**Intimacy and Identity in the Postmodern Novel** Emilija Dimitrijevic, 2008 This book focuses on the themes of intimacy and identity in the contemporary novel and in particular in the novels of A S Byatt Angela Carter and Jeanette Winterson Not only do the specificity of the contemporary social context and a growing awareness of the relational nature of the concepts of intimacy and identity set these novels apart from earlier writing that take these issues more for granted Their very concern with the themes of intimacy and identity also sets them apart from much postmodernist or mannerist writing that chooses to cold shoulder these arguments The study draws on work by contemporary social theorists and philosophers and aims to examine issues which although central to the writing of these authors have been neglected or treated superficially in literary criticism Finally it looks into the ways in which the new approaches to the question of intimacy and identity relate and contribute to contemporary debates on the postmodern novel      **The New Italian Novel** Zygmunt G. Vandez,2017-12-29 After falling in love with a friend to only feel discarded due to the nonfulfillment of his romantic optimism or outlooks to succeed Cortez DeAndre s Santiago is mentally in a better place He also hopes to reconnect with his extended family in Puerto Rico His final wish is to cultivate good friendships but his attempts in that arena lead mostly to frustration heartache and eventually a cyberstalker who won t take no for an answer The Tides of Change Beyond the Mind Body and Soul The Reawakening of Cortez DeAndre s Santiago Volume 3 takes up the thread of the earlier story starring Cortez and addresses some unresolved questions related to his family and friends The latest story shows Cortez s change back to a more authentic no nonsense version of himself although he finds himself drawn back into drama again and again with friends who prove to be less than reliable Told in flashbacks the story reveals crucial moments and choices that Cortez must make for himself and others set against a backdrop of humility and complete honesty The poignant narration of deceit conflict unhappiness and outright wickedness reads like an off Broadway four act structure play with dramatic storytelling This assembly of life changing events sweeps readers along with the tides of change and voyeuristic views into one man s attempt to grab the brass ring of life

Demons of the Body and Mind Ruth Bienstock Anolik,2014-01-10 The Gothic mode typically preoccupied by questions of difference and otherness consistently imagines the Other as a source of grotesque horror The sixteen critical essays in this collection examine the ways in which those suffering from mental and physical ailments are refigured as Other and how they are imagined to be monstrous Together the essays highlight the Gothic inclination to represent all ailments as visibly monstrous even those such as mental illness which were invisible Paradoxically the Other also becomes a pitiful figure often evoking empathy This exploration of illness and disability represents a strong addition to Gothic studies

The Mind of the Holocaust Perpetrator in Fiction and Nonfiction Erin McGlothlin,2021-05-04 Examines textual representations of the consciousness of men responsible for committing Holocaust crimes The Mind of the Holocaust Perpetrator in Fiction and Nonfiction examines texts that portray the inner experience of Holocaust perpetrators and thus transform them from archetypes of evil into complex psychological and moral subjects Employing relevant methodological tools of narrative theory Erin McGlothlin analyzes these unsettling depictions which manifest a certain tension regarding the ethics of representation and identification Such works she asserts endeavor to make transparent the mindset of their violent subjects yet at the same time they also invariably contrive to obfuscate in part its disquieting character The Mind of the Holocaust Perpetrator in Fiction and Nonfiction contains two parts The first focuses on portraits of real life perpetrators in nonfictional interviews and analyses from the 1960s and 1970s These works provide a nuanced perspective on the mentality of the people who implemented the Holocaust via the interventional role of the interviewer or interpreter in the perpetrators performances of self disclosure In part two McGlothlin investigates more recent fictional texts that imagine the perspective

of their invented perpetrator narrators Such works draw readers directly into the perpetrator's experience and at the same time impede their access to the perpetrator's consciousness by retarding their affective connection Demonstrating that recent fiction featuring perpetrators as narrators employs strategies derived from earlier nonfictional portrayals McGlothlin establishes not only a historical connection between these two groups of texts whereby nonfictional engagement with real life perpetrators gradually gives way to fictional exploration but also a structural and aesthetic one The book bespeaks new modes of engagement with ethically fraught questions raised by our increasing willingness to consider the events of the Holocaust from the perspective of the perpetrator Students scholars and readers of Holocaust studies and literary criticism will appreciate this closer look at a historically taboo topic

