The Theological Intentions of Mark's Literary Devices Dean B. Deppe,2015-10-22 What sets The Theological Intentions of Mark s Literary Devices apart from other books What niche does it fill that makes its publication important This volume will interest all those who value a literary approach to the Gospel of Mark Dean Deppe introduces some new literary devices in the research of the Gospel of Mark as well as demonstrates the theological intentions of Mark when he employs these literary devices Deppe argues that Mark employs the literary devices of intercalation framework allusionary repetitions narrative surprises and three types of mirroring to indicate where he speaks symbolically and metaphorically at two levels Mark employs these literary devices not just for dramatic tension and irony but also for theological reasons to apply the Jesus tradition to specific problems in his own day *The Portrayals of the Pharisees in the Gospels and Acts* Mary Marshall,2014-11-19 The first five books of the New Testament contain a large proportion of all uses of the term Farisai oj in extant literature In the light of growing scepticism among historians of Judaism over the accuracy and legitimacy of reconstructions of the Pharisees of history Mary Marshall sets aside the quest for the historical Pharisees and instead offers an analysis of the portrayal of the Pharisees by each evangelist The author adopts a redaction critical approach which incorporates narrative critical observations where appropriate Her examination of the texts demonstrates the particularity of each book and its portrayal of the Pharisees The five books do not portray a monolithic body of evidence but each has its own style occasion and purpose s All New Testament portrayals of the Pharisees occupy a good deal of common ground and yet the pictures they produce are not identical Every one of the evangelists integrates the Pharisees into his own presentation of

the gospel emphasising those aspects of the Pharisees portrayal which serve his own particular concerns This study of material from the gospels and Acts yields multi faceted portraits of the Pharisees and discloses the variety of christological soteriological ecclesiological and ethical concerns with which they are associated It alerts the exegete both to the nuances within a given New Testament book and to the subtle differences between books It demonstrates the combination of fidelity and freedom with which the evangelists regarded their inherited tradition and sources The way the Pharisees are portrayed in each text is particular to that text and its purposes and therefore consideration of the Pharisees portrayal is able to enrich our understanding of the gospels and Acts more generally The Gospel According to Mark Scott Hahn, Curtis

*Bible Studies in Outline* Georgina Anne Gollock, 1911 *The Original Ending of Mark* Nicholas P Lunn, 2015-04-30 Although traditionally accepted by the church down through the centuries the longer ending of Mark's Gospel 16 9 20 has been relegated by modern scholarship to the status of a later appendage The arguments for such a view are chiefly based

upon the witness of the two earliest complete manuscripts of Mark and upon matters of language and style This work shows that these primary grounds of argumentation are inadequate It is demonstrated that the church fathers knew the Markan ending from the very earliest days well over two centuries before the earliest extant manuscripts The quantity of unique terms in the ending is also seen to fall within the parameters exhibited by undisputed Markan passages Strong indications of Markan authorship are found in the presence of specific linguistic constructions a range of literary devices and the continuation of various themes prominent within the body of the Gospel Furthermore the writings of Luke show that the Gospel of Mark known to this author contained the ending Rather than being a later addition the evidence is interpreted in terms of a textual omission occurring at a later stage in transmission probably in Egypt during the second century

**History, Literature, and Society in the Book of Acts** Ben Witherington (III), 1996-05-09 These seminal essays introduce the reader to the interdisciplinary approach of New Testament scholarship which is affecting the way the Book of Acts is studied and interpreted Insights from the social sciences narratological studies Greek and Roman rhetoric and history and classics set the Acts of the Apostles in its original historical literary and social context these methods of interpretation have not always been applied to biblical study in a systematic way The discussions from a shared general perspective range over genre and method historical and theological problems and issues of literary criticism History Literature and Society in the Book of Acts is an interesting and valuable overview of some of the chief preoccupations of biblical studies with contributions from leading scholars in the Old and New Testaments and the history of antiquity *Mark* Abraham Kuruvilla, 2012-02-24 *Mark A Theological Commentary for Preachers* engages hermeneutics for preaching employing theological exegesis that enables the preacher to utilize all the narrative units of Mark to craft effective sermons This commentary unpacks the crucial link between Scripture and application the theology of each preaching text The Gospel of Mark is therefore divided into twenty five narrative units with the theological focus of each clearly delineated The specificity of these theological ideas for their respective texts makes possible a sequential homiletical movement through each pericope of the book progressively developing the theological trajectory of Mark's theme of discipleship and enabling the expositor to discover valid application for sermons While the primary goal of the commentary is to take the preacher from text to theology it also aids in the advance from theology to sermon by providing tips for preaching and two possible sermon outlines for each of the twenty five units of the Gospel The unique approach of this work results in a theology for preaching commentary that promises to be useful for anyone teaching through Mark's Gospel with an emphasis on application **Official Gazette of the United States Patent and Trademark Office** ,1976 *Official Gazette of the United States Patent and Trademark Office* United States. and experience of educators within an all boys Catholic college suffering an unprecedented decline in enrolment numbers In short it was a school in survival mode Drawing on Dorothy Smith s scholarship on Institutional Ethnography the authors document how the school operated and how its efforts to survive influenced the daily work of educators Institutional ethnography reveals the school as a bounded space subject to a variety of competing local and translocal forces that are historical political and economic in nature Exploring the discursive and material effects of policy on both the work and identities of educators the authors illustrate how the everyday experience of being an educator is shaped by marketisation and how leaders engage in stratagems to promote the school as a vehicle of educational excellence and quality to lure clientele Building on existing scholarship in educational policy studies and new public management Working in a Survival School considers how the global marketisation of education systems is experienced in one school fighting to survive This book is of interest to educators school leaders and academics interested in policy enactment **Outline Studies in**
