Outrageous Idea Of Christian Scholarship

George M Marsden

Outrageous Idea Of Christian Scholarship:

The Outrageous Idea of Christian Scholarship George M. Marsden, 1997-03-13 At the end of his 1994 book *The Soul of the American University* George Marsden advanced a modest proposal for an enhanced role for religious faith in today's scholarship. This unsentimental postscript helped spark a heated debate that spilled out of the pages of academic journals and *The Chronicle of Higher Education* into mainstream media such as *The New York Times* and marked Marsden as one of the leading participants in the debates concerning religion and public life. Marsden now gives his proposal a fuller treatment in *The Outrageous Idea of Christian Scholarship*, a thoughtful and thought-provoking book on the relationship of religious faith and intellectual scholarship. More than a response to Marsden's critics, *The Outrageous Idea of Christian Scholarship* takes the next step towards demonstrating what the ancient relationship of faith and learning might mean for the academy today. Marsden argues forcefully that mainstream American higher education needs to be more open to explicit expressions of faith and to accept what faith means in an intellectual context. While other defining elements of a scholar's identity such as race or gender are routinely taken into consideration and welcomed as providing new perspectives, Marsden points out the perspective of the believing Christian is dismissed as irrelevant or worse antithetical to the scholarly enterprise. Marsden begins by examining why Christian perspectives are not welcome in the academy. He rebuts the various arguments commonly given for excluding religious viewpoints such as the argument that faith is insufficiently empirical for scholarly pursuits, although the idea of complete scientific objectivity is considered naive in most fields today. The fear that traditional Christianity will reassert its historical role as oppressor of divergent views and the received dogma of the separation of church and state, which stretches far beyond the actual law in the popular imagination, Marsden insists that scholars have both a religious and an intellectual obligation not to leave their deeply held religious beliefs at the gate of the academy. Such beliefs, he contends, can make a significant difference in scholarship, in campus life, and in countless other ways. Perhaps most importantly, Christian scholars have both the responsibility and the intellectual ammunition to argue against some of the prevailing ideologies held uncritically by many in the academy, such as naturalistic reductionism or unthinking moral relativism. Contemporary university culture is hollow at its core, Marsden writes. Not only does it lack a spiritual center, but it is without any real alternative. He argues that a religiously diverse culture will be an intellectually richer one, and it is time that scholars and institutions who take the intellectual dimensions of their faith seriously become active participants in the highest level of academic discourse. Whether the reader agrees or disagrees with this conclusion, Marsden's thoughtful, well-argued book is necessary reading for all sides of the debate on religion's role in education and culture.

[The Outrageous Idea of Christian Scholarship](#) George M. Marsden, 2024 **The Outrageous Idea of Christian Scholarship, 2e** George M. Marsden, 2024-04-05 First published in 1997, *The Outrageous Idea of Christian Scholarship* is a landmark work that offered a bold call to re-establish Christian perspectives in academia. For this second edition, George M. Marsden has added a new

preface as well as an entirely new chapter reflecting on the changing landscape of academia in the quarter century since the book first appeared The Outrageous Idea of Christian Scholarship George M. Marsden,1997 In this book Marsden argues forcefully that mainstream American higher education needs to be more open to explicit expressions of faith and to accept what faith means in an intellectual context The Outrageous Idea of Christian Scholarship George M. Marsden,1997 In this book Marsden responds to critics of his The Soul of the American University tries to explain how without moralizing or heavy handed dogmatism Christian faith can be of great relevance to contemporary scholarship of the highest standards

