F. Boshier,2010-04 During the century 1850 1950 Vancouver Island attracted Imperial officers and other Imperials from India the British Isles and elsewhere in the Empire Victoria was the main British port on the north west Pacific Coast for forty years before the city of Vancouver was founded in 1886 to be the coastal terminus of the Canadian Pacific Railway These two coastal cities were historically and geographically different The Island joined Canada in 1871 and thirty five years later the Royal Navy withdrew from Esquimalt but Island communities did not lose their Imperial character until the 1950s P 4 of cover Maritime History at the Crossroads Frank Broeze,2017-10-18 This volume seeks to critically review the contemporary state of maritime historiography as it stands at the volume s publication date of 1995 The volume is comprised of thirteen essays each focused on the recent research into the maritime concerns of a particular geographical location listed as follows Australia Canada China Denmark Germany Greece Ibero America India the Netherlands the Ottoman Empire Spain the United States and a final chapter concerning historians and maritime labour in Britain Australia and New Zealand One concern made evident by the collection is the lack of stable identity and cohesive aims within maritime history the subject holds many conflicting definitions and concepts The purpose of this volume is to explore the recent developments in maritime history plus the growth of scholarly interest to provide a beacon and stimulus for future work and to clearly direct and define maritime historiography toward a solid position in the field of history **Loyal Service** Bernd Horn,Roch Legault,2007-02-28 French Canadians have a long proud history of serving their nation From the earliest beginnings French Canadians assisted in carving out and defending the nascent country They were critical as defenders and as allies against hostile Natives and competing European powers In the aftermath of the conquest they continued albeit under a different flag

to defend Canada Loyal Service examines the service of a number of French Canadian leaders and their contributions to the nation during times of peace crisis and conflict spanning the entire historical spectrum from New France to the end of the twentieth century Learning to Love the Bomb Sean M. Maloney,2007 In Learning to Love the Bomb Sean M Maloney explores the controversial subject of Canada s acquisition of nuclear weapons during the Cold War Based on newly declassified Canadian and U S documents it examines policy strategy operational and technical matters and weaves these seemingly disparate elements into a compelling story that finally unlocks several Cold War mysteries For example while U S military forces during the 1962 Cuban Missile Crisis were focused on the Caribbean Sea and the southeastern United States Canadian forces assumed responsibility for defending the northern United States with aircraft armed with nuclear depth charges flying patrols and guarding against missile attack by Soviet submarines This defensive strategy was a closely guarded secret because it conflicted with Canada s image as a peacekeeper and therefore a more passive member of NATO than its ally to the south It is revealed here for the first time The place of nuclear weapons in Canadian history has until now been a highly secret and misunderstood field subject to rumor rhetoric half truths and propaganda Learning to Love the Bomb reveals the truth about Canada s role as a nuclear power **Behind the Glory** Ted Barris,2010-10-26 In this 60th anniversary edition is Ted Barris telling of the unique story of Canada s largest World War II expenditure 1.75 billion in a Commonwealth wide training scheme based in Canada that supplied the Allied air war with nearly a quarter of a million qualified airmen Within its five year life span the BCATP supplied a continuous flow of battle ready pilots navigators wireless radio operators air gunners flight engineers riggers and fitters or more commonly known as ground crew principally for the RCAF and RAF as well as the USAAF While the story of so many men graduating from the most impressive air training scheme in history is compelling enough Ted Barris offers the untold story of the instructors the men behind the glory who taught those airmen the vital air force trades that ensure Allied victory over Europe North Africa and the Pacific In Winston Churchill s words the BCATP proved the decisive factor in winning the Second World War This 60th anniversary edition arrives as Canada continues to celebrate 2005 as the Year of the Veteran Ted Barris interviewed more than 200 instructors and using their anecdotes and viewpoints he recounts the story of the flyers who coped with the dangers of training missions and the frustration of fighting the war thousands of miles away from the front without losing their enthusiasm for flying

