Scriptures Of East:

The Doctrine of Scripture Brad East, 2021-08-27 When Holy Scripture is read aloud in the liturgy the church confesses with joy and thanksgiving that it has heard the word of the Lord What does it mean to make that confession And why does it occasion praise The doctrine of Scripture is a theological investigation into those and related questions and this book is an exploration of that doctrine It argues backward from the church's liturgical practice presupposing the truth of the Christian confession namely that the canon does in fact mediate the living word of the risen Christ to and for his people What must be true of the sacred texts of Old and New Testament alike for such confession and the practices of worship in which they are embedded to be warranted By way of an answer the book examines six aspects of the doctrine of Scripture its source nature attributes ends interpretation and authority The result is a catholic and ecumenical presentation of the historic understanding of the Bible common to the people of God across the centuries an understanding rooted in the church's sacred tradition in service to the gospel and redounding to the glory of the triune God Reports of the British and Foreign Bible Society, 1822 Report of the British and Foreign Bible Society, with Extracts of Correspondence British and Foreign Bible Society, 1819 *The Scripture Gazetteer* William Fleming, 1837 Esoteric Buddhism and Texts Jinhua Chen, 2024-02-08 This book explores trans cultural and cross border transmission and transformation of Esoteric Buddhism in East Asia focusing on its manuscript culture and the transborder transmission of Esoteric Buddhist texts In East Asia Esoteric Buddhism's influences can be seen across all levels of society not only in that it achieved a recognizable sectarian identity but also because elements of esoteric teachings were absorbed by other religious schools influencing their philosophical tenets and everyday practices The influence was not confined to the religious sphere scholars have been paying more and more attention to the significance of Tang Esoteric Buddhism in relation to material culture and the dissemination of Esoteric Buddhist technologies in South Central and East Asia No matter how one looks at a ma ala an integral feature of esoteric practice or the uncannily expressive statues of Buddhas Bodhisattvas or Yidam that come in all shapes and sizes or the murals that depict the variegated mysterious themes of the esoteric tradition one can always recognise the profound connection between art and Esoteric Buddhism Esoteric influences also abound in East Asian literature across different genres displaying its unique characters both in poetry and prose Likewise in architecture one can readily make out the enigmatic colorful and distinctive elements characteristic of the esoteric tradition Monks initiated into the esoteric lineages not only brought Buddhist classics and practices to China but also advanced knowledge in astronomy calendrical calculations and mathematical theories The chapters in this volume focus on two major aspects of textual Esoteric Buddhism its manuscript culture and transborder transmission This book will be beneficial to advanced students and researchers interested in Religious Studies History and Buddhist studies It was originally published as a special issue of *Studies in Chinese Religions* **The Oxford Handbook of the Bible in Korea** Won W.