The outrageous idea of Christian scholarship [Korean] George M. Marsden,2000 **The Outrageous Idea of Christian Teaching** Perry Lynn Glanzer,Nathan F. Alleman,George M. Marsden,2019 Thousands of professors claim Christian as their primary identity and teaching as their primary vocational responsibility But how does being a Christian change one s teaching Indeed should it The Outrageous Idea of the Christian Teacher explores the responses of more than 2 300 Christian professors from 48 different institutions across North America to find out **Christian Scholarship in the Twenty-First Century** Thomas M. Crisp,Steve L. Porter,Gregg A. Ten Elshof,2014-09-19 The Christian tradition provides a wealth of insight into perennial human questions about the shape of the good life human happiness virtue justice wealth and poverty spiritual growth and much else besides and Christian scholars can do great good by bringing that rich tradition into conversation with the broader culture But what is the nature and purpose of distinctively Christian scholarship and what does that imply for the life and calling of the Christian scholar What is it about Christian scholarship that makes it Christian Ten eminent scholars grapple with such questions in this volume They offer deep and thought provoking discussions of the habits and commitments of the Christian scholar the methodology and pedagogy of Christian scholarship the role of the Holy Spirit in education Christian approaches to art and literature and more CONTRIBUTORS Jonathan A Anderson Dariusz M Brycko Natasha Duquette M Elizabeth Lewis Hall George Hunsinger Paul K Moser Alvin Plantinga Craig J Slane Nicholas Wolterstorff Amos Yong **The Outrageous Idea of Academic Faithfulness** Donald Opitz,Derek Melleby,2007-07 Most Christian college students separate their academic life from church attendance Bible study and prayer Too often discipleship of the mind is overlooked if not ignored altogether However authors Donald Opitz and Derek Melleby issue a clarion call to students to integrate their faith and learning in The Outrageous Idea of Academic Faithfulness Colossians 2 3 after all indicates that in Christ himself are all treasures of wisdom and knowledge In eight succinct chapters the authors stress the importance of academic discipleship and taking studies seriously According to Opitz and Melleby a Christian worldview or biblical gestalt brings unity to the fragmented curriculum of higher education Each breezy chapter concludes with thought provoking discussion questions as well as recommendations for further reading Written for a narrative generation this guide extracts illustrations from the Book of Daniel The Lord of the Rings the experiences of real students and more This book is an excellent gift for college bound seniors in high school It s an essential text for first year college students too Last The

Outrageous Idea of Academic Faithfulness will benefit professors pastors and parents Publisher *In Academia for the Church* Ábrahám Kovács,Zoltán Schwáb,2014-08-14 Tension between theory and practice in theological education is an unfortunate yet common occurrence with educators sometimes finding themselves on one extreme or the other Some academics can be so immersed in high level theological discourse that they hardly interact with the main questions of the average church goer while others are so keen to be engaging and relevant they fail to be rigorous in their scholarship Regardless of the reasons the results are the same failure to present the good news with a powerful credible voice To address this tension between academia and the church a group of Eastern European theologians came together in the spring of 2013 in Bereksd Hungary This publication is a collection of 10 edited papers presented at that conference While topics are addressed from a European context the principles behind them are far reaching providing important insight for the global church and academy alike *Christianity and Education* David Emmanuel Singh,Bernard C. Farr,2011 Tracing the Lines Robert Sweetman,2016-08-23 Tracing the Lines takes on the project of what Christian scholarship is and should be today It does so however with an eye to locating similarities in the rich tradition the last nearly two thousand years of Christian scholarship has given birth to With humility and a sympathetic ear Sweetman traces the way certain lines of thought have developed over time showing their strengths their weaknesses and their motivation for shaping Christian scholarship in particular ways Though he locates his own thought within a particular one of these streams he shows how all of them have contributed in different ways to the formation of the work of Christian scholarship Offering in the end an understanding of Christian scholarship as scholarship attuned to the shape of our Christian hearts this book reaches across disciplines to connect Christians engaged in scholarship in all areas of the academy whether at public or private institutions **Matty: An American Hero** Ray Robinson,1994-12-08 When all time pitching great Christy Mathewson died of tuberculosis in 1925 at the age of 45 it touched off a wave of national mourning that remains without precedent for an American athlete The World Series was underway and the game the day after Mathewson s death took on the trappings of a state funeral officials slowly lowered the flag to half mast each ballplayer wore a black armband and fans joined together in a chorus of Nearer My God to Thee Newspaper editorials recalled Mathewson s glorious career with the New York Giants but also emphasized his unstinting good sportsmanship and voluntary service in World War I The pitcher known to one and all as Matty or Big Six was as beloved for the strength of character he brought to the national pastime as for his stunning 373 career victories I do not expect to see his like again said his best friend and former manager John McGraw But I do know that the example he set and the imprint he left on the sport that he loved and honored will remain long after I am gone In Matty Ray Robinson tells the story of a man who became America s first authentic sports hero Until Mathewson Robinson reveals Americans loved baseball but looked down on ballplayers and other athletes as hard drinking skirt chasing ne er do wells Deprived of real life role models millions of readers followed the serialized exploits of Frank Merriwell a fictional hero who excelled at sports from

