**East Asia in Transition:** Robert S. Ross,2015-03-26 Has uniformly good essays on economic and political change the policies of the great and local powers and the prospects for building a new regional order Foreign Affairs

**Historical Injustice and Democratic Transition in Eastern Asia and Northern Europe** Kenneth Christie,Robert Cribb,2003-08-29 The memory of past atrocity lingers like a ghost at the table of democracy Injustices carried out in the past from massacres and murder to repression and detention embitter societies and distort their structures so that the process of establishing and running a democracy carries an extra burden This volume examines societies at various stages of dealing with the memory of the past from China Mongolia Indonesia and the Baltic States where bitter memories of death and persecution still intrude to Finland where the civil war of 1918 has finally been accepted as a distant national tragedy

East Asia in Transition , This text examines the implications of two strategic and economic transformations in the East Asia region the demise of the Soviet Union and the emergence of new East Asian economic powers that have transformed regional economic relations

**Power Transition and International Order in Asia** Peter Shearman,2013-09-23 This edited volume examines how the transition and diffusion of power in global politics is impacting on stability and order in Asia Both in the academic field of International Relations IR and among policymakers the big question today concerns the rise of China the relative decline of the United States and the increasing importance of Asia in global politics The level of impact the international power transition will have in the region remains unclear but observers agree that Asia is a potential tinderbox for crises and conflict This volume brings together leading scholars from around the world to assess current thinking in IR on these issues The authors apply appropriate theories and methods of analysis in their specific area of expertise to examine the likely effects of the changing global power distribution on Asia There is also said to be an ongoing diffusion of power away from states to non state actors in the region hence in addition to examining changing relations between the Great Powers the book will also assess the implications that other actors from terrorist groups

insurgents and organised crime syndicates could have on stability and order This book will be of much interest to students of Asian politics security studies diplomacy and international relations Power Transition in Asia David Walton,Emilian Kavalski,2016-08-12 Current preoccupations with the rise of Asia attest to the nascent contestation of the very idea of what the pattern of international politics should look like and how it should be practiced In this respect the growing reference to a shift to the East in global politics has become a popular shorthand for the nascent power transition in world affairs This volume offers a detailed conceptual and empirical investigation of the dynamics of power transition in Asia and details the accommodation strategies and coping mechanisms of different small and middle powers in Asia and importantly China s responses to these approaches Comparative Political Transitions between Southeast Asia and the Middle East and North Africa Teresita Cruz-del Rosario,James M. Dorsey,2016-07-18 This book investigates the theme of global transitions with a cross regional comparative study of two areas experiencing change over the past three decades Southeast Asia and the Middle East and North Africa MENA Political transitions in Asia have been the subject of interest in academic and policy making communities recently as there are encouraging signs of democratization in countries that exhibit elements of authoritarianism In those countries with relatively open political systems transitions to democracy have been complete albeit messy flawed and highly contested In contrast countries of the MENA region that have been gripped by revolts in recent years find themselves in the midst of chaotic and uncontrollable transitions Why are there such differences between these regions What if anything can be learned and applied from the transitions in Southeast Asia These questions are answered here as Asia s experience is contrasted with the Arab revolts and the struggle of the different countries in the MENA region to fashion a new social contract between states and citizens **European Legal Cultures in Transition** Åse B. Grødeland,William L. Miller,2015-07-24 Provides a novel methodological approach to the study of popular and professional legal culture within the European context **Eating Disorders and Cultures in Transition** Mervat Nasser,Melanie Katzman,Richard Gordon,2003-09-02 Eating disorders do they mark cultural transition Eating disorders that were once viewed as exclusive to specific class and ethnic boundaries in western culture are now spreading worldwide This issue is fully discussed in this groundbreaking volume Eating Disorders and Cultures in Transition is written by an international group of authors to address the recent emergence of eating disorders in various areas of the world including countries in South America Asia Africa and Eastern Europe It offers an in depth analysis of the existing socio cultural model arguing for the need to extend both our theoretical understanding and clinical work to account properly for this global phenomenon Eating disorders are seen as reflecting sweeping changes in the social and political status of women in the majority of societies that are now undergoing rapid cultural transition This multidisciplinary multinational volume reflects wide ranging intellectually stimulating and frequently provocative viewpoints It promises to be of great interest to medical and mental health professionals public policy experts and all those watching for the processes of cultural transformation and their impact on

