Out Smart Instead Of Outsmarted Tarred And Feathered:

Outsmart Instead of Outsmarted, Tarred, and Feathered Get Out Smart LLC, Get Out Smart Staff, 2004-03 OUT SMART Instead of Outsmarted Tarred and Feathered is the book no one wants you to read especially your wife and the lawyer she will surely be hiring soon It is also the first appearance of an entirely new kind of man one perfectly prepared for a successful divorce the DELTA MALE Unlike his Alpha Male in charge counterpart he just can't seem to get it together apparently Get to know him The Delta Male has a lesson or two for you on getting OUT SMART For the first time in one source you the beleaguered husband trapped in a dead end marriage struggling just to keep your morality emotions and finances intact have the support understanding and most importantly the tools you need to not just survive but to win your divorce Out Smart will not only help you avoid the vicious expensive and debilitating experiences that divorce usually brings this work will also give you a working philosophy that will empower you to emerge victorious Compiled and composed by a broadly experienced group of professional men and a few enlightened women organized as Get Out Smart LLC this first publication by the group sets the stage for their stated goal of changing the landscape of divorce in America into one that levels the playing field to benefit everyone involved and optimizes the outcome for not only her and the children but for him as well From the book's Preface the marital and family landscape has morphed into a specter our grandparents generation could scarcely have imagined From same sex coupling becoming institutionalized to internet fueled porn now part of our children's digital wallpaper to the myriad and mercurial comings and goings of today's moms and dads as we ooze our sensibilities into the 21st Century the family environment has become ambiguous to the point of being virtually indefinable In striking contrast the institution of divorce has remained remarkably constant with women possessing access to a judicial armamentarium that if any legislature tried to put it in place en masse today it wouldn't stand an ice cube's chance in Hell When it comes to divorce in the US could anyone argue today against the premise that it pays to not have a penis Of course not So it should come as no surprise that over 90% of all divorce proceedings initiated in the US are initiated by the wife And logically why shouldn't they be The way the system works now she has everything to gain and it costs her nothing Every shred of divorce law in every state of the union is geared to protect mother and child and by default the wife when there are no children The husband father is a big boy who is not only expected to take care of himself he is expected to take care of everyone in his family even when they are taken from him And insult to injury the standing assumption is he cannot be trusted to meet his responsibilities willingly No the expectation is his responsibilities must be enforced one thing becomes clear the only way an average Joe facing divorce with nothing but the best of intentions stands a chance is to take control however he can Under current conditions no one not a high powered attorney not your congressman not the judge nor any other external force is going to get you out unscathed from the crappy situation in which you find yourself It can only begin to go your way if you quietly take the reins now before the official process gets underway Responsibility for the tough calls

that need to be made cannot be delegated If you are a man and you are experiencing discontent yours hers or both in your marriage and want to save your mental health keep your moral compass intact and ultimately keep your financial butt out of a sling devising your exit strategy is something you must think about yourself as clearly as possible And you should think about it sooner rather Lying, Truthtelling, and Storytelling in Children's and Young Adult Literature Anita Tarr,2023-12-20 Even though we instruct our children not to lie the truth is that lying is a fundamental part of children s development socially cognitively emotionally morally Lying can sometimes be more compassionate than telling the truth even more ethical Reading specific children s books can instruct child readers how to be guided by an etiquette of lying to know when to tell the truth and when to lie Equally important these stories can help prevent them from being prey to those liars who are intent on taking advantage of them Becoming a critical reader requires that one learn how to lie judiciously as well as to see through others lies When humans first began to speak we began to lie When we began to lie we started telling stories This is the paradox that in order to tell truthful stories we must be good liars Novels about child artists showcased here illustrate how the protagonist embraces this paradox accepting the stigma that a writer is a liar who tells the truth Emily Dickinson s phrase tell it slant best expresses the vision of how writers for children and young adults negotiate the conundrum of both protecting child readers and teaching them to protect themselves This volume explores the pervasiveness of lying as well as the necessity for lying in our society the origins of lying as connected to language acquisition the realization that storytelling is both lying and truthtelling and the negotiations child artists must process in order to grasp the paradox that to become storytellers they must become expert liars and lie detectors **Texas Redemption** Linda Broday,2017-02-07 Linda Broday s books always take me back to a west that feels true Her love stories run deep with emotion A delightful read Jodi Thomas New York Times bestselling author of Promise Me Texas on Texas Mail Order Bride Two brothers One woman A final chance to find REDEMPTION Desperate to escape her dark past Laurel James agrees to wed the mayor of a small east Texas town With him life will be quiet Respectable Safe It should be everything she ever wanted And it is Until Shenandoah rides back into town Shenandoah never thought he would find the woman he s loved and lost and he certainly never dreamed she d be pledged to his brother He knows he should step aside he has nothing to offer a woman like Laurel James but the moment their eyes meet Shenandoah is lost He can only find peace in her arms but can redemption be more than a dream for a man who has known nothing but war Praise for Linda Broday Broday brings strong characters and deep emotions into a very realistic Western romance that pulls no punches RT Book Reviews for Redemption Fans of classic Western tales will delight in the rough and tumble world Broday creates RT Book Reviews for To Love a Texas Ranger **Sweden, the Nation's History** Franklin Daniel Scott,1988 Traces the development of Sweden from a poor backward warrior nation to a prosperous modern one Bairnsdale Hal Porter,1977 Local history of Bairnsdale includes references to the Kurnai people of the region the native police force and to some individuals Cobbon John and Boy Friday
