contractor with my own business savvy and rules I was very naive then I was 21 In any event I had the epiphany that there must be a huge market for small firms that needed someone that they could keep on retainer and wouldn't have to pay them as an employee The firm could sign up for whatever contract that they wanted 1 month to 1 year And I could charge whatever I felt comfortable with so long as the market could bear it I later understood this to mean whatever most clients will pay for my services And so my firm Telemarketing Consulting Services was born In the beginning I had no idea what to charge so I decided to charge just slightly more than what I made as a telemarketer 6.66 per hour Again I was 21 I didn't know nuthin Pretty soon I was signing up everything from contractors to janitorial services to computer based companies After awhile my clients referred their clients to me For a long while I couldn't keep up with demand What I enjoyed most was the diversity in clientele No two clients were the same and the ironic part was that I was working in industries that I knew nothing about Insurance graphic design printing it didn't matter Over the years I was pretty content to simply handle the clients and make the money I had given myself substantial raises since that first year until one of my clients had some specific interest in learning how to do what I do So he hired me to train not only himself but also his staff Naturally I charged more for this service I finally started to wise up and became a consultant Along the way I began to realize yet again that there was a great many people looking for information in a written form Some of them were already clients and others were simply interested in learning the art of setting the appointment So once again necessity being the mother of invention The Telemarketing Newsletter was born This became a real way for me to get information across to the masses satisfy a long standing dream of mine publishing and maybe pick up a few extra clients along the way Telemarketing News became a monthly resource of information to get the tools one needed without signing up for a lengthy and costly telemarketing seminar And while the

Get Your Self Scam Free Robert C. Worstell, 2010-01-06 How do you quit being a victim to every slick telemarketer out there Is there anyway to see a scam and get out of their way I've been there and done that There are reasons people have been trained into being dupes And all these reasons can be untrained as well if you know how I wrote this book based on the research I did to dig myself out of the hole I had been scammed into I decided not to get mad or get even just get my money back somehow write up what I had encountered and then move on And writing this book is part of moving on While I've put the bulk of this data into several blogs ebooks presentations papers and so on I've decided to cobble it all together into a single book so that people can get this data without having to go through what I did Our job here is not just getting our own lives free from scammers and rip off artists but it's making this planet we live on a bit safer place for everyone else Buy this book today and get more freedom

The novel begins with Richard Paffen, a bright but troubled young man, arriving at Hampden College. Richard is immediately drawn to the group of students who call themselves the Classics Club. The club is led by Henry Winter, a brilliant and charismatic young man. Henry is obsessed with Greek mythology and philosophy, and he quickly draws Richard into his world. The other members of the Classics Club are equally as fascinating. Bunny Corcoran is a wealthy and spoiled young man who is always looking for a good time. Charles Tavis is a quiet and reserved young man who is deeply in love with Henry. Camilla Macaulay is a beautiful and intelligent young woman who is drawn to the power and danger of the Classics Club. The students are all deeply in love with Morrow, and they are willing to do anything to please him. Morrow is a complex and mysterious figure, and he seems to be manipulating the students for his own purposes. As the students become more involved with Morrow, they begin to commit increasingly dangerous acts.

The Secret History is a masterful and suspenseful novel that will keep you wondering until the very end. The novel is a cautionary tale about the dangers of obsession and the power of evil.