mental health      *Handbook of Post-Western Sociology: From East Asia to Europe*, 2023-04-03 Beyond hegemonic thoughts the Post Western sociology enables a new dialogue between East Asia China Japan Korea and Europe on common and local knowledge to consider theoretical continuities and discontinuities to develop transnational methodological spaces and co produce creolized concepts With this new paradigm in social sciences we introduce the multiplication of epistemic autonomies vis vis Western hegemony and new theoretical assemblages between East Asia and European sociologies From this ecology of knowledge this groundbreaking contribution is to coproduce a post Western space in a cross pollination process where Western and non Western knowledge do interact articulated through cosmovisions as well as to coproduce transnational fieldwork practices      **Routledge Library Editions: Education in Asia** Various, 2021-07-14 This set of reissued books examines education in Asia from a variety of different angles From the westernisation of early twentieth century Chinese education to the impact of the Communist revolution to education and society in Korea to Asian women s experiences of education this set collects some key texts by a range of original thinkers      *Towards a Sustainable Asia* Association of Academies of Sciences in Asia, 2012-01-12 This series of books are the output of the research project called Sustainable Development in Asia SDA which was initiated by the Association of Academies of Sciences in Asia AASA They are comprised of one synthesis report which entitled *Towards a Sustainable Asia Green Transition and Innovation* and four thematic reports on natural resources energy the environment and climate change and culture from particular perspectives of agriculture They aim to 1 investigate common sustainability issues faced by all Asian countries including population increase poverty alleviation pollution control ecological restoration as well as regional problems such as water shortage in West and Central Asia energy security in Northeast Asia development model 2 analyze and summarize of best practices towards sustainable development in Asia 3 bring forward suggestions and policy options for promoting green transition system innovation and sustainable development of Asia With best practice guidelines for a sustainable Asia this series of reports for the first time systematically address the common challenges and regional problems in regard to Asia s natural resources use pollution reduction and climate protection sustainable energy development and innovations for environment friendly and culture compatible agriculture They will provide handy and useful information to researchers government policy makers and the general public who have concerns about Asia s sustainable development AASA is a scientific and technological organization in Asia established in 2000 comprising of 26 member academies all over Asia Its vision is to provide a forum for the discussion of all issues relevant to science and technology development and its application on national level within Asia      *Central Asia at the End of the Transition* Boris Z. Rumer, 2016-07-22 For better or worse the former Soviet republics of Central Asia have largely completed their post independence transitions Over more than a decade they have established themselves as independent states whose internal regimes and external relations have characteristic patterns and vulnerabilities both individually and as a group The purpose of this volume is to assess both what has been

accomplished and the trends of development in the region especially its leading states How sound are the foundations of this bulwark against the spread of terrorism in Eurasia

**Clan Politics and Regime Transition in Central Asia** Kathleen Collins, 2006-04-03 This book is a study of the role of clan networks in Central Asia from the early twentieth century through 2004 Exploring the social economic and historical roots of clans and their political role and political transformation in the Soviet and post Soviet periods it argues that clans are informal political actors that are critical to understanding politics in this region The book demonstrates that the Soviet system was far less successful in transforming and controlling Central Asian society and in its policy of eradicating clan identities than has often been assumed In order to understand Central Asian politics and their economies scholars and policy makers must take into account the powerful role of these informal groups how they adapt and change over time and how they may constrain or undermine democratization in this strategic region