baseball to billiards and never drank smoke or swore Robinson shows how an eager public greeted Mathewson as a flesh and blood version of Merriwell from his first year at Bucknell University where he shone as star pitcher premier field goal kicker and class president Lured into the big leagues before he could graduate the tall handsome pitcher soon won over men women and children with his sense of fair play and his arsenal of blazing fastballs sweeping curves and infamously deceptive fadeaway pitches Robinson skillfully details the highlights of Mathewson s career including his showdowns against the great batters of his day and his encounters with the young Brooklyn Chicago Pittsburgh and St Louis teams Here are the six remarkable days in October 1905 when Mathewson became the only pitcher ever to hurl three straight shutouts in a World Series and the afternoon at West Point when he won 50 in a bet that he could throw 20 of his best pitches to exactly the same spot Robinson does not underplay Mathewson s occasional failings but the most surprising aspect of this fascinating portrait is just how close America s first Hall of Fame pitcher came to living up to his image Drawing on rare interviews press clips and long overlooked eyewitness accounts Matty brings baseball s golden age to life not only the great teams and the early superstars but the long train trips between games with cramped berths and no air conditioning the small town ballplayers let loose amidst big city vice and the two bit gambling that eventually led to the infamous Black Sox Scandal of the 1919 Series a scandal that might have escaped detection if the sportswriters in the press box with Mathewson had not been able to rely on his experienced eye for clues to how ballplayers might throw games Offering rare insight into the making of an early twentieth century American hero Matty is must reading for anyone who loves baseball

The Age of Evangelicalism

Steven P. Miller, 2014-04-10 At the start of the twenty first century America was awash in a sea of evangelical talk The Purpose Driven Life Joel Osteen The Left Behind novels George W Bush Evangelicalism had become so powerful and pervasive that political scientist Alan Wolfe wrote of a sense in which we are all evangelicals now Steven P Miller offers a dramatically different perspective the Bush years he argues did not mark the pinnacle of evangelical influence but rather the beginning of its decline The Age of Evangelicalism chronicles the place and meaning of evangelical Christianity in America since 1970 a period Miller defines as America s born again years This was a time of evangelical scares born again spectacles and battles over faith in the public square From the Jesus chic of the 1970s to the satanism panic of the 1980s the culture wars of the 1990s and the faith based vogue of the early 2000s evangelicalism expanded beyond churches and entered the mainstream in ways both subtly and obviously influential Born again Christianity permeated nearly every area of American life It was broad enough to encompass Hal Lindsey s doomsday prophecies and Marabel Morgan s sex advice Jerry Falwell and Jimmy Carter It made an unlikely convert of Bob Dylan and an unlikely president of a divorced Hollywood actor As Miller shows evangelicalism influenced not only its devotees but its many detractors religious conservatives secular liberals and just about everyone in between The Age of Evangelicalism contained multitudes it was the age of Christian hippies and the silent majority of Footloose and The Passion of the Christ of Tammy Faye Bakker the disgraced televangelist and Tammy Faye

Messner the gay icon Barack Obama was as much a part of it as Billy Graham The Age of Evangelicalism tells the captivating story of how born again Christianity shaped the cultural and political climate in which millions of Americans came to terms with their times

Faith and Secularisation in Religious Colleges and Universities James Arthur, 2006-09-27 This book is a detailed study of higher education institutions affiliated to particular religions It considers the debates surrounding academic freedom institutional governance educational policy mission and identity together with institutions relations with the state and their wider communities A wide range of institutions are examined including Christian Islamic and Jewish universities in the US Europe and the Middle East Essentially this volume questions whether such institutions can be both religious and a university and also considers the appropriate role of religious faith within colleges and universities

