Out Of The Maelstrom Psychology And The Novel In The Twentieth Century:

Out of the Maelstrom Keith M. May, 1977 **Twentieth Century Fiction** George Woodcock, 1983-04-01 **The Absurd Hero in American Fiction** David D. Galloway, 2014-06-30

When *The Absurd Hero in American Fiction* was first released in 1966 Granville Hicks praised it in a lead article for the *Saturday Review* as a sensitive and definitive study of a new trend in postwar American literature. In the years that followed David Galloway's analysis of the writings of John Updike, William Styron, Saul Bellow, and J. D. Salinger became a standard critical work, an indispensable tool for readers concerned with contemporary American literature. The *New York Times* described the book as a seminal study of the modern literary imagination. David Galloway himself, an established novelist, later extensively revised *The Absurd Hero* to include authoritative discussions of more than a dozen novels which had appeared since the first revised edition was released in 1970. Among them are John Updike's *Couples*, *Rabbit Redux*, and *The Coup*; William Styron's *The Confessions of Nat Turner* and *Sophie's Choice*; and Saul Bellow's *Mr Sammler's Planet* and *Humboldt's Gift*. Through detailed analyses of these works, Galloway demonstrates the continuing relevance of his own provocative concept of the absurd hero and provides important insights into the literary achievements of four of America's most influential postwar novelists.

Dynamic Psychology in Modernist British Fiction G. Johnson, 2005-10-06

Dynamic Psychology in Modernist British Fiction argues that literary critics have tended to distort the impact of pre-Freudian psychological discourses, including psychical research on Modernist British Fiction. Psychoanalysis has received undue attention over a more typical British eclecticism embraced by now forgotten figures including Frederic Myers and William McDougall. This project focuses on the Edwardian novelists most fully engaged by dynamic psychology: May Sinclair and J. D. Beresford, but also reconsiders Arnold Bennett and D. H. Lawrence. The book concludes by demonstrating Woolf's subtle assimilation of pre-Freudian discourse.

Encyclopedia of the Novel Paul Schellinger, 2014-04-08

The *Encyclopedia of the Novel* is the first reference book that focuses on the development of the novel throughout the world. Entries on individual writers assess the place of that writer within the development of the novel form, explaining why and in exactly what ways that writer is important. Similarly, an entry on an individual novel discusses the importance of that novel, not only from analyzing the particular innovations that novel has introduced and the ways in which it has influenced the subsequent course of the genre. A wide range of topic entries explore the history, criticism, theory, production, dissemination, and reception of the novel. A very important component of the *Encyclopedia of the Novel* is its long surveys of development of the novel in various regions of the world.

A World of Lost Innocence Nicola Darwood, 2012-04-25

Elizabeth Bowen was a prolific writer; her publishing career spanned five decades, and during this time she wrote ten novels, over one hundred short stories, and countless reviews and journal articles. While earlier novels are now acknowledged as Modernist texts, her later novels can be read through the lens of postmodernism; they can be considered variously as romantic fiction, marriage novels, war-time spy thrillers, and psychological drama. But throughout her novels, she

consistently questioned notions of identity sexuality and the loss of innocence A World of Lost Innocence The Fiction of Elizabeth Bowen offers a reading of Elizabeth Bowen s fiction which focuses specifically on this loss foregrounding the psychological conflicts experienced by her protagonists It examines the subject not only across the range of her fiction but also in relation to her unfolding narrative structures through a chronologically based discussion of her novels and selected short stories interwoven with biographical information and drawing on unpublished letters This book investigates the dominant kinds of innocence that Bowen represents throughout her fiction the innocence attributed to childhood sexual innocence and sexual morality and political innocence and argues that the transition from innocence to experience plays an important role in the epistemological journey faced both by Bowen s characters and her readers **Routledge Library**
