Out of the Locker Room of the Male Soul Steve Masterson, George McPeck, 1997 This book is about two realities the legacy of sin and the potential of redeemed manhood It s time to stop minimizing the legacy of Adam s sin says Masterson If we are ever going to celebrate our manhood we need to begin by embracing what God says is true about us and cooperate fully with His agenda Out of the Locker Room of the Male Soul call men to defeat their enemies with God tools and to become intimately connected with the Father God in the blessing of sonship and its benefits

Leading from a Feminist Soul

Catherine E. Hackney, 2018-12-01 Most of the literature involving the work of women leaders has addressed barriers that historically have required women to struggle to get to the top the styles of women leaders and gender issues women leaders continue to face in society and the workplace Nearly missing in the literature is the perspective that women who possess positional power also have a responsibility to make a positive constructive difference with that power Though many women have made that kind of a difference the purpose of this book is to prompt other women leaders to ask themselves the question So how does my leading make a positive difference to my organization to my society to my world This book will offer inspiration guidance and affirmation to women who seek to lead from goodness justice and the power of difference they bring to the organization The book will include references to the authors autobiographical experiences as leaders in K 12 and higher education as well as to women whose stories of leadership are of particular interest an artist a philanthropist a community activist teacher and school leadership educators These references will scaffold the construction of a theory of leadership that circles around awareness of self and others and the social consciousness courage humility and generosity of spirit that is characteristic of leading from the feminist soul

his groundbreaking book fifteen years ago Gordon Dalbey identified the fact that men s souls have been torn between strength and sensitivity Today the situation is even worse The politically correct crowd cries out for men to be more sensitive to tame their masculine nature On the opposing side the media bombards men with macho images of violence and lust Is it any wonder men are left bewildered about who they should be In this newly revised and updated edition of Healing the Masculine Soul Dalbey claims that there s hope for restoration hope for healing because Christ has come to heal us God is calling men out to a relationship with Himself and calling them out to authentic manhood Our task is not to curse our manhood but to redeem it he writes Gordon Dalbey s refreshing comprehensive picture of God s design for the masculine soul dares men to be as God created them to be not as society demands Dalbey tackles the tough issues including work sexuality marriage and fatherhood Book includes Study Guide
