International Annotated Bibliography of Strindberg Studies 1870-2005: General studies Michael Robinson, 2008

This copiously annotated bibliography documents and examines the whole range of commentary on Strindberg s works and activity in many fields besides the plays for which he is internationally best known These include his prose fiction and poetry his work as an historian and natural historian and his relationship to the other arts most notably his painting It is concerned with both lasting works of literary and dramatic criticism as well as reviews of his books and plays in the theatre and some more ephemeral material all of this in several languages Organised generically and by subject and individual work the bibliography enables the reader to trace the changing impact of Strindberg and his works in various countries and during different periods It is thus very much a study in reception as well as a bibliographical record of published material It traces the developing image of Strindberg and his writing both during his lifetime and in subsequent years and with frequent cross reference offers a comprehensive overview of a literary and existential project that has rarely been matched for its multifaceted diversity The bibliography is published in three parts Volume 2 *The Plays* 978 0 947623 82 1 and Volume 3 *Prose Poetry Miscellaneous* 978 0 947623 83 8 are also now available Michael Robinson is Emeritus Professor of Drama and Scandinavian Studies at the University of East Anglia Norwich Strindberg Per Hedstrom, Per Hedström, August Strindberg, Douglas Feuk, Erik Höök, Agneta Lalander, 2001-01-01 Om den svenske forfatter August Strindberg 1849 1912 som maler og fotograf Strindberg and the Quest for Sacred Theatre Theo Malekin, 2010-01-01 *Strindberg and the Quest for Sacred Theatre* brings a fresh perspective to the study of Sweden s great playwright August Strindberg 1849 1912 anticipated most of the major developments in European theatre over the last century As such he is well placed to provide perspectives on the current burgeoning interest in sacred theatre The religious crises of the 19th Century provoked in Strindberg both sharp scepticism about claims to religious authority and a visionary search for truth Against the backdrop of a major change in European culture this book traces the emergence in some of Strindberg s late plays of a proto sacred theatre It argues that Strindberg faced the alternatives of a contentless transcendent abyss threatening the extinction of his ego or a retreat into conservative theism reducing him to slavish submission to the commandments and rule of an external

father God Weaving together theatrical aesthetic and theological voices this book investigates the relationship of the sacred to subjectivity and its implications for Strindberg's dramaturgy In doing so it always keeps in view the sense both of loss and opportunity engendered by a turning point in the western experience of the sacred The International Strindberg Anna Westerståhl Stenport,2012-11-30 The International Strindberg presents the latest research on the Swedish playwright August Strindberg and his relation to modern and contemporary literature and art Strindberg's career spanned the late nineteenth and early twentieth century **An International Annotated Bibliography of Strindberg Studies 1870-2005: Autobiographies, novels, poetry, letters, historical works, natural history and science, linguistics, painting and the other arts, politics, psychopathology, biography, miscellaneous, dissertations** Michael Robinson,2008 This copiously annotated bibliography documents and examines the whole range of commentary on Strindberg's works and activity in many fields besides the plays for which he is internationally best known These include his prose fiction and poetry his work as an historian and natural historian and his relationship to the other arts most notably his painting It is concerned with both lasting works of literary and dramatic criticism as well as reviews of his books and plays in the theatre and some more ephemeral material all of this in several languages Organised generically and by subject and individual work the bibliography enables the reader to trace the changing impact of Strindberg and his works in various countries and during different periods It is thus very much a study in reception as well as a bibliographical record of published material It traces the developing image of Strindberg and his writing both during his lifetime and in subsequent years and with frequent cross reference offers a comprehensive overview of a literary and existential project that has rarely been matched for its multifaceted diversity The bibliography is published in three parts Volume 1 General Studies 978 0 947623 81 4 and Volume 2 The Plays 978 0 947623 82 1 are also now available Michael Robinson is Emeritus Professor of Drama and Scandinavian Studies at the University of East Anglia Norwich *The Cambridge Companion to August Strindberg* Michael Robinson,2009-09-24 A collection of essays on the highly colourful life and work of August Strindberg dramatist novelist autobiographer and painter August Strindberg and Visual Culture Jonathan Schroeder,Anna Westerståhl Stenport,Eszter Szalczer,2018-09-20 August Strindberg and Visual Culture addresses the multiplicity of Strindberg's artistic and literary output The book charts the vital intersections between theatre aesthetic theory and visual elements in his work that have been left largely unexplored Rather than following traditional genre bound critical approaches this book focuses on the intermediality of individual works the corpus as a whole and their connections to a wide array of historical and contemporary artists writers photographers film theatre and museum practitioners The book is beautifully illustrated with many never before seen images from Strindberg's work and includes contributions from actress Liv Ullmann director Robert Wilson and curator and museum director Daniel Birnbaum **New Theatre Quarterly 53: Volume 14, Part 1** Clive Barker,Simon Trussler,1998-04-02 Provides an international forum where theatrical scholarship and practice

rather than the fixed idealism of the mind Realist artists across media paradoxically embraced this paradigm shift by focusing on the embodied observer Drawing from extensive archival research Holzapfel conducts close readings of iconic dramas and their productions including Scribe s *The Glass of Water* Zola s *Thérèse Raquin* Ibsen s *A Doll House* Strindberg s *The Father* and Hauptmann s *Before Sunrise* alongside analyses of artwork by major painters and photographers such as Chardin Nadar Millais Rejlander and Liebermann In a radical challenge to existing criticism Holzapfel argues that realism in theatre was never the attempt to reproduce an exact copy of the seen world but rather the struggle to make visible the act of seeing

Scandinavica Elias Bredsdorff, 1999

Christianity and Rabbinic Judaism Jonas E. Alexis, 2011-12-29 The simple step of a courageous individual is not to take part in the lie One word of truth outweighs the world Alexander Solzhenitsyn In this penetrating and provocative work Jonas E Alexis challenges common assumptions about the relationship between Christianity and Rabbinic Judaism and provides compelling evidence from history and theology that demonstrates the extent to which modern Judaism has been defined by the Pharisaic and Rabbinic schools of thought As Alexis meticulously documents there has been a constant struggle between Christianity and Rabbinic Judaism since the time of Christ a struggle that will define the destiny of the West Islam according to Christianity is a historically and theologically false religion since it denies both Jesus s deity and His work of salvation at the Cross But

Rabbinic Judaism Alexis argues is equally false and in many respects more dangerous to Christianity and the West than Islam since at its root Rabbinic Judaism wages war against the Logos the system of order in the world embodied by Christ In this painstakingly scholarly yet readable work Alexis maintains that Rabbinic Judaism defined by the Pharisaic teachings now codified in the Talmud that Jesus sought to correct is a categorical and metaphysical rejection of Christianity a rejection that has had and will continue to have severe implications for Western culture intellectual history and theological exegesis
