted by Book News Inc Portland OR

**Democratization and the Protection of Human Rights in Africa** Brendalyn P. Ambrose, 1995-08-24 Development was achieved in the West by capitalism and industrialization before liberal democracy was introduced as a viable form of government Africa is grappling with the problems of underdevelopment Yet the West insists on liberal democracy for Africa a form of government which has no economic and social foundations in Africa The West now faults the African people for not being able to establish and sustain democratic institutions Ambrose an African development practitioner who recently returning from the continent after three intense years of fact finding research and consultation argues that the solution to Africa s problems does not lie in externally imposed liberal institutions shored up by top down bureaucracy that most often is ignorant unresponsive or outright hostile to the needs of the impoverished majority Her investigations lead her to believe that the solution for Africa lies in a collective approach based on empowerment of the masses and economic reforms

Women, Development, and Labor of Reproduction Mariarosa Dalla Costa, Giovanna Franca Dalla Costa, 1999 A follow up to *Paying the Price* this volume of essays represents an international feminist and non capitalistic approach to the critical subject of reproductive politics

**Maneuvers** Cynthia Enloe, 2000-02 Enloe outlines the dilemmas feminists around the globe face in trying to craft theories and strategies that support militarized women locally and internationally without unwittingly being militarized themselves

**Debating Human Rights** Peter Van Ness, 2003-07-13 Human rights debates can provoke strong reactions particularly among people of different cultural backgrounds The debate over Asian values and the use of human rights diplomacy are the most obvious manifestations of divisions between Asia and the West and reflect particular world views and historical legacies In this new book scholars from the United States and several Asian countries debate fundamental issues such as Asian values peaceful evolution and cultural imperialism Provocative and challenging essays analyse the debate between East and West presenting critical perspectives on globalization and human rights diplomacy *Debating Human Rights* is an original contribution to a vital area of debate It presents a uniquely wide diversity of perspectives on controversial issues and demonstrates how scholars and activists who view the world very differently can nonetheless move these debates forward in a search for common ground

**The Pakistan Paradox** Christophe Jaffrelot, 2015-08-15 Pakistan was born as the creation of elite Urdu speaking Muslims who sought to govern a state that would maintain their dominance After rallying non Urdu speaking leaders around him Jinnah imposed a unitary definition of the new nation state that obliterated linguistic diversity This centralisation justified by the Indian threat fostered centrifugal forces that resulted in Bengali secessionism in 1971 and Baloch as well as Mohajir

separatists today Concentration of power in the hands of the establishment remained the norm and while authoritarianism peaked under military rule democracy failed to usher in reform and the rule of law remained fragile at best under Zulfikar Bhutto and later Nawaz Sharif While Jinnah and Ayub Khan regarded religion as a cultural marker since their time the Islamists have gradually prevailed They benefited from the support of General Zia while others including sectarian groups cashed in on their struggle against the establishment to woo the disenfranchised Today Pakistan faces existential challenges ranging from ethnic strife to Islamism two sources of instability which hark back to elite domination But the resilience of the country and its people the resolve of the judiciary and hints of reform in the army may open up new possibilities **Gender**

**and the Politics of Rights and Democracy in Latin America** Maxine Molyneux, 2016-01-28 This volume assesses one of the most important developments in contemporary Latin American women's movements the engagement with rights based discourses Organised women have played a central role in the continued struggle for democracy in the region and with it gender justice The foregrounding of human rights and within them the recognition of women's rights has offered women a strategic advantage in pursuing their goals of an inclusive citizenship The country based chapters analyse specific bodies of rights rights and representation domestic violence labour rights reproductive rights legal advocacy socio economic rights rights and ethnicity and rights the state and autonomy **Humanity, Freedom and Feminism** Jill Marshall, 2017-05-15

While some feminists seek to use ideas of the universal human subject to include women others argue that such ideas are intrinsically masculine and exclude the feminine This book analyzes and critiques second wave feminists who discuss how philosophers such as Plato and Aristotle Descartes Hobbes and Kant regard human beings and their capacities The author suggests adopting an inclusive universal concept of the human being drawn from ideas of positive liberty from the liberal tradition Hegelian ideas of the formation of the free human being in society and care ethics The book links this theoretical perspective to international human rights and humanitarian law drawing together areas of theory usually presented separately These include the liberal theory of the individual particularly individual freedom feminist critiques and theories of subjectivity globalization and global identity issues and the theory of human rights law with the focus resting on human subjectivity and ethics While the focus is on Anglo American jurisprudence this is combined with continental philosophy international human rights issues and a Yugoslav war crimes case study Myths and Traditions of the Crow Indians Robert

