for the novel in order to portray the inner life Woolf considered poetry the rival form to the novel A monograph on Woolf's sense of genre rivalry thus offers a thorough reinterpretation of the motivations and aims of her canonical work Drawing on unpublished archival material and little known publications the book combines biography book history formal analysis genetic criticism source study and feminist literary history Woolf's attitude towards poetry is framed within contexts of wide scholarly interest the decline of the lyric poem the rise of the novel the gendered associations with these two genres elegy in prose and verse and the history of English Studies Virginia Woolf and Poetry makes three important contributions It clarifies a major prompt for Woolf's poetic prose It exposes the genre rivalry that was creatively generative to many modernist writers And it details how holding an ideology of a genre can shape literary debates and aesthetics

Auden's Interwar Poetry Ladislav Vít, 2021-12-14 This is the first book length study foregrounding Auden's sense of place as a means for enhancing our grasp of this crucial twentieth century poet Proposing that Auden had a remarkable spatial sensibility this book concentrates on his treatment of his homeland England as well as the North Pennines and Iceland both of which served as his good places holy grounds and sources of topophilic sentiment The readings draw on the scholarship of humanistic geography tracing patterns of mental constructs which emerge from spatial experience In a scholarly but engaging way this book argues that focusing on Auden's poetics of place as it emerged and evolved can be instrumental to our understanding of this influential poet not only in relation to his epoch but also to the Anglophone poetic tradition Precisely because of his stature these elaborations on Auden's preoccupation with places escapism borders and local identity promise to enrich our understanding of the cultural and intellectual climate of the interwar period when established notions of local places and cultures were beginning to be contested by internationalisation This study will be of interest to both academics and students in the field of Anglophone literary studies while also appealing to those attracted to Auden's poetry interwar culture and the literary representation of space
