Sea of Flames Anneliese Peters,2024-01-13 Despite trust being the first thing to build when dealing with dragons and magic Elarie Crosha is feared to be a monster sent to burn the pirate crew of the Greyscale alive and not even the prince may be able to keep her from becoming just another horrible beast from the depths of the terrifying sea If it weren't for her frightening ability to return from the dead Elarie would be an asset to not only the Dragon Prince but the captain with a dangerous magic brewing within him Still the prince is desperate for knowledge and if he has to use a dragon to learn her secrets he'll make the best of friends Elarie's connection to the great beasts is his key to understanding his own making her his only hope for learning to ride and trust a frayed connection As he finds that she isn't what he assumed Calix begins to lose his way and a new friendship may lead to a split between himself the crew and his best friend Even with god-like magic causing pain to run through his body Kaelum finds it difficult to trust anything Elarie tells him about what he inherited The captain doesn't trust her any more than he trusts the open mouth of the dragon sleeping on his deck but he needs her If he doesn't learn control quickly it could mean the death of his crew and the love of his life Trust only proves harder to build as monsters of many creations battle the ship and Elarie's secrets begin to unravel Only a few weeks of growth may not be enough to save her budding relationships before it all burns down Time runs out even for immortals **Tongues of Flame**
