## **Out Of Body Adventures:**

**The Out of Body Experience** Anthony Peake, 2016-09-13 This book opens with the author's experience with the Lucid Light Stimulator in Switzerland. This presents him with his first experience of Astral Travel. From this he takes the reader on a historical, theological, and mystical journey through the history of the out of body experience in all its varieties and forms. The second half of the book discusses the science behind the experience. It reviews some of the latest research in the fields of psychology, neurology, and neurochemistry. It then attempts a short explanation of why quantum physics may be the unlikely source of answers to the mystery of the out of body experience. The final section presents the author's new model of how exotic sounding concepts such as Bose-Einstein Condensates, Einstein-Rosen Bridges, Zero Point Energy, microtubules, and coherent light can be used to present a totally new explanation of how Astral Travel really does involve a journey into inner, not outer space.

**Adventures Beyond the Body** William Buhlman, 1997-02 An introduction to out of body travel which describes the author's various astral journeys and offers step-by-step instructions for embarking on voyages through new dimensions and worlds beyond everyday life.

**The Adventures of a Choirboy** Mohammed Ali, 2017-03-17 Adventures of a Choirboy is a detailed account of Mohammed Ali's Out of Body Experience (OBE). As a teenager, Ali's adventures took him into the spiritual realm or the world of the spirit, as some call it. OBE is a situation in which a person's spirit, the inner man, moves temporarily out of his or her physical body. The same way an astronaut stripped off his space suit would stand beside his empty suit, OBE was a rare and strange phenomenon, so Ali kept this experience to himself until he discovered through books that OBE is a universal subject. Although some consider it a purely spiritual phenomenon, some aspects of it have been scientifically proven through experiments. Prominent among the books are Kenneth E. Hagins' *The Threefold Nature of Man* and Perry Stone's *Secrets from Beyond the Grave*. Much later, Ali was introduced by TL Lizzy to EA Adeboyes' *Abundant Life After Death*. Open Heavens Daily Devotionals of 26th February 2016 and Kenneth E. Hagins' *I Believe in Visions*. In this compelling book, Ali recounts for the first time his adventures out of his physical body. This true life story also provides answers to some unvoiced inquiries that only a few would ask their Rabbis, Pastors, Imams, or Spiritual Mentors: Such as, Is the inner man a myth or a reality? How does human spirit look like? How is the world of the spirit look like? What is OBE and what do our scriptures say about it? mohammedalibooks@gmail.com