**Regime Transition in Central Asia** Dagikhudo Dagiev, 2013-10-30 Presenting a study of regime transition political transformation and the challenges that faced the post Communist republics of Central Asia on independence this book focuses on the process of transition in Tajikistan and Uzbekistan and the obstacles that these newly independent states are facing in the post Communist period The book analyses how in the early stages of their independence the governments of Central Asia declared that they would build democratic states but that in practice they demonstrated that they are more inclined towards authoritarianism With the declaration of independence Tajikistan and Uzbekistan like many other former Soviet national republics were faced with the issues of nationalism ethnicity identity and territorial delimitation This book looks at how the discourse of patrimonial nationalism in post Communist Tajikistan and Uzbekistan has been the elites strategy to address all these issues to maintain the stateness of their respective countries to preserve the unity of their nation to fill the ideological void of post Communism to prevent the rise of Islam and to legitimize their authoritarian practice Arguing against the claim that the Central Asian states have undergone divergent paths of transition the book discusses how they are in fact all authoritarian although exhibiting different degrees of authoritarianism This book provides a useful contribution to studies on Central Asian Politics and International Relations

*Asian Popular Culture in Transition* John A Lent, Lorna Fitzsimmons, 2013-02-15 Asian Popular Culture in Transition examines contemporary consumption practices in South Korea China India and Japan and both updates and extends popular culture studies of the region Through an interdisciplinary lens this collection of essays explores how recent advances and shifts in information technologies and globalization have impacted cultural markets fashion the digital generation mobile culture femininity matrimonial advertising and a film actress image and performance Drawing upon a diverse range of sources and methods including historical research content analysis anthropological observation textual analyses and interviews Asian Popular Culture in Transition makes a significant contribution to this growing area of research Given its broad range of countries theories and approaches this book will be of great interest to students and scholars of Asian studies cultural studies media and communication studies

and gender studies      **Transition to Capitalism?** János Mátyás Kovács, 1994-01-01 This work observes how the political ideologies social values and theoretical paradigms of Eastern European scholars and politicians changed throughout the period of transformation following the 1989 political revolutions in Eastern Europe The authors try to reinterpret the institutions movements and ideologies that allegedly contributed to the erosion of the old regimes in Eastern Europe asking whether these alternative legacies of communism support the transition to capitalism      **State and Society in China's Democratic Transition** Xiaoqin Guo, 2012-10-12 This book examines China's process of democratic transition and the role of state and society in this process      **The Darwinian Tradition in Context** Richard G. Delisle, 2017-12-29 The main goal of this book is to put the Darwinian tradition in context by raising questions such as How should it be defined Did it interact with other research programs Were there any research programs that developed largely independently of the Darwinian tradition Accordingly the contributing authors explicitly explore the nature of the relationship between the Darwinian tradition and other research programs running in parallel In the wake of the Synthetic Theory of Evolution which was established throughout the 1930s 1940s and 1950s historians and philosophers of biology devoted considerable attention to the Darwinian tradition i.e. linking Charles Darwin to mid Twentieth Century developments in evolutionary biology Since then more recent developments in evolutionary biology have challenged in part or entirely the heritage of the Darwinian tradition Not surprisingly this has in turn been followed by a historiographical recalibration on the part of historians and philosophers regarding other research programs and traditions in evolutionary biology In order to acknowledge this shift the papers in this book have been arranged on the basis of two main threads Part I A perspective that views Darwinism as either being originally pluralistic or having acquired such a pluralistic nature through modifications and borrowings over time Part II A perspective blurring the boundaries between non Darwinian and Darwinian traditions either by contending that Darwinism itself was never quite as Darwinian as previously assumed or that non Darwinian traditions took on board various Darwinian components when not fertilizing Darwinism directly Between a Darwinism reaching out to other research programs and non Darwinian programs reaching out to Darwinism the least that can be said is that this interweaving of intellectual threads blurs the historiographical field This volume aims to open vital new avenues for approaching and reflecting on the development of evolutionary biology      **The Cultural History of Plants** Sir Ghilleen Prance, Mark Nesbitt, 2012-10-12 This valuable reference will be useful for both scholars and general readers It is both botanical and cultural describing the role of plant in social life regional customs the arts natural and covers all aspects of plant cultivation and migration and covers all aspects of plant cultivation and migration The text includes an explanation of plant names and a list of general references on the history of useful plants