A Patterned Life Eileen Bebbington, 2014-10-20 David Bebbington one of the most influential historians working today is widely acknowledged as a world authority on religious history He is also recognized for having devised the Bebbington Quadrilateral as the standard definition of evangelicalism one of the most important global religious movements of the twenty first century In this lively study Eileen Bebbington who first met her husband as an undergraduate at the University of Cambridge over forty years ago paints a vivid portrait of the life and thought of this leading scholar Many who know Professor Bebbington s most celebrated books such as *Evangelicalism in Modern Britain* *Patterns in History* *The Mind of Gladstone* and *Victorian Religious Revivals* will be delighted to learn that his first such effort was actually *A History of the Ancient World with Which Is Incorporated Classical Mythology* a duly footnoted four volume work written at the age of nine *A Patterned Life* is much more than an account of the intellectual development of a preeminent historian it is a study of a life lived as a disciple of Jesus Christ a human and often humorous account of eccentricities an honest acknowledgment of trials and an inspiring witness to one person s efforts to integrate a deep earnest Christian faith with the best of modern thought

The Genealogy of Violence Charles K. Bellinger, 2001-05-03 Bellinger draws on the thought of Soren Kierkegaard and Ren Girard in search of a Christian understanding of the roots of violence After analysing approaches to understanding violence he goes on to consider Kierkegaard as a theorist of violence

Religious Advocacy and American History Bruce Kuklick, Darryl G. Hart, 1997 *Religious Advocacy and American History* explores the general question of bias and objectivity in higher learning from the perspective of the role of religious convictions in the study of American history

Christian Worldview and the Academic Disciplines Deane E. D. Downey, Stanley E. Porter, 2009-04-15 This book an edited compilation of twenty nine essays focuses on the difference s that a Christian worldview makes for the disciplines or subject areas normally taught in liberal arts colleges and universities Three initial chapters of introductory material are followed by twenty six essays each dealing with the essential elements or issues in the academic discipline involved These individual essays on each discipline are a unique element of this book These essays also treat some of the specific differences in perspective or procedure that a biblically informed Christian perspective brings to each discipline *Christian Worldview and the Academic Disciplines* is

intended principally as an introductory textbook in Christian worldview courses for Christian college or university students. This volume will also be of interest to Christian students in secular post secondary institutions who may be encountering challenges to their faith both implicit and explicit from peers or professors who assume that holding a strong Christian faith and pursuing a rigorous college or university education are essentially incompatible. This book should also be helpful for college and university professors who embrace the Christian faith but whose post secondary academic background because of its secular orientation has left them inadequately prepared to intelligently apply the implications of their faith to their particular academic specialty. Such specialists be they professors or upper level graduate students will find the extensive bibliographies of recent scholarship at the end of the individual chapters particularly helpful.

Re-Forming History Mark Sandle, William Van Arragon, 2019-05-23. Does the discipline of history need a reformation? How should Christian faith shape the ways historians do their work? This book, written for students, considers the how of doing history. The authors first examine the current liturgies of the historical profession and suggest that the discipline is in crisis. They argue for reformed Christian practices and methodologies for history. The book asks important questions: why do we do history and for whom? How should faith shape how we do our research and tell stories? What do we owe the dead? How should Christian historians practice dangerous memory? And how can Christian historians do justice, love, mercy, and walk humbly with God? How might we rethink, reform, renew, reimagine, and re practice the study of the past? Christian historians must be sentinels of hope against the world's forgetfulness, the authors argue, and this book offers some pathways for rethinking our practices from a Christian perspective.

The Enigmatic Realm of **Outrageous Idea Of Christian Scholarship**: Unleashing the Language is Inner Magic

In a fast-paced digital era where connections and knowledge intertwine, the enigmatic realm of language reveals its inherent magic. Its capacity to stir emotions, ignite contemplation, and catalyze profound transformations is nothing in short supply of extraordinary. Within the captivating pages of **Outrageous Idea Of Christian Scholarship** a literary masterpiece penned by a renowned author, readers set about a transformative journey, unlocking the secrets and untapped potential embedded within each word. In this evaluation, we shall explore the book's core themes, assess its distinct writing style, and delve into its lasting effect on the hearts and minds of those that partake in its reading experience.
