Patronage and Power John K. Chow, 1992-09-01 From 1 Corinthians we know that the church at Corinth was beset by all sorts of problems Some of these problems resulted from contacts with the pagan world one member of the church cohabited with his stepmother one brought a suit against another brother before the pagan magistrate some ate idolatrous feasts at the pagan temple and others underwent baptism for the dead This refreshing and stimulating book seeks to understand the significance of these problems from the perspective of the social structures and conditions of this Graeco Roman city and places Paul s response to them in the same context Viewing Inscriptions in the Late Antique and Medieval World Antony

Eastmond, 2015-04-20 Inscriptions convey meaning not just by their contents but also by other means such as choice of script location scale spatial organisation letterform legibility and clarity The essays in this book consider these visual qualities of inscriptions ranging across the Mediterranean and the Near East from Spain to Iran and beyond including Norman Sicily Islamic North Africa Byzantium medieval Italy Georgia and Armenia While most essays focus on Late Antiquity and the Middle Ages they also look back at Achaemenid Iran and forward to Mughal India Topics discussed include real and pseudo writing multilingual inscriptions graffiti writing disguised as images and images disguised as words From public texts set up on mountainsides or on church and madrasa walls to intimate craftsmen s signatures barely visible on the undersides of precious objects the inscriptions discussed in this volume reveal their meanings as textual and visual devices **The**
