We All Wrote on the Same Outhouse Walls is a warm hearted very humorous book about the many joys and few sorrows of growing up during the 40s and 50s in a small town exiled in the Appalachian foothills The book is about the author s small hometown which The Wall Street Journal described as Intact but decaying pure 19th Century The Journal suggested that the town could be On the scale of Williamsburg but the town folks Don t want to be preserved saved or otherwise bothered by outsiders no matter how good their intentions This priceless narrative tells about first grade in a one room schoolhouse called Possum Hollow a splendid misspent youth and a homespun education which was acquired while working in a country store and hanging out in a poolroom The hilarious description of an endangered time and place is about colorful and unforgettable characters It tells memorable stories and folklore which began with I mind the time and ended somewhat in borderline disbelief but always in laughter It s about nicknames front porches and coon dog field trials after church And it s about the down home wit sayings and opinions that made the personalities and their town so engaging The book also tells what the old timers the orthopedic set would tell you whether asked or not about the 60s movement the break up of the traditional family the present day media and the theory of victimization Their opinions today would be unfashionable to some but refreshingly politically inappropriate to others Not that the author s small hometown was perfect or blameless The good old fashioned behavior by some of getting drunk on Saturday night and going to church on Sunday was alive and well The town has its assortment of saints and sinners But when it came to values and time honored beliefs which now seem out dated back then small towns had them maybe that s what one of John Steinbeck s characters in Mice and Men pointed out when the character commented There s nothing wrong anymore We All Wrote on the Same Outhouse Walls is a must read for all of you who will enjoy a nostalgic visit back to your youth or your small hometown It will bring back happy memories of a better time and make you glad that you were there The book is also a must read for young readers who wonder what it was really like and if they really were the good old days Most of all the book is for those of you who just want a good laugh *Fractional School District No. 4 of Golden Township, Oceana County v. West of 98 Lynn Stegner, Russell Rowland, 2012-07-25 What does it mean to be a westerner With all the mythology that has grown up about the American West is it even possible to describe how it was how it is here in the West just that in the words of Lynn Stegner Starting with that challenge Stegner and Russell Rowland invited several dozen members of the western literary tribe to write about living in the West and being a western writer in particular West of 98 gathers sixty six literary testimonies in essays and poetry from a stellar collection of writers who represent every state west of the 98th parallel a kind of Greek chorus of the most prominent voices in western literature today who seek to characterize the West as each of us grew to know it and equally important the West that is still becoming In West of 98 western writers speak to the ways in which the West imprints itself on the people who live there as well as how the people of the West create the personality of the region The writers explore the western landscape how it has been revered and abused across centuries and the inescapable limitations its aridity puts on all dreams of conquest and development They dismantle the boosterism of manifest destiny and the cowboy and mountain man ethos of every man for himself and show instead how we must create new narratives of cooperation if we are to survive in this spare and beautiful country The writers seek to define the essence of both actual and metaphoric wilderness as they journey toward a West that might honestly be called home A collective declaration not of our independence but of our interdependence with the land and with each other West of 98 opens up a whole new panorama of the western experience *Administration Report* Madras (India : State).