Harry Lowie, 1993-01-01 Beginning in 1907 the anthropologist Robert H Lowie visited the Crow Indians at their reservation in Montana He listened to tales that for many generations had been told around campfires in winter Vivid tales of Old Man Coyote in his various guises heroic accounts of Lodge Boy and the Thunderbirds supernatural stories about Raven Face and the Spurned Lover and other tales involving the Bear Woman the Offended Turtle the Skeptical Husband all these were recorded by Lowie They were originally published in 1918 in an Anthropological Paper by the American Museum of Natural History Myths and Traditions of the Crow Indians is now reprinted with a new introduction by Peter Nabokov These

concretely detailed accounts served the Crow Indians as entertainers moral lessons cultural records and guides to the workings of the universe

**Defending the Environment: Civil Society Strategies to Enforce International Environmental Law** Linda Malone, Scott Pasternack, 2021-10-25 Defending the Environment promotes the use and awareness of several different international regional and domestic strategies designed to safeguard the environment and public health The text emphasizes practice as well as theory unlike works devoted exclusively to theoretical aspects of international environmental law and policy the authors provide the what how when where and why for resolving environmental and public health problems in front of international courts tribunals commissions committees secretariats and at times their domestic counterparts This is an indispensable handbook for anyone who needs to be aware of the important legal and political strategies made available to them by various instruments of international law Published under the Transnational Publishers imprint

Defending the Environment Linda Malone, Scott Pasternack, 2006-02-28 Defending the Environment provides the means for nongovernmental organizations community groups and individuals to bring environmental and public health problems to the attention of international courts tribunals and commissions or to their domestic counterparts It suggests specific strategies and provides detailed information for taking action This revised and updated edition also contains new case studies of the application of those strategies that has occurred in recent years Each chapter provides a description of the institutional mechanisms that can potentially receive review and remedy the alleged violation along with a set of guidelines that explain how the reader can employ a particular strategy and an example that indicates the effectiveness of a given strategy In addition the book offers an appendix that lists individuals and organizations who can assist with the various strategies described Defending the Environment represents the first concise comprehensive guide to international environmental law and institutions that offers readers hands on strategies for addressing environmental and public health problems

Women and Girls Rising Ellen Chesler, Terry McGovern, 2015-06-19 A growing body of evidence demonstrates that improvements in the status of women and girls however worthy and important in their own right also drive the prosperity stability and security of families communities and nations Yet despite many indicators of progress women and girls everywhere including countries of the developed world continue to confront barriers to their full and equal participation in social economic and political life Capturing voices and experiences from around the world this work documents the modern history of the global women s movement its many accomplishments and setbacks Drawing together prominent pioneers and contemporary policymakers activists and scholars the volume interrogates where and why progress has met resistance and been slowed and examine the still unfinished agenda for change in national and international policy arenas This history and roadmap are especially critical for younger generations who need a better understanding of this rich feminist legacy and the intense opposition that women s movements have generated This book creates a clear and forceful narrative about women s agency and the central relevance of women s rights movements to

global and national policy making It is essential reading for activists and policymakers students and scholars alike

**Women, Islam and International Law** Ekaterina Yahyaoui Krivenko, 2009 Islam and womena TM s human rights entertain an uneasy relationship Much has been written on the subject This volume addresses it from a new perspective It attempts to define some basis for constructive dialogue and interaction in the context of international law and more precisely in the context of participation of many Muslim States in the United Nations Convention on the Elimination of All Forms of Discrimination Against Women Having discovered a constructive potential in both Islam and womena TM s human rights the author concentrates on the role which international law should play in promoting dialogue and constructive interaction This is done mainly through analysis of the regime of reservations and of the practice of reservations developed in the context of Muslim Statesa TM participation in the CEDAW The basic thesis defended is the following Islam as articulated in the practice of States and womena TM s human rights as reflected in international instruments are both results of human activity Their analysis in this study reveals more commonalities than one might expect International law should be more attentive to their voices and more innovative in using these commonalities in order to promote constructive dialogue between them and thus help to improve the situation of women suffering from discrimination and inequalities **Human Rights of Women**

Rebecca J. Cook, 2012-03-10 Rebecca J Cook and the contributors to this volume seek to analyze how international human rights law applies specifically to women in various cultures worldwide and to develop strategies to promote equitable application of human rights law at the international regional and domestic levels Their essays present a compelling mixture of reports and case studies from various regions in the world combined with scholarly assessments of international law as these rights specifically apply to women

## Unveiling the Power of Verbal Art: An Emotional Sojourn through **Ours By Right Womens Rights As Human Rights**

In a global inundated with screens and the cacophony of fast interaction, the profound power and emotional resonance of verbal beauty usually disappear in to obscurity, eclipsed by the continuous barrage of noise and distractions.