Breaking the Silence Ted Barris,2011-10-10 Never talked about it That s what most people say when they re asked if the veteran in the family ever shared wartime experiences Describing combat imprisonment or lost comrades from the World Wars the Korea War or even Afghanistan is reserved for Remembrance Day or the Legion lounge Nobody was ever supposed to see them get emotional show their vulnerability Nobody was ever to know the hell of their war About 25 years ago Ted Barris began breaking through the silence Because of his unique interviewing skills he found that veterans would talk to him set the record straight and put a face on the service and sacrifice of men and women in uniform As a result of his work on 15

previous books Barris has earned a reputation of trust among Canada's veterans. Indeed over the years nearly 3 000 of them have shared their memories all offering original material for his books. Among other revelations in *Breaking the Silence* veterans of the Great War reflect on an extraordinary first Armistice in 1918 decorated Second World War fighter pilots talk about their thirst for blood in the sky Canadian POWs explain how they survived Chinese attempts to brainwash them during the Korean War and soldiers with the Afghanistan mission talk about the horrors of the friendly fire incident near Kandahar. *Breaking the Silence* is a ground breaking book that goes to the heart of veterans war time experiences. "Our Gallant Doctor" James Goodwin, 2007-04-30 During the Battle of the Atlantic Dr George Hendry had just finished performing two major surgical operations on board the destroyer HMCS Ottawa when his ship was ambushed by 13 German U boats. Canadian warships like Ottawa had inadequate radar sets that were incapable of detecting submarines approaching in the dark. On September 13 1942 U 91 stole in and torpedoed Ottawa sinking her in 20 minutes utterly exhausted Dr Hendry was lost along with 113 of his shipmates. George Hendry was a much loved man a great university athlete and a very good doctor. Unfortunately he was also naive and too trusting. One night in January 1941 he committed a very foolish indiscretion. He would spend the rest of his tragically short life making amends for this mistake. *Too Young to Die* John Boileau, Dan Black, 2016-10-03 John Boileau and Dan Black tell the stories of some of the 30 000 underage youths some as young as fourteen who joined the Canadian Armed Forces in the Second World War. This is the companion volume to the authors popular 2013 book *Old Enough to Fight* about boy soldiers in the First World War. Like their predecessors a

generation before these boys managed to enlist despite their youth Most went on to face action overseas in what would become the deadliest military conflict in human history They enlisted for a myriad of personal reasons ranging from the appeal of earning regular pay after the unemployment and poverty of the Depression to the desire to avenge the death of a brother or father killed overseas Canada's boy soldiers sailors and airmen saw themselves contributing to the war effort in a visible meaningful way even when that meant taking on very adult risks and dangers of combat Meticulously researched and extensively illustrated with photographs personal documents and specially commissioned maps *Too Young to Die* provides a touching and fascinating perspective on the Canadian experience in the Second World War Among the individuals whose stories are told Ken Ewing at age sixteen taken prisoner at Hong Kong and then a teenager in a Japanese prisoner of war camp Ralph Frayne so determined to fight that he enlisted in the army navy and Merchant Navy all before the age of seventeen Robert Boulanger at age eighteen the youngest Canadian to die on the Dieppe beaches

Left, Right Engler Yves Engler, 2019-10-15 The left is supposed to be opposed to colonialism and at least skeptical of nationalism However Left Right shows that for decades now this hasn't been the case in Canada Yves Engler marshals damning detail on the long surprising history of support from the New Democratic Party and labor unions for such policies and international interventions as the coup in Haiti the assassination of Patrice Lumumba the Bay of Pigs invasion the Korean War and much more The rhetoric of the mainstream left he shows has also tended to concede major points to the dominant war mongering ideology with prominent commentators such as Linda McQuaig and Stephen Lewis echoing the terminology of right wing politicians and thinkers More than simply diagnosing a problem however Left Right offers a path forward laying out ways to get us working for an ecologically sound peace promoting and non exploitative foreign policy

Enigma Hugh Sebag-Montefiore, 2011-07-21 The complete story of how the German Enigma codes were broken Perfect for fans of THE IMITATION GAME the new film on Alan Turing's Enigma code starring Benedict Cumberbatch Breaking the German Enigma codes was not only about brilliant mathematicians and professors at Bletchley Park There is another aspect of the story which it is only now possible to tell It takes in the exploits of spies naval officers and ordinary British seamen who risked and in some cases lost their lives snatching the vital Enigma codebooks from under the noses of Nazi officials and from sinking German ships and submarines This book tells the whole Enigma story its original invention and use by German forces and how it was the Poles who first cracked and passed on to the British the key to the German airforce Enigma The more complicated German Navy Enigma appeared to them to be unbreakable