**Body, Mind, and Method** Donald F. Gustafson, B.L. Tapscott, 2012-12-06 Simple seeing Plain talking Language in use and persons in action These are among the themes of Virgil Aldrich's writings from the 1930s onward Throughout these years he has been an explorer of conceptual geography not as a foreign visitor studying an alien land but close up in the language in which we live move and have our being This is his work It is clear to those who know him best that he also has fun at it Yet in the terms of his oft cited distinction it is equally clear that he is to be counted not among the funsters of philosophy but among its most committed workers Funsters are those who attempt to do epistemology metaphysics or analysis by appealing to examples which are purely imaginary totally fictional as unrealistic as you like completely unheard of Such imaginative wilfulness takes philosophers away from not nearer to the rough ground Wittgenstein where our concepts have their origin and working place In the funsters imagined barely possible but actually impossible world simple seeing becomes transformed into the sensing of sense data plain talk is rejected as imprecise vague and misleading and persons in action show up as ensouled physical objects in motion Then the fly is in the bottle buzzing out its tedious tunes the problem of perception of the external world the problem of meaning and what it is the mind body problem Image mongering has got the best of image management

**Islamophobia and the Novel** Peter

Morey,2018-08-14 In an era of rampant Islamophobia what do literary representations of Muslims and anti Muslim bigotry tell us about changing concepts of cultural difference In *Islamophobia and the Novel* Peter Morey analyzes how recent works of fiction have framed and responded to the rise of anti Muslim prejudice showing how their portrayals of Muslims both reflect and refute the ideological preoccupations of media and politicians in the post 9 11 West *Islamophobia and the Novel* discusses novels embodying a range of positions from the avowedly secular to the religious and from texts that appear to underwrite Western assumptions of cultural superiority to those that recognize and critique neoimperial impulses Morey offers nuanced readings of works by John Updike Ian McEwan Hanif Kureishi Monica Ali Mohsin Hamid John le Carr Khaled Hosseini Azar Nafisi and other writers emphasizing the demands of the literary marketplace for representations of Muslims He explores how depictions of Muslim experience have challenged liberal assumptions regarding the novel s potential for empathy and its ability to encompass a variety of voices Morey argues for a greater degree of critical self consciousness in our understanding of writing by and about Muslims in contrast to both exclusionary nationalism and the fetishization of difference Contemporary literature s capacity to unveil the conflicted nature of anti Muslim bigotry expands our range of resources to combat Islamophobia This in turn might contribute to Islamophobia s eventual dismantling *The Mind-body Problem in German Literature 1770-1830* Catherine J. to the beginning of our digital age to the peak of postmodernism at the end of the 20th century Looking at urban fiction from the 1980s to the early 2000s the journey of fictional protagonists through the streets of mostly New York City reveals an anxiety about the loss of self in the virtual culminating in violence and destruction From Auster and Ellis to Palahniuk and DeLillo this book highlights how an increasingly distanced communication triggers the imagination of violence making it an insightful read for scholars and aficionados of city literature postmodernism and communication alike **Body, Emotion and Mind** Martin Tamcke, Gladson Jathanna, 2013 This volume decodes the European representations of the Indian body emotions and mind in diverse representational discourses Efforts have been made to counter the mind centered approaches to body and emotions reassessing the body's role in intellectual insight and insisting on the centrality of the body in the reproduction and transformation of cultural experiences The book will be of interest to anyone concerned with Indian and cross cultural studies Series Studien zur Orientalischen Kirchengeschichte Studies on the Oriental Church History Vol 49