Fight to the Finish Tim Cook, 2015-09-29 Winner of the 2016 Ottawa Book Award The magisterial second volume of Tim Cook's definitive account of Canadians fighting in the Second World War Historian Tim Cook displays his trademark storytelling ability in the second volume of his masterful account of Canadians in World War II Cook combines an extraordinary grasp of military strategy with a deep empathy for the soldiers on the ground at sea and in the air Whether it's a minute by minute account of a gruelling artillery battle vicious

infighting among generals the scene inside a medical unit or the small details of a soldier's daily life Cook creates a compelling narrative He recounts in mesmerizing detail how the Canadian forces figured in the Allied bombing of Germany the D Day landing at Juno beach the taking of Caen and the drive south Featuring dozens of black and white photographs and moving excerpts from letters and diaries of servicemen *Fight to the Finish* is a memorable account of Canadians who fought abroad and of the home front that was changed forever **Canadian Defence Quarterly** ,1990 *King George V-Class Battleships* Daniel Knowles,2022-04-08 Following the First World War the major naval powers entered into an agreement restricting the construction of capital ships and limiting the numbers that signatories were allowed to maintain so numerous ships were scrapped or disposed of and the majority of planned vessels were either cancelled whilst being built or never laid down By the late 1920s the Royal Navy's battle force comprised of the two Nelson class ships the battlecruisers Hood Renown and Repulse and Revenge and Queen Elizabeth class ships all designed before the First World War In 1928 the Royal Navy began planning a new class of battleships which was put on hold with the signing of the Treaty of London In 1935 realising its battle fleet was becoming dated as other nations laid down new classes of battleships the Royal Navy recommenced planning capital ships within treaty limitations The result was the King George V class battleships Regarded by some as the worst new generation battleships in the Second World War the King George V class were Britain's most modern battleships during the conflict and saw action in some of the most famous engagements from the sinking of the Bismarck in 1941 to the surrender of Japan in 1945 This book charts the story of the King George V class from its conception and design through to the operational history of the ships in the class *Betrayed* Richard O. Mayne,2011-11-01 In January 1944 Vice Admiral Percy Walker Nelles was fired from his position as head of the Royal Canadian Navy *Betrayed* reveals the true story behind the dismissal a divisive power struggle between two elite groups within the RCN pitted the navy's regular officers against a small group of self appointed spokesmen for the voluntary naval reserve Threats of public scandal mass insurrection and political intimidation caused one of the worst breakdowns in Canadian civil military relations revealing complex aspects of military professionalism and leadership This fascinating investigation into the machinations of a divided navy tackles important questions of military professionalism leadership and identity *Betrayed* will appeal to readers interested in military history and security studies political science and sociology *The Enduring Crown Commonwealth* Michael J. Smith,Stephen Klimczuk-Massion,2023-05-15 The controversial Netflix series *The Crown* covers the tumultuous period from the Queen's accession in 1952 to the present day and so does this book which explores the rise decline and to some unexpected rebound of the historic UK Canada Australia and New Zealand alliance While a post Brexit and post Elizabethan Britain seeks a new role in today's volatile world its traditional partner countries also recognise the logic of reinvigorating their relationship based on a multitude of still strong cultural economic political and military ties including the monarchy as a uniquely shared global and not merely British institution But this wasn't always the case Although in the

1950s commentators spoke of a new Elizabethan Age with much postwar hope across the Commonwealth that optimism quickly faded By the 1970s many thought Britain washed up and that Crown and Commonwealth ties and allegiance were becoming obsolete Perhaps unsurprisingly the four countries increasingly went their separate ways So a groggy time traveller from that period appearing in London Toronto Sydney or Auckland today would be taken by surprise by the durability of the Crown even as it has passed to King Charles and the growing reconvergence of the four CANZUK realms in terms of trade defence foreign policy coordination freedom of movement mutual recognition of professional qualifications and other new or revived links This book evocatively tells the whole story of where we are what s possible for the future and not least how we got here In today s age of global instability and raw power politics this renewed Anglosphere Crown Commonwealth alliance is more important and relevant than ever
